Dear Elias:

I send you two photos,
today, one of hog cholera showing
flagella & the other of lock jaw
showing spores. Am afraid I
shall not be able to go to R.
Mt next week, Am very busy
here, & expect to have to go
to Richmond & Norfolk, Glad
to see you have escaped the
heavy rains that have flooded
the south for the past few
days. All join me in love.

Attyly,

Burtin,
