Gov. Elias Carr,
Oldsboro, N. C.

My dear Sir:—

Yours via Saturday in regard to repairs to stable. I had hoped too for to stop when via, but beside that, Mr. Parker tells me he had agreed to put stable in shape again when place was sold. — We are having hot weather & much is the only thing needing rain, that is when other things have been worked. It is pretty hot now & prospect for a shower are good.

With best wishes

I am yours truly
