

"The Gladstone." 11th & Pine Sts Philad^a Pa.
Nov 17th 1891

Mr

I will Forward to you
tomorrow the Geol. County Maps of Penn^a,
which you will please accept from me,
I called to see your son in Washington on
last Friday, but he was not in.

I think he would enjoy reading the book on
Mental Philosophy written by my brother
James M. Willcox. He will find it in the
Congressional Library in Washington.

I did not have much success in col-
lecting Fossils after I left your place.

The southeastern Counties are more productive
of them. I again take this opportunity to thank
you for many favors. Yours very truly
Joseph Willcox
