My dear Governor,

Below please find statement & enclosed ck for \$45.50. The chge of \$5.00 for cleaning out well is ordinarily done by the renter, but in this case he has just had this done a few days before, and the excessive rainfall one day was enough to make the water in the yard rise to sufficient height to pour into the well, carrying a great deal of mud & I thought it nothing but right to have it put in proper condition again. I am unable to rent the stable.

Trusting the above is satisfactory and with best wishes to you all
