Baltimore.

May 19, 1898.

Dear Hon. Carr:

In reply to your note
of yesterday, I can only
say that there is not
the least cause for
anxiety about Ellen.
She now has her
"period," which ^{is} ~~is~~ ^{is} ~~is~~
entirely free, instead
of scanty as be-
fore.

There is no reason
for a visit
to her from either

Of her Parents. She
will return to you
about the 15th June
I will leave with
Miss Johnson.

There is a char-
acteral erosion of
the cervix uteri
formerly, but not
erroneously called
"ulcer of the womb."

It is caused by
inflammation.

Yrs Sincerely

W. T. Howard
