

Wilmington

March 3. 96.

Dear Bro

Sister sent you
a letter for me, while I
was too sick to write, but
she says she was at the
time she wrote too sick to
know just what she
said to you. I send a
line this morning to say
that I am very much
better. Still I am not yet
able to be out of my room.
Consequently I cannot see
any of the ladies here, but
will suggest to you Mrs

Roger Moore, who is quite active, & I think would serve, if you have not already secured some one else. I would write him a note and ask him to act as my substitute, only as long a time has elapsed. You may have gotten some one else. The time of Palk Mills' coming here is uncertain, so many Episcopalians will take no part during Lent. Mrs Moore is a Methodist therefore I suggest him. We have been suffering with severe colds as common with you. I hope

You are all well. With love & sympathy
I am Dear Sir
I hope to hear from you soon.
