

COUNTY.

Yield per minute.		How obtained at surface.	Use.	Geologic horizon and character of water-beds.	Remarks.
Flow— gallons.	Pump— gallons.				
-----	-----	gasoline engine.	domestic.	Trent formation; shell- rock.	Two wells pumped together yield 500 gals. per minute. Three wells; depths, 48, 49 and 50 ft. See water assay No. 59, table 1, pp. 494, 495. See water assay No. 61, table 1, pp. 494, 495. Other horizons at 12, 15-18, 35-40 and 70. Six wells, each 94 ft. deep, are in use. May have reached Peedee beds.
-----	500	steam pump.	boiler and fire protection.	Trent formation; shell- rock.	
-----	250	steam jet.	boiler.	Trent formation; shell- rock.	
-----	-----	steam pump.	fire protection.	Trent formation; shell- rock.	
-----	-----	windmill.	domestic.	Trent formation; shell- rock.	
-----	-----	steam pump.	city supply.	Trent formation; shell- rock.	See analysis No. 26, table 2, pp. 504, 505. Another horizon at 36-50 ft.
-----	-----	-----	not used.	Trent formation?	
-----	-----	-----	not used.	Trent formation.	
-----	200	steam pump.	boiler and man- ufacture of ice.	Trent formation; shell- rock.	
-----	} together pump 2300 gals	steam pump.	boiler and man- ufacture of ice.	Trent formation; shell- rock.	
-----		steam pump.	boiler and man- ufacture of ice.	Trent formation; shell- rock.	Another horizon at 22. See water assay. Another horizon at 30. Hard, scales boilers. Several wells owned by company; one fur- nishes 750 gals. per minute. See water assay No. 55, table 1, pp. 494, 495.
-----	-----	pump.	domestic.	Trent formation; sand.	
-----	-----	hand pump.	domestic.	Trent formation? rock.	
-----	-----	hand pump.	domestic.	Peedee formation?	
-----	-----	hand pump.	domestic.	Trent formation; shell- rock.	
-----	2	hand pump.	drinking.	Trent formation; rock.	See water assay No. 53, table 1, pp. 494, 495. See water assay No. 54, table 1, pp. 494, 495.
-----	-----	force pump.	boiler.	Trent formation; shell- rock.	
-----	-----	force pump.	boiler.	Trent formation; shell- rock.	
-----	-----	steam pump.	domestic and boiler.	Trent formation; shell- rock.	
-----	-----	pitcher pump.	domestic.	Trent formation; white rock.	
-----	-----	hand force pump.	domestic.	Trent formation; rock.	There are 5 wells at Riverdale, rang- ing in depth from 55-100 ft. Water hard and ferruginous in all. See water assay No. 62, table 1, pp. 494, 495.
-----	20	force pump.	domestic.	Peedee formation?	
-----	-----	hand pump.	domestic.	Trent formation?	
-----	-----	air pump.	boiler.	Peedee formation.	
-----	-----	-----	not used.	Peedee formation.	
-----	-----	-----	not used.	Peedee formation.	
-----	-----	-----	-----	Peedee formation; lime- stone.	
-----	5	steam pump.	boiler.	Trent formation; shell- rock.	
-----	-----	hand pump.	domestic.	Trent formation; rock.	
5	-----	flows.	not used.	Miocene? rock.
