Hon. Elias Carr,
Tarboro, N.C.

Dear Sir:

I read tonight,
the news of your nomination
by our beloved Democratic
Party, to the Governorship of
my dear native state, which
means, and ought, by all that
is good for the well fare of
its interest, your reigning in
that capacity. Although not
personally acquainted with
you, it fills my young
heart with pride to know
that like the late Gov. Foster,
who he myself, was originally
a Washingtonian, that you
so close to the same old
town, and like my father,

a tiller of the soil, should
be the selected one from all
the states great men.

Regretting, that I cannot
cast a vote in your behalf,
I trust you to those I left
behind, my, and hope the
National Convention will so
arrange as to allow yours &
my ballots to care each
other in the name of Grover
Cleveland.

Yours &c
