

No 1 Yes, It is more convenient to make the order in
Open Alliance as it makes less trouble. But
Members have a right to order between meetings of the
Alliance if they desire.

No 2. Yes, It is the business of the B. Agent to order
goods when needed, and his order is worth nothing
unless sealed. If the Agent is afraid of
uneasy about the pay, he can make the
brother ordering advance him the pay for the goods.
When the Alliance orders he then has its authority that the
money will be ready when the goods arrive.

Dear Bro Bear

I hand you my interpretation
of the questions. Those appeals from Orange County
are irregular the testimony and proceedings of
Court below not coming with papers.

There is no provision in the Constitution for trial
against an Alliance or a body. Consequently J. C.
have no jurisdiction.

Art 14 Sec 1 & 2, puts the organization in charge
of the Lecturer and empowers him to "correct irreg-
ularities." He should be ordered to investigate the
case and if the organization was illegal should

recommend to you to recall the Charter. This is
very plain to me Art. 9. Sec 2 lines 13. 14 + part 15
If you desire I will submit the case to each mem-
ber of the Com. The case handed me by you when the
sentence for misbehavior of officers is to revoke Charter
is frivolous. The offending individual should be prosecuted
against. and if Alliance fails abide final decision
then it can be excluded. As soon as I get the
papers I have written for I will send you full
Statement. No news of my mine buyer yet, but I
am still in hopes.

A. Merry Christmas to You and Yours

Truly & Sincerely

W. A. Graham
