Airlie N.C. 4.8.91

Elias Carr Esq
My dear Sir & Bro

Yrs of 28th
ult. I found on reaching
home last evening & I am
off again this morning.
You will see from publica-
tion in Prog Farmer, that I had
seen the trouble & corrected
it. Messrs Craven Jones Lewis
& Green held Union County
meetings at my appoint-
ment & I still believe that
it would have been best,
had no objection been
raised, at each of these meet-
ings. Some one
moved to elected new county
Execs. which had better
be done at a regular meeting
It is absolutely necessary to
have active live men as County

lectures, in order to meet the demand for this work I feel my efforts encouraged, I am anxious to see Gov I will get to your lectures as soon as I can

Hastily Fraternally
