

NORTH CAROLINA,
RAILROAD COMMISSION,
RALEIGH.

March 3^d 1897

Gov Carr,

My Dear Sir,

Have not sent a Bulletin for a few days - as all is in confusion nothing to be gathered except what is seen in the papers. Time is short but much devil work can yet be accomplished but our little agents are working like bees. and may prevent it. Rapall has no party can carry nothing. He sent for Ray yesterday and told him if some revolutionary measures were passed to protest boldly and he Rapall would declare it a "recess".

What do you think of this? Beddingfield says they remind him of a pair of grey hounds being broken first one hells and the other. I have nothing except such as you see in the papers - The case comes up on Friday the vote will be close but I believe the case will be sustained.

If any thing very important is acted upon
will win to you. I am worn out, but
will do all I can to hold out until Sat-
urday - I ought to be on my farm this
good weather - Remember me most kindly
to all.

Yrs Very Truly

Jas. W. Wilson
