To Sir & Bro

Permit me to address
a few lines to you for information
our Alliance of Cumberland County
have through a meeting of the
officers recommended the within
printed By Laws to be acted on
at our next County Meeting
Oct-4th and I haven't time to
ask these questions and get your
answer before the Meeting
through our organ the Farmer.
so you will please do me the
kindness to read them & give
me your views as to what you
think of them, we desire
to do or sanction any act
that would give offence to the
members or would cause a
falling of from order, which
I feel confident will be the
case if said By Laws are
adopted you may lead & persuade
men but will not do to force
or lay a pine for just
over

performing a duty that they
get nothing for performing
we want a must have members
and would like to have them
come up to their obligations
but not had better not force
give me your views at
once as I know you don't
want the order to die on your
hands address
