

My dear children I am with you
and I should like to break the way
to your friends here gathered to bless
you - yes little Mary is with me to
sing hymns and beautifully developed
and has brought her the sweet flowers
which have been gathered from the spirit
life they are her offerings to you and
they will gladden your spirits as you
return home I want you to throw
aside all fear and not let anything
disturb your harmony while you investi-
gate this subject together and draw
from it the sweet solace of hope and
truth as well as the beautiful assur-
ance of a life beyond the valley and
shadow of death - Maggie is a

sweet spirit very like your sweet
wife she has the care of your darling
son is aiding me to care for her
leading her to you and through you
enabling her to learn more of the
earthly life do not look at her picture
thinking it is like or now it is
not she is an angel here radiant
and bright and her life is both
your own and both of you will
feel that you have a star of
love upon your pathway no
matter how weary it may be
I am glad to tell you I have added
our love in great abundance with
your mother's love May I
