Dear Elias,

I write simply to say, that an old "C. G." Comrade, is happy to congratulate you on your nomination for Governor, and to say that if I can be of service in giving you any information as to matters affecting you in this Section you can depend on my doing so. I do not mean, you know, to be officious.

Your nomination is giving universal satisfaction here, and with few extreme exceptions the rank & file of the Alliance men are highly pleased & entirely satisfied. Butler passed here Saturday but he had no one to mark him as had been the case hitherto. He looked rather crestfallen. Am in Concord - Sincerely Your friend, Thos. B. Hyman
