Gov. Chas. Carr:-

Dear Sir,

I was
surprised to learn that
you were at Gastonia.

You stated in your
letter that you would
be there on Saturday
night the 3rd, so I expected
you in the train from
Raleigh on Saturday 12. m.

I went to the depot pre-
pared to go with you.

Not finding you on the
train and being told by
the newspaper reporters and
the depot policeman that

you had not gone on
the Vestibule. I supposed
that you had given it
out and not being invited,
I returned home.

I had not thought of
the Directorship of the Rail-
road being a State Office,
such as I would disgustfully
a member of Congress from
holding it. I do not want
to embarrass you in the
least in this matter and
if there is any doubt
about it I advise you
to appoint some one else.

The only lawyers I would
care to consult are not
in town this morning.

Maxwell did not deliver your
message. I have received the
stock but that will make
no difference as I can
resell it, if I do not care

to hold it. Senator Ramon's
friends have made a great
effort the last five days
to carry this County, but they
have failed and now
admit that Jarvis' majority
will be at least 1000.

I cannot conveniently go to
Raleigh on Wednesday., As
I stated before I hope you
will be governed in the
appointment of a Director
by the legal advice of
some one you have confidence
in and your own good
judgment.

With kind regards

I am Your Friend
S. B. Alexander

Gov. Charles Barr,

Raleigh
