Chas Carr, Pres. F.S.A

Old Sparta N.C.

Dear Sir & Br,

I write again to trouble you with some questions. (By the way don't you think our constitution too indefinite on a good many points). I wish will the resolutions agreed upon by the National Alliance and Knights of Labor at St. Louis be submitted to the subordinates, or are they expected to act spontaneously?

How should we proceed in the case when ~~the~~ a person asks for membership upon a denial should his petition be referred to a com. or not? How about denials without Seal of Alliance? It seems to me that our state organ is going too far in the discussion of the tariff vide How, Wm. L. Wilson article in Progressive Farmer of Dec. 24. We are an Alliance composed of all shades of opinion on this portizian question, all Republicans, many set down as protectionists and some Democrats. I myself believe in that policy.

but all the discussion is on the pro trade side
and loose like an effort to align the alliance
with the democratic party. Now I am a democrat
but I really don't think that is right or for the
best interests of the alliance.

Yours truly & fraternally
J. Hale Weaver Pres Everett
Alliance No. 1370.
