

Greenville. Aug 13. 1893.

Gov. Elias Carr.

Raleigh. N.C.

My dear Gov.

If there is any change to be made in the office of Oyster Commr., now held by Nelson W. Lucas, I would be very greatly obliged if you would appoint Israel B. Watson of Hyde County. Mr. Watson was a member of the Legislature which passed the original act and was one of the three persons appointed under it. He lives immediately in the Oyster section and is thoroughly informed as to the needs and wishes of those engaged in that industry.

This Democracy is beyond question
and his appointment would meet
with the approval of everybody
whose approval is worth having.

Trusting that you can see your
way to obliging me in this
particular

I have the honor to be

Very Truly

L. C. Latham

L. G.atham
