Am Elias Can.

Sir,

Permit me to congratulate you upon receiving the nomination for Governor of this your old state, & in doing so, to say that I believe I voice the sentiments of the better element of this entire County.

If I can be of service to you during the Campaign, in any way, do not hesitate to command me. And should you visit New-Berme during the Campaign as I presume you will at other times, I will be glad to have you make my home -

Wishing you & the Party every success,
I am,

Very truly, Sir
James A. Baynes
