My dear Sir

It is with much
pleasure that I have just
heard of your nomination
through the Chicago Herald.
I think (you & know) that the
party has done the best thing
possible in naming you as our
candidate, as I think you are
best able to harmonize all the
factions, as perhaps none of the
other candidates could have done.

Your nomination yesterday is
just as I predicted to you 3 or 4
days ago, & I now predict your election
by 25000 majority.

Believe me very
& remain your very truly
A. J. Russell
