MEMBERS BOARD OF EDUCATION, 1913-14 TO 1923-24

1. Those who have served during any part of the past ten years:

Nathan Bass, chairman, July 1, 1913, to December 4, 1919.

R. T. Barnes, July 1, 1913, to February 2, 1914.

C. E. Brame, February 2, 1914, to April 7, 1919 (succeeding R. T. Barnes).

B. J. Thompson, July 1, 1913, to November 3, 1919.

N. L. Barnes, April 7, 1919, to November 6, 1922 (succeeding C. E. Brame).

J. H. Thompson, November 3, 1919 (succeeding B. J. Thompson).

R. L. Barnes, November 6, 1922 (succeeding N. L. Barnes).

E. J. Barnes, chairman, December 4, 1919, to February 6, 1922 (succeeding Nathan Bass).

Doane Herring, chairman, February 6, 1922 (succeeding E. J. Barnes).

John B. Eason, April 2, 1923.

William H. Dixon, April 2, 1923.

2. Present members of the Board of Education:

Doane Herring, chairman; J. H. Thompson, R. L. Barnes, J. B. Eason,
and W. H. Dixon.

PREFACE

The facts set forth in this report show that the schools of Wilson County have made considerable progress during the past ten years.

We now have five standard high schools in the county—Wilson, Stantonsburg, Black Creek, Rock Ridge, and Elm City. By the end of 1924-25 we shall add Lucama and Gardner's to the list of standard high schools for white children and the Wilson Colored School to the list of standard high schools for colored children. We have good school buildings for all the white children, except at Town Creek.

We still have the task of equipping all the elementary schools with such teaching equipment in the matter of libraries, maps, globes, and apparatus as will put them in the Standard Elementary School Class as defined by the N. C. State Department of Education.

We still have the task before us of unifying and standardizing the instruction given in all our schools. We must have more and better supervision of the work done in the schools.

We still have the task of making broader our courses of study and of extending the benefits of the schools to the adult population of the county.

There is no reason why our school buildings cannot be made the centers for many forms of extension teaching and community betterment.

We still have the task of increasing the daily attendance of the children and of eliminating the over-age pupils in the grades. Possibly the most expensive item of our school expense is irregular attendance.

We still have the task of providing suitable school buildings for the colored children in many parts of the county.

Finally, let me express my thanks and grateful appreciation to all the people of the county who have had a part in making possible the school progress set forth in this report. In the name of the children and their welfare, I make bold to ask the continued coöperation and support of every citizen who loves his county and its future, to the end that our schools may become entirely worthy of the great task committed to them.

CHARLES L. COON,
Superintendent of Schools.

NOVEMBER 1, 1924.

I. COUNTY-WIDE SCHOOL TAX ELECTION, 1918

The following is a brief history of the county-wide school tax election held on January 18, 1918:

1. A STATEMENT ABOUT OUR SCHOOLS

To the People of Wilson County:

The general county school tax is sufficient to run our public schools 4½ months and pay most of the white teachers only \$40 per month. A few white teachers who are principals of two-teacher schools are paid \$45 a month for this short term. The State supplemented our school term only 10 days last year. It is impossible to get good teachers at such salaries for 5 months in 12 months. One of two things can be done:

1. The County Board of Education can increase the salaries of teachers out of the general school fund now provided, which will mean that the county school term will have to be reduced to less than 4 months. Then the county board will be forced to ask for a special county tax levy to run the schools four months as the State Constitution requires. If that were done, the 18 districts which are now levying a special school tax and which have school terms of 7 to 9 months will have to pay their part of this special county tax, made necessary by the fact that there are 30 other districts in the county which are not now making any effort to help themselves to have better schools by increased school taxation.

2. The other thing the County Board of Education can do is to submit to the people of the whole county the question of levying a special school tax of not more than 30 cents on the \$100 worth of property in all the school districts, which is the same tax our 18 local tax districts now pay to supplement their part of the general county school fund. If such a special tax were voted, then every school district in Wilson County would have at least a seven months school term and no district would pay more school tax than is now paid by Evansdale, Parker's, or any other local tax district we now have.

The County Board of education, therefore, intends to appeal to the people of the county to vote the special school tax mentioned above. It will be well in this connection for all to remember four things:

1. All legal voters of the county will be entitled to register and vote whether they live in any one of the present local tax districts or not. The public schools are a county interest and every voter may have a voice in making those schools better, not only in his own district but in every other district.

2. If the people of the county fail to approve the proposed local tax for all our 48 school districts, then the 18 local tax districts now in existence remain as they are.

3. If those who now live in our 18 local tax districts are indifferent to this question and fail to vote for this county local tax, then we see no way by which we can avoid raising the meager short term teachers' salaries now paid, and that will make an increased county tax levy for schools an absolute necessity. Surely it is not fair to ask the 18 districts now helping themselves to raise their school taxes unless they say by their votes they desire that done.

4. Many of the schoolhouses of the county are as poor and as devoid of good furniture and equipment as they well can be. The school law makes it obligatory that every district bear at least one-half the expense of building and repairing its own schoolhouse. Without a district local tax, most of our schoolhouses must remain poor and there is no help for it except to decrease the present short school term.

In conclusion, we are certain that the school affairs of this county have been managed with intelligence and economy. But the general school funds have remained about the same for the last 4 or 5 years. During that time the cost of everything has greatly increased. We simply cannot longer conduct the schools on the money we have without reducing the term and thus making a special tax a certainty, unless the people will adopt the local tax measure now proposed. We confidently believe the people of the county will stand behind the plan proposed to better the children's schools. We are, therefore, asking every citizen of the county to aid in this vital cause.

Respectfully submitted,
E. J. BARNES,
B. J. THOMPSON,
C. E. BRAME,
County Board of Education.

2. NOTICE OF SPECIAL ELECTION

STATE OF NORTH CAROLINA—Wilson County.
To the Board of County Commissioners:

According to the provisions of chapter 71 of the Public Laws of 1911, we, the undersigned members of the County Board of Education, hereby petition that you order an election to be held in Wilson County to ascertain the will of the people whether there shall be levied and collected a special school tax of not more than thirty cents on each \$100 worth of taxable property and of not more than ninety cents on each taxable poll to supplement the general school fund of Wilson County.

This the 5th day of November, 1917.

(Signed) E. J. BARNES,
C. E. BRAME,
B. J. THOMPSON,
County Board of Education.

On the above petition the board of county commissioners took the following action:

- 1. That the petition be granted and that the election asked for is hereby ordered to be held on Friday, January 18, 1918; that there be a new registration of voters; and that the registration books be opened on Monday, December 10, 1917, and close on Friday, January 11, 1918, at sunset.
- 2. That the following registrars and judges of election are hereby appointed for this election:
 - (a) For Black Creek Township: Wade R. Brooks, registrar, and J. S. Tomlinson and F. M. Yelverton. Voting place: Black Creek.
 - (b) For Cross Roads Township: Joseph Bass, registrar, and I. H. Davis and Nathan Bass. Voting place: Lucama.
 - (c) For Gardner's Township: W. B. Forbes, registrar, and Paul Thomas and William Barnes. Voting place: Wilbanks.
 - (d) For Old Fields Township: R. L. Barnes, registrar, and H. R. Wilkin-son and J. S. Bailey. Voting place: Township voting place.
 - (e) For Saratoga Township: J. A. McKeel, registrar, and W. D. Owens and John B. Eason. Voting place: Saratoga.
 - (f) For Spring Hill Township: S. C. Barnes, registrar, and J. R. Narron and Wiley R. Barnes. Voting place: Township voting place.
 - (g) For Stantonsburg Township: R. C. Bailey, registrar, and John C. Stanton and J. L. Turner. Voting place: Stantonsburg.
 - (h) Taylor's Township: John S. Thompson, registrar, and W. D. Dew and A. M. Thompson. Voting place: New Hope Schoolhouse.

(i) Toisnot Township: Clyde Hedgepeth, registrar, and Zeb Dawes and R. A. Winstead. Voting place: Elm City.

(j) Wilson Township: J. A. Clark, registrar, and C. P. Farmer and James W. Uzzell. Voting place: County courthouse.

3. That those who vote for the tax proposed shall vote a ballot on which is printed or written the words "For Special Tax"; and those who vote against the tax proposed shall vote a ballot on which is printed or written the words "Against Special Tax."

4. That advertisement of this election be made by the clerk of this board for 30 days by notice posted at the courthouse door and in at least one public place in each township and for four weeks in a newspaper published in Wilson County.

By order of the commissioners. JOHN R. DILDY, Clerk.
This 6th day of December, 1917.

3. RESULT COUNTY-WIDE LOCAL TAX ELECTION

The election yesterday for a county-wide local tax of not more than 30 cents on each \$100 worth of property for each school district was carried by a hand- some majority. . . . The following are the official returns by townships:

Name	Registered	For	Against
Wilson	307	268	39
Black Creek	125	95	30
Stantonsburg	103	99	4
Gardner's	91	40	51
Toisnot	185	110	75
Saratoga	58	22	36
Taylor's	48	34	14
Spring Hill	61	51	10
Old Fields	233	104	129
Cross Roads	71	43	28
Total.....	1,282	866	416

Every voter registered and not voting is counted against the measure. Only a small number of opponents went to the polls and cast their ballots against this salutary measure.—Wilson Daily Times, January 19, 1918.

II. BONDS VOTED FOR SCHOOL BUILDINGS, 1913-14 TO 1923-24

The following bond issues for school buildings have been voted during the past 10 years:

1. Town of Wilson—
 - a. On May 24, 1913, \$30,000; votes for, 249; votes against, 0.
 - b. On April 10, 1917, \$150,000; votes for, 273; votes against, 0; registration, 364.
 - c. On May 7, 1921, \$300,000; votes for, 645; votes against, 15; registration, 863.
 - d. On May 27, 1924, \$35,000; votes for, 472; votes against, 1; registration, 613.
 - e. Total school bonds voted by the town of Wilson during the past 10 years, \$515,000.
2. Wilson County—
 - (1) Old Fields Township:
 - a. Rock Ridge, on September 22, 1917, \$5,000; votes for, 41; votes against, 2; registration, 47.
 - b. The whole township, on December 30, 1921, \$145,000; votes for, 159; votes against, 79; registration, 282.
 - c. Total for township, \$150,000.
 - (2) Stantonsburg:
 - a. On February 15, 1919, \$15,000; votes for, 71; votes against, 1; registration, 79.
 - b. On December 31, 1921, \$25,000; votes for, 99; votes against, 6; registration, 128.
 - c. Total for the district, \$40,000.
 - (3) Black Creek Township:
 - a. On July 5, 1919, \$25,000; votes for, 177; votes against, 0; registration, 253.
 - b. On July 12, 1921, \$60,000; votes for, 114; votes against, 13; registration, 177.
 - c. Total for the township, \$85,000.
 - (4) Elm City: On July 16, 1921, \$75,000; votes for, 149; votes against, 6; registration, 185.
 - (5) Spring Hill Township: On September 26, 1921, \$35,000; votes for, 108; votes against, 65; registration, 191.
 - (6) Taylor's Township: On September 3, 1921, \$25,000; votes for, 30; votes against, 8; registration, 45.
 - (7) Saratoga Township: On September 27, 1921, \$25,000; votes for, 45; votes against, 1; registration, 55.
 - (8) Cross Roads Township: On August 21, 1923, \$75,000; votes for, 150; votes against, 8; registration, 203.
3. Summary of bonds—

a. Wilson	\$515,000
b. Old Fields	150,000
c. Stantonsburg	40,000
d. Black Creek	85,000
e. Elm City	75,000
f. Spring Hill	35,000
g. Taylor's	25,000
h. Saratoga	25,000
i. Cross Roads	75,000
Total.....	\$1,025,000

III. STATE LOANS FOR SCHOOL BUILDINGS

1. From Literary Fund:

a. August 10, 1919.....	\$35,000
b. July 1, 1920.....	35,000
c. July 1, 1921.....	35,000
 2. From Special Building Fund:

a. September 15, 1922.....	\$50,000
b. March 1, 1923.....	45,000
c. December 1, 1924.....	70,000
 3. Total State Loans.....
- | | |
|--|-----------|
| | \$270,000 |
|--|-----------|

IV. A SHORT HISTORY TOWN OF WILSON SCHOOLS

At a mass meeting of the citizens of Wilson, held during the week of July 8, 1881, a committee of five were appointed to recommend trustees and to take such steps as might be necessary to establish a graded school for white children. At a meeting held on July 15, 1881, the following persons were elected trustees: T. J. Hadley, president; M. Rountree, treasurer; M. T. Moye, secretary; K. H. Winstead, F. W. Barnes, R. J. Taylor, G. W. Blount, H. C. Moss, G. D. Green, and Warren Woodard. This committee proceeded to raise the necessary funds by private subscription to conduct the school for one year. The *Wilson Advance* of August 26, 1881, announced the following teachers for the session 1881-1882; J. L. Tomlinson, superintendent, J. F. Bruton, Mrs. E. W. Adams, Mrs. W. F. Mercer, and Miss M. A. Hearne, assistants. It was also announced that the school would open on September 5, 1881, in the Wilson Collegiate Seminary building, the site of the present residence of Mr. J. T. Wiggins.

On September 2, 1881, the books to be used in the school during 1881-1882 were announced as follows: New American Spellers, Appleton's Readers, New American Arithmetics, Mitchell's New Geographies, Reed & Kellogg's Grammars, Moore's School History of North Carolina, Goodrich's Primary History U. S., Barnes' U. S. History, Spencerian System of Penmanship, and Worcester's School Dictionaries.

On September 23, 1881, the enrollment was 250 pupils. In October, 1881, George M. Lindsay, of Rocky Mount, was added to the teaching force. The total expenses of the first year's operations of the school were \$4,651.

During the year 1883, the idea of conducting the school by private donations was abandoned and a special school tax was voted; the taxes of white property owners going to the white school and the taxes of colored property owners going to the colored school. This race division of the school taxes was declared unconstitutional by our State Supreme Court at the September, 1886, term. The Wilson Graded School closed its 1886-87 term in May, 1887, and the graded school idea was abandoned for four years because the majority of the people of this community were then opposed to public schools for negro children at public expense. But in 1891 the people reversed themselves and voted to establish schools for white and negro children by public taxation.

V. FACTS ABOUT SCHOOL CONSOLIDATION, 1917-24

The following maps graphically set forth the progress made during the past seven years in school consolidation. In 1917 only the Wilson town high school offered a standard high school course. The other four high schools were not standard schools. This year we have Black Creek, Elm City, Stantonsburg, Rock Ridge, and Wilson on the list of standard high schools. By the end of 1924-25 we shall add Lucama and Gardner's to the list.

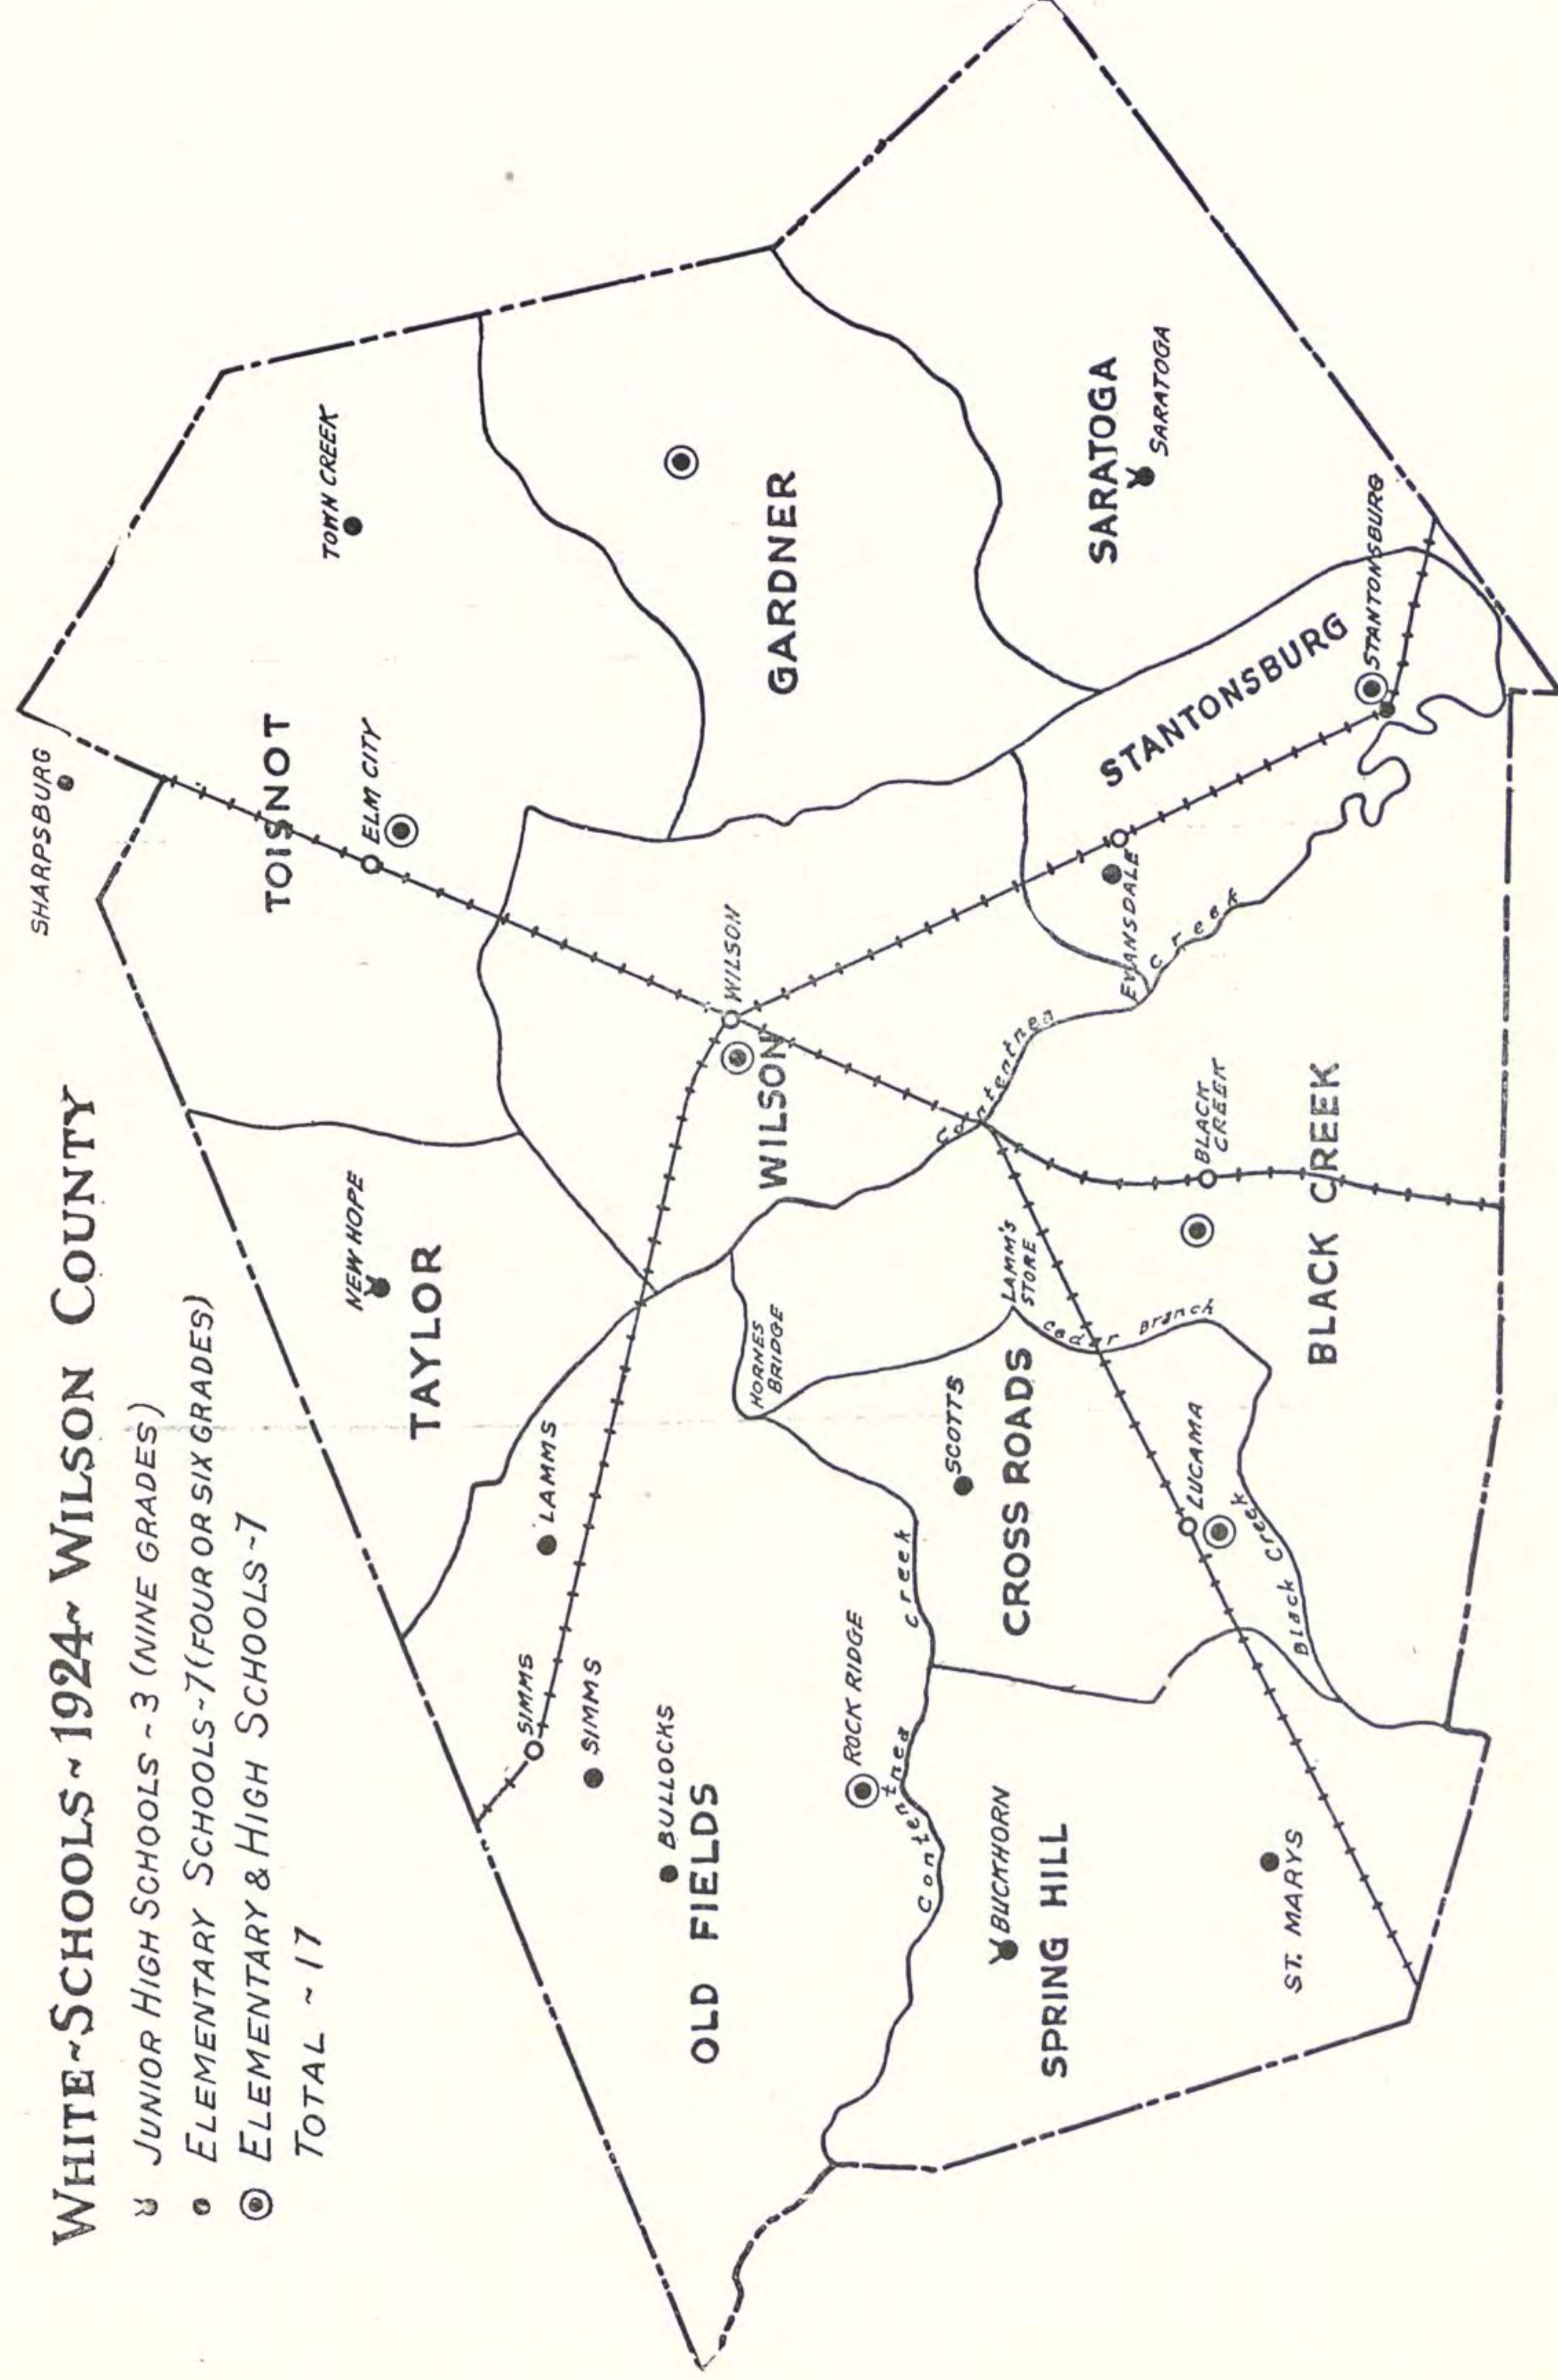

WHITE SCHOOLS ~ 1917 ~ WILSON COUNTY

- ONE ROOM SCHOOLS ~ 25
- ⌘ TWO " " ~ 15
- ⌘ THREE " " ~ 6
- ◎ HIGH SCHOOLS ~ 5
- TOTAL 51

WHITE SCHOOLS ~ 1924 ~ WILSON COUNTY

- ⌘ JUNIOR HIGH SCHOOLS ~ 3 (NINE GRADES)
- ELEMENTARY SCHOOLS - 7 (FOUR OR SIX GRADES)
- ◎ ELEMENTARY & HIGH SCHOOLS - 7
- TOTAL ~ 17

VI. TEACHERS' SALARIES, 1913-14 AND 1923-24

X. SCHOOL BUILDINGS, 1913-14 AND 1923-24

1. BLACK CREEK (OLD)

BLACK CREEK

FERRELL'S

TOMLINSON'S

NOTE.—Pittman's and Minshew's were one-room schools.

BLACK CREEK (NEW)

BLACK CREEK (NEW)

2. CROSS ROADS (OLD)

SCOTT'S

UPPER BLACK CREEK

LUCAMA

NOTE.—Barnes was a two-room school; Mumford's was a one-room school which has been combined with Scott's.

CROSS ROADS (NEW)

(a) Lucama: An addition of 10 rooms to the old building is being added. The completed building will have 16 rooms, an assembly hall, office, library, etc. This building will have steam heat, lights, and water. It will be modern in all respects. This addition will cost \$65,000.

(b) Scott's: A new primary school with four modern classrooms, an assembly hall, and quarters for teachers, all under one roof, is being erected. This building will have steam heat, lights, water. This building will cost \$25,000.

3. GARDNER'S (OLD)

THOMAS

WOODARD

NOTE.—Pender's was a one-room school; Thorne's was a one-room school of the Thomas type; Holden's was a two-room school like New Hope; Baker's was a one-room school of the Thomas type; Wilbanks was a one-room school like Woodard's.

GARDNER'S (NEW)

4. OLD FIELDS (OLD)

BOYKIN'S

ROCK HILL

BOSWELL'S

ROCK RIDGE

WELLS'

PLEASANT GROVE

NEVERSON

NOTE.—Sims was a one-room school of the Neverson type. Lodge was a two-room school of the type of Boykins.

OLD FIELDS (NEW)—SIMS', LAMM'S AND BULLOCK'S
(THREE ALIKE)

OLD FIELDS (NEW), ROCK RIDGE

5. SARATOGA TOWNSHIP (OLD)

SARATOGA

BURRUS

EAGLES

SARATOGA (NEW)

6. SPRING HILL (OLD)

ST. MARY'S

JOHNSON'S

RENFROW'S

KIRBY'S

BUCKHORN

WARD'S

REVELL'S

SPRING HILL (NEW), ST. MARY'S

SPRING HILL (NEW), BUCKHORN

7. STANTONSBURG (NEW)

EVANSDALE

STANTONSBURG (NEW)

S. TAYLOR'S (OLD)

PAGE

NEW HOPE

NOTE.—Horne's was a one-room school.

TAYLOR'S (NEW)

9. TOISNOT (OLD)

ELM CITY

TURNER'S

ROSEBUD

TOWN CREEK

NOTE.—Oak Grove same as Turner's; Page's same as Town Creek;
Parker's same as Town Creek.

TOISNOT (NEW), ELM CITY

10. TOWN OF WILSON SCHOOLS

TOWN OF WILSON—HIGH SCHOOL

TOWN OF WILSON—MAPLEWOOD AND TEACHERS' HOME

TOWN OF WILSON—KENAN STREET

TOWN OF WILSON—WINSTEAD

LAMM'S

LANE'S

NOTE.—These were abolished in 1918. Two similar schools (Mill and Daniel) were abolished in 1916.

TOWN OF WILSON—COLORED ELEMENTARY SCHOOL

TOWN OF WILSON—COLORED HIGH SCHOOL

3:00- 3:30.....	30 minutes	150 minutes	Spelling or Hand Work
3:30- 3:50.....	20 minutes	100 minutes	Supervised Play (Phys. Ed.)
Teaching Time.....	355 minutes	1,775 minutes	

The period "Individual Help" is for the assignment of lessons, helping backward pupils, instruction in manners, general work, study of lessons, etc. The period for drawing and writing may be arranged by the teacher so as to promote the best teaching of each subject. Please see that you supervise all the play of your pupils; that you look out for the physical as well as the moral defects of your pupils, and try to remedy them. The school nurse and the health officer can aid you. The Sunday school and the church can aid you to promote moral health.

*Recess periods may be varied to suit conditions.

XVIII. SUGGESTIONS AND DIRECTIONS FOR PRINCIPALS AND TEACHERS, 1924-25

It is very necessary that all principals and teachers observe the following directions, which should be carefully read and considered at the first teachers' meeting, held on Saturday before the opening day of the schools:

1. INSTRUCTIONS ABOUT FINANCIAL MATTERS

1. The salaries of the truck drivers fixed by the Board of Education is as follows: For one short route, \$5; for two short routes, \$7.50; for one long route, \$7.50; for two long routes, \$10.

2. The room rent fixed for teachers' homes by the Board of Education is as follows: \$6 for Black Creek and Gardner's; \$5 for Stantonsburg, Saratoga, St. Mary's, Buckhorn, Sims, Bullock's, Lamm's, New Hope, and Rock Ridge. Principals will collect the rent each month and turn it over to the superintendent of schools within ten days after the close of each school month.

3. The checks for teachers' salaries and orders for other school expenses will be made out by principals as follows: For Toisnot Township, P. T. Fugate, Elm City; for Gardner's, J. B. Eagles, R. 5, Wilson; for Stantonsburg, J. T. Graham, Stantonsburg; for Saratoga, R. D. Gray, R. 2, Stantonsburg; for Black Creek, F. E. Howard, Black Creek; for Cross Roads, John A. Moore, Lucama; for Spring Hill, Paul Ricks, R. 3, Kenly; for Old Fields, George A. Short, R. 2, Wilson; for Taylor's, Miss Eliza Parker, R. 1, Wilson.

4. The above principals will make three pay-roll sheets: one for salaries of teachers; one for truck drivers and janitors; one for all other expenses.

N. B. Separate bills and order for supplies for the light plants must be submitted, as this must be kept as a separate account. A bill must accompany every order.

5. The principals at Evansdale, St. Mary's, Town Creek, Scott's, Sims, Bullock's, and Lamm's will submit their reports by Saturday noon after the close of the school month to the proper principals in order that checks and orders may be made out promptly. The principals who attend to the making out of checks and orders will send them in to the superintendent of schools, with proper pay-rolls, bills, etc., by Wednesday night after the close of the school month, in order that the teachers' checks may be approved and proper county checks written for the orders sent in. The office of the superintendent of schools will then undertake to have all checks ready and in the hands of the proper principals by Saturday morning after the close of the current school month.

If the principals will carry out the above instructions, they will greatly facilitate the business side of the conduct of the schools. This office cannot be prompt, unless you act promptly.

2. SOME GENERAL SUGGESTIONS FOR THE CARE OF SCHOOL PROPERTY AND GROUNDS

1. Let us try during this year to get all the school grounds beautified—get some grass on the front yards, some trees and shrubbery planted where they should be planted and the playgrounds put in proper shape.

2. Then let us try to get enough interest aroused during the year to enable us to take care of the grounds, light plants, etc., during the vacation. The interest of the committee and other citizens, the interest of the women and children of the community can be enlisted.

g. Children must not be left at recess periods in the rooms or on the grounds without the supervision of some teacher. (The practice in vogue in some schools of all teachers leaving the building and the grounds at lunch time should be changed. A schedule of yard and house duty for teachers should be made out by the principal and his teachers, so that there may be oversight of pupils at all recess times.)

4. SUGGESTIONS FOR KEEPING SCHOOL RECORDS

1. Registers:

- a. The principal should see that each register sheet is properly made out; that every detail is entered properly. He must take time to check every page of every register. This means to see:
 - (a) That the pupil's real name is properly entered; not his nickname or pet name, etc.
 - (b) That the work done this year is entered fully and accurately as to textbooks and pages covered.
 - (c) That all conditions are properly recorded, which means to indicate exactly what must yet be done to gain promotion.
 - (d) That the summary sheet is made out accurately, both as to children 7-14 and all pupils.
- b. See that promotions during the year are properly accounted for in your records. Duplicate enrollment is to be avoided and a register sheet for work done in each grade is to be filed. Each pupil promoted during the year will have two register sheets—one for work done and time spent in the lower grade and one for work done and time spent in the higher grade.
- c. Promotions from sixth grade must be very carefully done. Be sure all sixth-grade pupils are really prepared for Junior High School work before promotion.
- d. Principals should see at the end of the first month that the register is being kept as indicated on front cover page.

2. Permanent Record Envelopes:

- a. After the principal checks each register at the end of the year, have teachers tear out register sheets and place them in the permanent record envelopes and properly fill out the face of those envelopes.
- b. See that you file together all active permanent record envelopes by grades, so that we shall have these for the opening of school next fall in usable form.
- c. See that you file in alphabetical order all permanent inactive records, so that they can be consulted easily. Do not file active and inactive records together.

3. The School Census:

- a. See that you have a census card for all persons 6-21 living in your township or district at the end of the school year. This list includes pupils away at other schools, married persons under 21, etc.
- b. Separate all inactive census cards from the active cards. Make up a summary card for each township.
- c. Have some pupils make a copy of all your additional active census cards for the Wilson office.
- d. Turn into the Wilson office all inactive census cards or make duplicates and turn in the duplicates; keep an active census file in your office at all times. The inactive file will be in the Wilson office. You may keep a duplicate inactive file in your office if you desire to do so.

e. Please remember to do the following things in keeping your census:

- (a) Fill out this year a new census card for every pupil not in your school last year.
- (b) The pupils can tell you or their teachers of every person not in school between the ages of 6-21. They can and will gladly help you to get a census card filled out for all such persons. Remember that marriage does not increase or diminish the age of anybody. If a married person is not over 21, he or she is to be in your school census. In carrying out this plan, it will be necessary that principals, teachers, and pupils have this census matter constantly in mind. This plan will not work, if it is delayed till the last few weeks of the school term.
- (c) The pupils can tell you of the death of any person 6-21, or tell you to what school in the county pupils move, so that you *may make proper entry on such persons' census cards*. If a child moves out of this county, find out to what county he goes, so that I may notify the proper superintendent in order that such children may be looked after and not escape the compulsory law, if they are subject to the same. *Principals should send the census cards of all persons who die or remove to another district or out of this county to the county superintendent of schools at once, indicating on each card the proper facts*. Only in this way will we be able to keep our census usable and up-to-date. The children who are going to move will gladly inform teachers of all the facts, if teachers will only take a bit of trouble to find out. But if you wait till the end of the school year, the facts cannot be had oftentimes.
- (d) In townships in which more than one school is situated, there must be coöperation between each principal. This coöperation should consist principally in dividing the township so that each principal may know for what part of the township he is to be held responsible. If the children of a part of one township attend school in another township, *the census cards of all such section and pupils should be filed and kept by the school such pupils attend*.
- (e) Sometimes a child becomes six years old during the school term and does not enter school. All such children must be listed in the census of the district as soon as practicable after their sixth birthday.
- (f) Do not fail to make out a withdrawal card for every pupil who leaves school permanently, or who moves to another school, or who moves out of the county. And do not fail to send promptly those *withdrawal cards to the Wilson office*. Only by the prompt attention of principal and teachers in reporting the withdrawals of pupils will we be able to secure the proper enforcement of the school attendance laws.

N. B. Especial care must be taken that your age records are consistent this year with last year. You should carefully check your census and other records to find any variations as to the ages of pupils given this year with previous years. You must eliminate all such variations and not turn in the census card of any pupil with his age on the census card one thing and another on the enrollment card, etc.

4. Enrollment Cards:

- a. Turn into the Wilson office a duplicate enrollment card for each pupil who enters your school this year, not later than 15 days after enrollment.
- b. This will furnish us a means of checking enrollment against the census, as well as to enable us to eliminate duplicate enrollment from our final yearly enrollment figures.

5. Property Inventory:

- a. Add items to inventory of school property in teachers' homes, school-rooms, etc., added this year.
- b. Use the inventory forms on file in your office which contain the inventory of all property at the end of last year. Do not duplicate these; only add new items.

6. Records of Teachers:

- a. The principal should have a complete record of all his teachers.
- b. This record should include:
 - (1) Name and home address.
 - (2) Kind of certificate, class, date of expiration.
 - (3) Grade or subjects taught this year.
 - (4) Experience (a) in this school; (b) in other schools.
 - (5) Education and professional training.
 - (6) Salary this year.
- c. Principals will find the application blank a convenient form for keeping the above information as to teachers.

7. Records—truck drivers and truck routes, with daily schedules:

- a. The principal's office should have a record of the names of the truck drivers and their salaries.
- b. The principal's office should also have a record of the different truck routes and the daily schedule of each truck.

5. SUGGESTIONS AS TO JANITORS, TRUCKS, ETC.

a. Each principal should have a clear understanding with the janitor as to his duties. He should not tolerate teachers or pupils giving orders to the janitor. All orders to the janitor must be given by the principal in person or in writing, and by no one else. Do not send word to the janitor by pupils, requesting him to do something. Send for him and tell him yourself what you wish done.

b. See that the janitor stays in the boys' toilet at least a part of every recess period, until your school is well organized. Some woman teacher should also remain in the girls toilet a part of every recess until your school is in good order.

c. It would be well to appoint a house committee of boys and girls to see that good order is kept in the toilets and around the grounds, and the building; that no damage is done to the building or to any of the property of the school.

d. You should have frequent meetings with your truck drivers. You should by all means work out at once for each driver a daily schedule, which should be reduced to writing, the principal keeping a copy and the driver a copy. This schedule should indicate the time the driver is to leave home and the time he is to arrive at school, as well as the time he is expected to arrive at important points on the route, both on the way to school and on the way home. In doing this you will need the constant help of your school committee, who know all the roads of the district.

e. The route each driver makes should be entered in a book which you should keep for that purpose, as well as to enter each driver's daily schedule. All changes in routes and schedules should be made only after consultation with the chairman or some member of the committee. As soon as possible, all such changes should be reported to the full committee for final approval.

f. You must not fail to *insist on children walking who live within one and one-half miles of the school*. And do not permit a truck route to be established over a bad road. Children must expect to walk out to convenient places to meet the trucks, rather than to have the trucks go to every child's home.

g. You should constantly warn drivers to stop at railroad crossings, not to drive faster than 12 miles an hour, not to use the trucks for any purpose except to carry children to and from school, and to report any misconduct on the trucks. Drivers must not smoke or use bad language, nor must they permit the pupils to do so. If a driver smokes or uses bad language, or uses his truck for improper purposes, or permits such violations of the truck rules, or permits pupils to fight to and from school, or drives too fast, you must dismiss him at once. We must not tolerate any of these things. Let your drivers understand that you will dismiss them, not for the second or third such offense, but for the very first offense.

h. The principal must constantly warn the janitor not to let the ashes collect in the ash box of the boiler or to permit litter in and around the boiler room.

6. SUGGESTIONS AS TO THE CONDUCT OF TEACHERS' HOMES

a. At the first teachers' meeting on Saturday before school begins, make some good and necessary rules for the conduct of the teachers' home. These rules should provide for a rising hour, a going to bed hour, the hours for meals, the times visitors may be received in the home, the conditions under which teachers may leave the home at night or day in the company of young men, etc. If teachers ride around at night with men without chaperones, if they receive visitors all during the week, if they keep late hours, if they hold dances and card parties in the home, or attend such parties elsewhere, you may expect adverse criticism. The home should be conducted as a good, decent home ought to be conducted. Due regard must be paid to public opinion which usually condemns card playing and dancing by teachers. Your home should be a model home.

b. I suggest that the going to bed hour be not later than 10:30 p. m., and that Saturdays and Sundays are often enough to have men callers in the home. If we have any teachers who refuse to cooperate with the principal in making and observing proper rules for the good conduct of the home and the principal fails to report them to me at once, then I shall consider that the principal has failed to perform the most important duty our school system and good order impose on him. Frankly I shall do my utmost to rid the school system of such offending teachers, and also of principals who will wink at or condone misconduct because they have not the moral courage to stand up for the practice of good conduct and of high ideals on the part of those who teach the children of the future. We simply can't afford to stand for anything which will bring disrepute on the homes which ought to be models for the future home makers of the county.

7. SUGGESTIONS AS TO THE CONDUCT OF PUPILS

Principals and teachers can destroy their usefulness in a very short time by permitting the children to do as they please. Here are some things which ought not to be tolerated in any school:

- a. Vile and filthy language.
- b. Fighting and disorder on the grounds or on the way to and from school.

- c. Failure to have all pupils go quietly to their rooms on arrival in the morning.
- d. Failure to have pupils go out of and come into the building in good order.
- e. Dirty and filthy toilet rooms and a dirty schoolhouse and dirty pupils.
- f. Ill-kept school grounds.
- g. Teachers falling in love with pupils.
- h. Permitting a few disorderly and immoral boys who will not reform to remain in school.
- i. Running in and out of the building at recess periods.
- j. Loud and noisy conduct in the halls during class changes and while going in and out of the building.
- k. Failure to demand obedience at all times and failure to secure willing co-operation from the pupils in establishing an orderly school community.
- l. Failure to maintain high standards of scholarship.

8. OTHER REGULATIONS

(1) Every teacher must make an earnest effort to keep well and physically fit for work each day. No substitute teacher can be employed, except on the approval of the principal. All substitute teachers' employment and the number of days employed and the names of the teachers for whom employed must be reported promptly to the superintendent of schools.

(2) Substitute teachers must be paid by those regular teachers for whom they do substitute work, not to exceed two-thirds of the regular teacher's daily salary.

(3) Teachers will not be excused from school duty for any cause, except for personal illness or serious illness or death in the teacher's immediate family.

(4) All teachers must follow a daily program of work which shall never be less than six hours per day. Daily programs suited for each grade and approved by the superintendent of schools shall be followed by all teachers.

(5) Variation from the daily program will not be tolerated, except such variation has the approval of the principal. Our schools must do honest and efficient work. They cannot do that kind of work, if teachers do not strictly adhere to a daily schedule which provides a time and a place for all subjects.

(6) Principals must not give permission for teachers to vary the daily program of school work, except in rare instances. All outside matters which demand such variation should first have the approval of the superintendent of schools.

(7) Each principal should make out a daily schedule of his activities. A place on that schedule must be assigned to the supervision of the classroom teachers' work. This daily schedule should be sent to the superintendent of schools for his approval and suggestions.

(8) All teachers are expected to cooperate to increase the number of books in the school library, to cooperate to secure current professional periodicals for their own use and other periodicals for the use of their pupils, and to cooperate to the end that all our schools be placed as soon as possible on the North Carolina list of standard high or standard elementary schools.

(9) We shall expect every teacher heartily to cooperate with her principal and with the superintendent of schools to improve the efficiency of the teaching done in every school.

(10) You will observe the following rules as to first-grade pupils:

- a. Children who will become six years old by November 1st will be admitted to first grade at the beginning of the school term.
- b. All pupils who intend to enter the first grade this school year must do so during the first two weeks of the fall term.

c. After the first two weeks of the fall term have passed no more first-grade pupils will be admitted this year, unless such pupils can enter a class or a section of the grade already formed.

d. Pupils who enter the first grade at the fall term opening must attend with such regularity as to keep up with the class or section to which they are assigned. If pupils fall behind their class or section, due to inattendance, then they are to be excluded from school for the remainder of the year. No new class or classes are to be formed for such delinquent children.

e. It is the intent and purpose of this rule to enable teachers to organize their first-grade classes during the first two weeks of the school term, and then to keep those classes so organized for the year as will enable teachers to do effective first-grade work.

N. B. Please keep this copy of suggestions and regulations for reference. We shall expect you to make an honest effort to carry out all these suggestions.

9. WILSON COUNTY FORMS

1. Application to Teach.
2. Teacher's Contract.
3. Inquiry Blank (qualifications of teachers).
4. Principal's Truck Report.
5. Truck Driver's Report.

XX. TYPES OF TEACHERS NOT WANTED

1. INQUIRY BLANK

WILSON PUBLIC SCHOOLS

WILSON, N. C.

....., 1924.

M.....

Dear.....:

1. M..... of..... has given me your name as one who can tell me of her ability as a teacher, etc.

2. Some Wilson teachers, 1923-24, have failed for the following reasons: (a) lack of knowledge of subject-matter and inability to manage children; (b) attention to card playing, dancing and other society interests to the neglect of their school work; (c) on account of falling in love with high school pupils; (d) on account of keeping the company of sorry men; (e) on account of night riding without a chaperone; (f) on account of attendance on rotten vaudeville and sorry moving picture shows; (g) on account of entertaining company until late hours at night, making good school work next day impossible; (h) on account of failure to take any vital interest in church and Sunday School work and other community activities.

3. If you think this applicant will and can avoid all the above sources of failure, I shall appreciate your saying so. If you think there is doubt about her having enough good sense to avoid these sources of failure, I shall appreciate your frankness. We are after teachers who are in earnest about doing what they are paid to do. We prefer that all other kinds go elsewhere.

4. Answer:

5. Reply sent to Supt. C. L. Coon, Wilson, N. C., on.....day of....., 1924.

2. FORM OF CONTRACT

WILSON CITY AND COUNTY PUBLIC SCHOOLS

TEACHER'S CONTRACT

I hereby accept a position as teacher in the Wilson..... Public Schools for the year 192..... and 192..... at a salary of \$..... for the school year of.....months. My N. C. Certificate is Number....., Class..... I have had.....years teaching experience. My N. C. Certificate expires July 1, 192..... I further agree that I will take a vital interest in church and Sunday School work and other community activities; that I will not entertain company until late hours at night and thus render my school work next day inefficient; that I will not attend sorry moving picture and vaudeville shows; that I will not fall in love or become familiar with high school pupils; that I will not attend card and dancing parties; that I will not fail to use good sense and discretion in the company I keep; that I will use my best endeavors during the year to improve my work as a teacher; and that I will do nothing to bring disrepute on the home in which I live or to cause right thinking people to speak disparagingly of me and of my work.

This.....day of....., 192.....

Signed.....

Home Address

CONDITIONS:

- 1. School:
- 2. Grade of Work.....
- 3. Salary to be paid in.....installments at end of each..... month, term to begin.....day of....., 192.....

Signed.....

Superintendent of Schools, Wilson, N. C.

N. B. Return this signed with your certificate to Supt. C. L. Coon, Wilson, N. C. If you were a teacher in Wilson County last year, you need not send your certificate, unless its grade or class has been changed recently.

XXI. TOTAL TEACHERS' SALARY BUDGET, 1924-25

Townships	White	Colored	Total	Number White Teachers	Number Colored Teachers
1. Wilson.....	86,208	15,757	101,965	60	28

7. Spring Hill.....	14,660	2,640	17,300	16	7
8. Stantonsburg.....	18,000	2,451	20,451	17	6
9. Taylors.....	8,660	1,950	10,610	10	6
10. Toisnot.....	19,732	4,105	23,837	19	11
Totals.....	231,380	36,470	267,850	214	88
Sharpsburg.....				4	1

TRUCKS—COST OF OPERATION, 1923-24

Items (66 Trucks)	66 Trucks 8 Months	66 Trucks 1 Month	1 Truck 1 Month	1 Truck 1 Day
Mileage.....	178,464.0	22,308.0	338.0	16.9
Pupils carried.....	334,995.2	43,124.4	653.4	32.67
Gasoline (gallons).....	30,326.4	3,790.8	57.4	2.87
Gasoline value.....	\$ 6,180.24	\$ 772.53	\$ 11.705	\$ 0.585
Oil (quarts).....	11,478.72	1,434.84	21.74	1.087
Oil (cost).....	\$ 1,825.296	\$ 228.162	\$ 3.457	\$ 0.173
Repairs (value).....	\$ 7,407.312	\$ 925.914	\$ 14.029	\$ 0.7014
Cases trouble.....	982.432	122.804	1.694	.0847
Repairs (labor).....	\$ 4,360.224	\$ 545.028	\$ 8.258	\$ 0.4129
Drivers (salary).....	\$ 4,259.376	\$ 532.422	\$ 8.067	\$ 0.40335
Total cost.....	\$ 24,030.664	\$ 3,003.858	\$ 45.513	\$ 2.27565

EXPLANATIONS:

- The above figures include cost of two new trucks.
- These figures show that it cost \$11.15 to transport one pupil for 8 months, or a little more than \$1.39 per month, which is nearly 7 cents per school day.

SCHOOL BUDGET AND TAX RATE, 1924-25

1. Total valuation, 1924.....	\$46,927,490
2. Total school tax rate: 90c. on \$100.
