

OFFICE OF

W. S. BLACK, D. D., Superintendent,

Oxford, N. C., June 7th 1892

Hon. Elias Carr:

Old Sparta, N.C.

Dear Sir & Bros.,

We are delighted to know that you intend being with us on the 24th of June and will certainly count on your being here; but are very sorry that you would not make us an address.

We did not hear from you in the time we expected we would so we wrote to another inviting him to address us. We thought that our letter had miscarried or that you were away from home and would not return in time.

I wish you would ask Gen. W. R. Cox to make us a short speech that day as we intend to have several short speeches also.

Very truly

W. S. Black for Committee
