

May 26th 1892

Elias Carr Esqr.

Old Spartan.
N.C.

Dear Sir & Pro,

I write to express my gratification at your nomination for Governor of North Carolina. Your Election will fall due in November 1892. If we could be so fortunate in the selection and election to the Legislature and Congress as in the Governorship of N.C. we might reasonably expect

a change for the better
to the great majority
of the people of these
limited States.

I hope your advisors
and those who will be
associated with you
should you be elected
which, as I stated before
I have no doubt, will
coöperate with you in
all matters pertaining to
the management of the
Affairs of State. A good
deal depends on the
selection of a private
Secretary to any officer
especially a ruler of
a State or States, which
you will undoubtedly
consider at the proper

time.

Now G. M. Sandersline will
speak at the commencement
of The Littleton High School
to night at 8.30 P.M.

I expect to hear him
deliver his speech at
that time.

The "Progressive Farmer"
feels proud of its achieve-
ments in defeating Gov.
Holt. The paper has
more influence than
its opponents are willing
to accord. but I must
close and not further
wary your patience.

I send you one of
my bottle labels of my
Mineral Spring, which
is enjoying quite a
reputation both at home
and abroad. I am putting
it up in cases of 12
½ gal. bottles f.o.b. at
\$3.50 per case. Should
any of your people or
acquaintances want any
thing in that line they
will know where to get
it. Yours fraternally

J. E. Rue
