is so scarce. Mamma is very anxious for me to go this fall. If you think I am able to go this fall and remain five months is no longer please let me hear from you by return mail as Prof is waiting to hear from me. If I cannot attend he is going to give the scholarship to some body else. For five months my expenses would be \$100. With best wishes for you and family. Awaiting an early reply.

Your friend, Mary Cotten.

To get any more until I have enough to pay my board and use of piano at the College of Music in Charlotte five months any way. Prof. Geartner has offered me a great inducement to go and it is this. If I would go he would give me every thing except board and use of instrument. He gives away ten free scholarships every year so he gave me one. I would be delighted to attend the college for ten months but I fear I am not able to do so as money
