Dear Father:

It is a coincidence that the nomine for Gov. & Lt. Gov. should be from old Sharta & Sparta respectively. But if the papers speak the truth, you will not arouse any particular enthusiasm by employing the expression "Spartan band", since that term is associated only with smallness of numbers & a desperate struggle. If however, a third party ticket for gov. is placed in the field, & you should be hard pressed, I doubt not but that it would be wise to spring it. Do you opinion what are the chances for the putting up of such a ticket, and if put up, do you think you could carry the

state, & by what majority? I am agreably surprised. I sincerely felt for you, knowing your dislike for public speaking, but your little talks have pleased me, they are right to the point, & well put. My prayer is that you may, in a measure, overcome what I know is not only unpleasant for you, but I dare say absolutely painful. I went to school with Oldham & know him very well, called on him yesterday. Woods will copy the photos. Have written to cousin Bill about the sketch.

hastily & affly

Wm.
