CONFESSED DYNAMITER, WITNESS

Write McManigal Appears for the State

RE-OPEN DYNAMITING CASES

Long Drawn Trial of Other Alleged Dynamiters is Expected to Begin in Indianapolis

INDIANAPOLIS, Oct. 1.—Stationed within a rail in the small court room where they occupied almost half the space, the defendants charged with complicity in the McNamara "dynamite plots," were placed on trial before Federal Judge Albert B. Anderson today.

Judge Anderson at 9:45 a. m. ordered called "consolidated case No. 3, the United States versus Frank M. Ryan, et al."

On motion of the government the cases against J. W. Ryan, Peoria, Ill.; Andrew J. Kavanaugh, Springfield, Ill., and Patrick H. Ryan, Chicago, were dismissed.

The government announced it had no evidence against them to warrant their trial. All of the men had been identified with the iron worker's union.

At the outset Ortie E. McManigal pleaded guilty.

Eugene A. Clancep and Olaf A. Tvitmore, of San Francisco, pleaded not guilty. All the other defendants at their arraignment last March had pleaded not guilty.

Daniel J. Brophy, Brooklyn, N. Y., a former executive board member of the International Association of Bridge and Structural Iron Workers, was reported unable to attend on account of a broken leg. His absence left fifty men to be tried.

A motion to set aside the order consolidating the cases, made on behalf of the defendants, was sustained. This separated the various indictments, but left the defendants to be tried together.

McManigal, aged about fifty years, short, chubby and of a florid complexion, entered the court room grinning. His eyes twinkled keenly as he glanced at the other defendants.

He closely scrutinized one by one the men with whom, he asserts, he once was associated, but against whom he is now arrayed as a prosecuting witness. As he looked not a sign of recognition other than McManigal's inscrutable grin, passed between them.

SCOTLAND NECK, Sept. 27.—While a party was out in Dr. J. P. Wimberley's automobile, returning to town they passed a party of negroes, who began to yell at them to stop, endeavoring to warn them of the danger ahead, a bridge in the road having been carried away by the heavy rains. Mistaking the yells, Dr. Wimberley, who was driving the car, put on more speed and ran into a large ditch five feet wide. In the party were Dr. J. P. Wimberley, owner of the car; Mrs. Mrs. Wimberley and little son, Joe; Miss Lucy Coppedge, of Greensboro; Miss Olivia Lawrence, Miss Helen Hilliard, Miss Kathleen Tillery and S. A. Dunn.

Fortunately, no one was seriously hurt. Miss Lawrence receiving a dislocation of the arm, and Mr. Dunn and Master Joe Wimberley receiving a number of minor cuts and scratches, the other members of the party escaping without injury save being badly shaken up.

First Annual Fair of the E. C. F. Association

The first annual fair of the Great Eastern Carolina Fair Association Company will be held at New Bern on October 29, 30, 31 and November 1st, 1912. The association has been getting everything in readiness for the last six months and they now announce to the public that this fair will be one of the best and largest ever held in North Carolina.

Several thousand premium books have been issued and are now ready for distribution all over Eastern North Carolina. Six thousand dollars in premiums will be offered in this premium book. Those who desire this book an information are requested to write J. Leon Williams, Secretary, New Bern, N. C., at once and one of these books will be mailed to them.

One of the features of the fair will be the daily monoplane flights by Mr. Frank Champion, the noted aviator. Last year an aviation meet was held in New Bern and Mr. C. C. Witmer made some marvelous flights in a Curtiss biplane.

Another attraction that will draw crowds to New Bern will be two exhibitions daily by Mr. James Hardy, the High Wire King. Mr. Hardy won world's renown by walking across the Niagara Falls on a tight wire several years ago.

The public will have the opportunity of seeing some fine horse racing, as liberal purses have been offered. Inquiries are coming in every day from horsemen.

There will also be exciting motorcycle racing.

The fair grounds are situated on what is known as the "Oaks Farm", a beautiful spot on the Neuse River. The association owns one hundred acres of land. Thirty acres are now enclosed in the fair ground.

There has been erected a magnificent main building, 60 x 200 feet, an enormous grand stand with a seating capacity for thousands, a poultry building, a swine building, sheds for cattle, stables for the race horses, and a standard oval half a mile race track.

Music for the fair will be furnished by A. Passeri Italian Band from Philadelphia.

Wednesday, October 30th, will be children's day. Every school child in Eastern North Carolina will be given a ticket which will give them admission to the fair grounds for that day. Amusements of all kinds for the children will take place on that day.

This fair will be the biggest event of its kind ever pulled off in Eastern North Carolina and special rates will be offered on all railroads.

Meet to Study Commission Rule.

HARRISBURG, Penn., Oct. 2.—The advantages that the commission plan of government offers to the smaller cities formed the principal subject of discussion at a conference here today of representatives of third-class cities and boroughs of Pennsylvania. A. M. Fuller, president of the Allied Civic Bodies, presided and delivered an address on the subject of "Efficiency in City Government." Speakers from other states explained the workings of the commission plan and a committee was named to draft a bill to provide for the adoption of the commission plan by Pennsylvania cities.

Prolific Soja Beans

Mr. J. R. Barnhill, who lives about six miles from town and near Grindle creek, is having wonderful success with soja beans. He has six acres of them this year that his neighbors say are the finest they ever saw. He sent just one stalk over to The Reflector that looks to have fully a half gallon of beans on it.

Tobacco and Oil Trust Come in For Some of His Blunt Criticisms

THE GOVERNMENT CENTRALIZED, HIS IDEAL

(By J. A. Lorente)

St. Peter stood behind the massive door of Paradise, his right hand wrapped around the golden knob, ready for applicants.

Rat-tat-tat! came modestly from the other side. "Who's that?" demanded the doorkeeper. "George Washington, sir," answered a mild voice. "Come in George," answered the saint and tell me what you have done to claim the recompense of eternal paradise. "Not much, sir," replied Washington, meekly, "I just saved my country." "All right, George, I guess you deserve it."

Another faint knock to the door, as Washington was being registered. "Who's that?" "Thomas Jefferson," came back in shaky tones. "Come in, Tom, and let me hear how you expect to stay here with us." "Well, sir," said Jefferson, "I know I did not do so much, still, I saved Democracy in my country, and my people thank me for—"

Jefferson did not finish his sentence. A tremendous noise was heard by all three as they stood behind the door. The rumpus seemed to approach via the stairway. St. Peter, opened the door just a little bit. Through the crack he saw a man coming up, Leketty-clip, four rounds at a time. Fearing the intruder, he drew back and locked the door. The noise neared and neared until it crashed against the door with these words: "Hey, I'm me, I. Bwana Tumbo, Teddy, the Bull Moose, the big Noise, and I WANT TO GET IN."

That's just the way with Teddy. When he makes up his mind about wanting a thing he goes after it and hollers for it. He may or he may not, stop long enough to explain his qualifications to obtain his wish. Of-

tener he does not. So when Bill Taft run the steam roller over him in the primaries, Teddy got up and hollered that he wanted the nomination, because he wanted the presidency.

In his Bull Moose party-swing around the states Teddy marked down in blue pencil the word South. He realized that something could be done in the south and he came. What he did in other states is not of much consequence to us. Into Raleigh did the Colonel roll yesterday evening, a full five minutes ahead of schedule, in other words, at 5:15 p. m. Getting in so early kept him waiting at the station for five minutes, as it would have been ridiculous to enter the town without the help of the 3rd regiment band, which being of the military came on time, that is 5:20. Teddy put in the five minutes wait stretching his legs at the depot, an occupation which he seemed to enjoy with his characteristic energy.

They finally got Teddy in an automobile and the band preceded him through the two principal streets of the state capital. By the crowds massed along sidewalks or hanging out of office buildings to catch a glimpse of the Bull Moose chief, it is evident that if North Carolinians don't think much of his policies, they certainly want to see the best advertised human being in the world. In his customary gray serge suit, broad felt hat poised over his head by his right hand and bowing acknowledgement to the welcoming Tar Heels, the hero of San Juan Hill, sat back on the automobile, occasionally drawing up his lips and showing enough ivory to carve a full set of pool balls, cue ball included. That's the de-lighted smile, you've heard about so much

LIEUT. MORRISON KILLED ON BOARD

The Explosion Blows Off Turbine Engine

TESTING SHIP AT THE TIME

Other Eight Are Seriously Hurt, Steam Chest Blown Open by Force of Explosion

NEWPORT, R. I., Oct. 1.—Lieutenant Donald P. Morrison was killed and eight men injured today by the explosion of the steam on the torpedo boat destroyer Walke.

The accident occurred off Brenton's Reef lightship while the Walke was preparing for her second quarterly trial.

Lieutenant Morrison entered the service from Missouri in 1902.

The seriously injured were:

Lieutenant Robert L. Montgomery, of the destroyer Fanning; E. B. Crawford, gunner's mate of the destroyer Patterson, the umpires named to watch the tests; and the following members of the Walke's crew:

J. W. Rumps, machinist's mate, first class; H. L. Wilder, machinist's mate, first class; D. S. Kelly, chief machinist's mate; J. Delaney, first class, fireman; W. E. Kraus, oiler, and F. E. Conway, oiler.

The Walke was in company with several other destroyers when the forward end of the port turbine, together with the steam chest, was blown off.

Lieutenant Morrison, the chief engineer on board, was instantly killed, and the others were badly scalded. Signals were at once hoisted for assistance and a wireless dispatch sent to Rear Admiral Osterhaus, on board his flagship Connecticut, at anchor off Jamestown.

The destroyers Perkins, Sterrett and Maprant immediately went to the assistance of the Walke. A heavy southerly gale was blowing, but efforts were made to send a line on board the damaged craft.

It was then discovered that her starboard engine was in commission.

The Walke steamed back into the harbor and ran alongside the hospital ship Solace, on board of which had assembled the greater part of the medical staff of the fleet.

The wounded were transferred and the Walke was sent to the torpedo station for repairs.

The torpedo boat destroyer Walke was launched at the yard of the Fore River Shipbuilding Company, at Quincy, Mass., November 3, 1910. She is a sister vessel of the destroyers Perkins and Sterrett and has a displacement of 742 tons. Her complete crew is 89 men.

East Texas Opens.

TYLER, Texas, Oct. 2.—The annual exhibitions of the East Texas Fair Association opened today under the most favorable conditions. The exhibits of horses, cattle, sheep, and swine and poultry are the best ever seen here, and everything points to a most successful fair. The exhibit of machinery is very large and includes all kinds of modern improved farm implements and labor-saving devices.

Dr. T. G. Basnight left Tuesday night on the Norfolk Southern for Norfolk where Wednesday afternoon he wed Miss Emma Wilcox, of Richmond. From Norfolk they go on a bridal tour to New York and Niagara Falls before returning to his home here.

CHAPEL HILL PRES. EXPLAINS

Wanted to Suppress News From College

AT ODDS WITH NEWSPAPERS

According to President Venable the Press is Partly to Blame for the Student's Stand

CHAPEL HILL, Oct. 1.—President F. P. Venable on his return from Raleigh where yesterday he appeared before the executive committee of the board of trustees, in fulfillment of a promise, read his official statement as to reasons of the wholesale expulsion of students recently, in chapel this morning. Both faculty and student body gave an attentive ear to his exposition of the matter. Turning aside from his subject proper, President Venable sought to flay what he termed "sensational newspaper utterances", and in emphatic terms branded the newspapers that carried the names of students expelled (which consisted of all the leading North Carolina dailies) as committing a "gross injustice". For years reporters have been current here and in the state that news had been suppressed here that vitally affected the life of the state and should have been turned loose to the papers as public property. And in the light of recent developments, in which President Venable put forth strenuous efforts to suppress news in the strictest sense, has caused the comment to become general in Chapel Hill that the denunciations of newspapers is only in keeping with President Venable's time honored policy to suppress news that should have been given as much publicity as possible.

President Venable's statement follows:

I am not only willing, but anxious to make clear to the students action taken by the faculty. First, because it is important for them to understand it and to see that simple justice has been done for without the feeling that the government is just the attempt to govern is hopeless. Secondly, the statement why punishment has been inflicted serves to fix in mind both punishment and offense far better than the annual recounting of the laws which often falls on heedless ears. The university law forbids hazing in any form. I am well aware that the student definition of hazing differs in varying groups of students and often widely from the interpretation of the faculty. The faculty cannot accept any other interpretation than their own. Hazing in any form is a broad phrase and covers everything from physical violence to any foolish and humiliating performance which a gentleman would not willingly do in public under ordinary circumstances. The fact that it is done without resistance and on a simple request has no bearing on the matter. The young stranger may well believe that resistance would bring about something still worse.

How is this for some Tobacco?

Tobacco Figures for the Last Season Place Our Market in a Conspicuous Place Near the Lead

A total of 115,627 pounds of leaf tobacco was sold on the leaf tobacco market of the state from August 1, 1911, to August 1, 1912, long ago that we announced that according to statistics gathered by the North Carolina department of agriculture and announced today, the Winston-Salem, which has long been the bumper market of the state, led all rivals by over three million pounds, Wilson and Greenville coming second with nearly ten million pounds.

Also Wendell, Zebulon and Pine Bluff Springs have rather prominently in the report while Roxboro, Durham and Henderson are above the million pound mark.

The sales for the past year fell short of the sales of the year ending August 1, 1911, when a total of 127,854,047 pounds was sold. The records for the past year follow:

Mr. Blount Pearce Dead

Though the end had been expected for some days, it carried sadness to every heart who knew him when it was told that Mr. Blount C. Pearce had passed away. He died about 4 o'clock Friday afternoon, at the home of his mother, Mrs. Georgia James, and is survived by the mother and two half brothers, Masters Will and Dick James.

Blount Pearce was nearly 24 years old, and the death of one so young whose life was once so full of promise, is sad beyond expression in words. About four years ago that dread destroyer, tuberculosis, fastened its fangs upon him and though everything holding out any hope came to check the progress of the disease continued until it snuffed his young life away. He suffered much in these four years, yet bore it all with patience and Christian resignation. For weeks before the end he realized that he must die and was prepared for it. While he hated to give up his life, death held no fears for him, and he met it with a trust in Christ that assured him "There'll be no dark valley when Jesus comes."

Blount was a good boy and his devotion to his mother and his brothers and his solicitude for them, was laudable. For some years before his sickness he was a clerk in the postoffice where he was exceedingly popular. Everybody esteemed him for his brightness, his courtesy, and he never was lacking friendly.

The funeral took place at 4 o'clock Saturday afternoon conducted by Rev. E. M. Hoyle. The pall bearers were Messrs. J. B. Joes, John Shelburn, N. S. Warren, R. A. Tyson, Jr., M. F. White, Chas. Horne, A. L. Blow, Jr., R. C. Flanagan, F. M. Wooten, J. L. Smith, C. B. Whitchard, J. L. Starkey, Roy Hearne, J. L. Anderson.

Mr. Pearce was a member of the Improved Order of Red Men and the local tribe attended the funeral and took part with his burial ceremony.

The Channel Between Greenville and Washington Is To Be Six Feet Deep At Low Water

The much needed and hoped for improvement for navigation purposes in Tar river will be tackled by Uncle Sam within three months. With the new year the necessary dredging machinery will be here and the work commenced to make a channel 6 feet deep at low water from the county bridge to Washington.

Considering that it is not so very long ago that we announced that by appropriation had been made for this purpose, we must congratulate our Winston-Salem, which has long been the bumper market of the state, led all rivals by over three million pounds, Wilson and Greenville coming second with nearly ten million pounds.

Also Wendell, Zebulon and Pine Bluff Springs have rather prominently in the report while Roxboro, Durham and Henderson are above the million pound mark.

Two Cars Tumble Over to Either Side of the Tracks. Baggage-man Was the Only Person Hurt

The train due at the Norfolk Southern depot at 1 a. m. steamed in this morning about eight hours behind schedule, or a little after nine o'clock. Reason for the unlooked for delay being one of those unhappy circumstances that cause railroad cars to stray from the straight and narrow steel path.

Everything on the train was well until a point between Wilson and Siler was reached. Here the star that shines over the Norfolk Southern passenger schedule shamefully winked and a couple of cars flopped over to either side of the track. The usual excitement prevailed for a little while, but unfortunately it did not take long to ascertain that no passenger had sustained injury, the baggage-man, however, annexing a few bumps.

The routine of coaxing the cars back to the line of work they were built for was tackled with the skill lent by experience and some few hours later the snorting iron horse was again let loose Greenvilleward. One of the lucky passengers on the train was Mr. Thence Cox, the well known traveling man, with headquarters here.

It is supposed that the recent heavy rains are to be credited with the mishap.

W. H. FLAKE DEAD

W. H. Flake died Saturday night, September 29th, at the home of his daughter in Greenville. This man's life has been spent in the service of his fellowman and his living earned by the sweat of his brow. Henry Flake was a plain, hard working, industrious, honest and frugal man. He attended strictly to his own business and gave little attention to that of others; consequently he was employed whenever he chose to be employed, and few indeed were the kind who he spent his life with. He was a good man and his nature was the nature of his name.

W. H. FLAKE DEAD

W. H. Flake died Saturday night, September 29th, at the home of his daughter in Greenville. This man's life has been spent in the service of his fellowman and his living earned by the sweat of his brow. Henry Flake was a plain, hard working, industrious, honest and frugal man. He attended strictly to his own business and gave little attention to that of others; consequently he was employed whenever he chose to be employed, and few indeed were the kind who he spent his life with. He was a good man and his nature was the nature of his name.

NEW MEMBERS OF THE TRAINING SCHOOL FACULTY

Miss Mary Barrett, of Athens, Ga., has charge of the work in primary methods in place of Miss Duhaney. Miss Barrett comes with the best of training and equipment. Get at the root of the trouble. Rubbing an aching back may relieve it, but won't cure it if the kidneys are weak. You must reach the root of it—the kidneys. Reach the cause; relieve the pain. Begin at once with Doan's Kidney Pills. Are recommended by thousands. Here is a statement from a resident of this vicinity.

Mrs. James Garris, Twelfth street, South Greenville, N. C., says: "I am pleased to add by endorsement to the many already given in favor of Doan's Kidney Pills. For a long time I was troubled by my kidneys and I suffered intensely from backache and pains in my shoulders. Headache and dizzy spells bothered me and I rested so poorly that when I got up in the morning, I was in no fit condition to begin my work. When I read of Doan's Kidney Pills, I immediately got a supply from the John L. Wooten Drug Co., and to my delight, they did me a world of good. I can now rest better at night and my back and kidneys do not bother me."

Widow of A Noted Virginia Author Dies in Hanover County

RICHMOND, Va., September 30.—Mrs. Elizabeth Burwell Page, 92 years old, only surviving grandchild of Thomas Nelson, Jr., governor of Virginia and commander of Virginia militia forces at the battle of Yorktown, died yesterday in her home, "Oakland," near Montpelier, Hanover County.

Mrs. Page was the widow of Major John Page, a noted Virginia. She lived and died in the place where she was born, on land granted by the English crown to her grandfathers in the early part of the eighteenth century.

Mrs. Page is survived by three sons, Roswell Page, Second Auditor of Virginia; the Rev. Dr. Frank Page, formerly of Brooklyn, N. Y., but now of Fairfax Court House, Va., and Dr. Thomas Nelson Page, of Washington, D. C., the author.

Baptism Sunday Night
At the service in the Baptist church Sunday morning one person was received into the membership by letter and one as a candidate for baptism. Another was received for baptism at the night service and the ordinance was administered after the sermon. It was the first baptism in the new pool that was built at the time the pipe organ was installed.

Tampa Has Characteristics of Other Great Cities
(By D. J. Whitehead)

Tampa, Fla., Sept. 23.—The traveler who has taken in the western shore of our continent will recall that San Francisco has her China Town, a considerable section of the city where the Chinese residents live in themselves. Tampa has her counterpart of this in Ybor City, a section occupied almost exclusively by Spaniards, Cubans and Italians, each nationality being somewhat to itself. They have their banks, one noticed with a capital of \$100,000; their stores, some of them as fine and attractive as any in the city; their club buildings, places of amusement, coffee houses, so that it appears much like a city in their native country. A Saturday night trip through Ybor City is a reminder of China Town in San Francisco or the Bowery in New York, though with an absence of dangers that affect both the latter. Here the visitor can go at will without the least fear of molestation.

Illinois Woman Suffragists Meet
GALESHURGH, Ill., Oct. 1.—Practically every section of the state is represented in the forty-fourth annual convention of the Illinois Equal Suffrage Association, which opened here today for a session extending over two days. One of the features of the opening day was the introduction of the women candidates for positions as trustees of the University of Illinois. Mrs. Elvira Downey, the president of the association, presides over the sessions of the convention.

TAMPA, Fla., Sept. 23.—The citrus industry is a big asset to Florida. We have stated before this year's crop is expected to bring \$15,000,000 to the state. Recent years have brought a decided improvement in marketing the crop. This is done mainly through the Florida Citrus Exchange, whose headquarters and main offices are in Tampa. The exchange has branches and packing houses throughout the orange district. It is jealous of the reputation of Florida fruit, and not only looks to the interest of the grower, but also of the consumer. Every package of fruit bearing the stamp of the citrus exchange has the guarantee of being just as represented and orders thereon are filled at the time stipulated. This is not the case when fruit is bought indiscriminately from independent shippers, who will palm off on the buyer anything that looks like an orange and will only fill orders if they happen to pick up the fruit under the price agreed upon, and failing to fill them is agreed in case of an advance in price or an opportunity to get more from other buyers. There is no reliability as to quality, no certainty of getting the goods when buying outside the exchange.

Another thing the citrus exchange has done is to secure the enactment of laws regulating shipments of fruit from the state. These laws forbid the shipment of green, premature and inferior fruit that places the consumer in such poor condition as to injure the reputation of Florida in competition with that from California. Even this early when the fruit is barely beginning to turn, some independent shippers anxious to be first in the market, and who are not aware of this, are trying to smuggle car loads of green grape fruit out of the state contrary to the citrus laws. Representatives of the exchange are on the lookout for such shipments and when intercepted the fruit is confiscated and the shippers prosecuted. But with all this diligence an occasional car slips by.

Leaving Tampa for home the trip back nearly to Jacksonville was a revelation. Around Plant City, Lakeland, Orlando, Winter Park, Sanford and other points the orange groves are immense. Stated also noted as the celery city. All we are of Florida was full of interest and the trip will be long bold in pleasant memory.

Steel Hearings Resumed
PITTSBURGH, Pa., Oct. 1.—Hearings in the suit instituted by the government a year ago for the dissolution of the United States Steel Corporation were resumed in this city today before Henry P. Brown of Philadelphia, the special examiner appointed by the Federal court to take testimony.

To End Pollution of the Lakes
OTTAWA, Ont., Oct. 1.—The international joint commission on waterways met in this city today for what is regarded as the most important session that has yet been held by that body. The chief purpose of the meeting is to formulate a program for the investigation of the pollution of the great lakes and other boundary waters between the United States and Canada. This question, in the opinion of officials of the two governments has become the most pressing of all problems affecting the welfare of the people of the two countries.

Many Driven From Home
Every year in many parts of the country thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs, make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Absolve Under the Ban
WASHINGTON, D. C., Oct. 1.—The United States today joined the list of nations that have placed a ban on absinthe on the ground that it is injurious to health. In conformity with an order issued last July by the board of food and drug inspection the beverage is barred from the country from the date. The order prohibits its importation, interstate shipments or sale.

REPUBLICANS' EXTRAVAGANCE

DEMOCRATS' GREAT RECORD

Government Cost More Than Doubled Under Roosevelt.

Startling Figures Which Show That the Cost of Our National Existence and the High Cost of Living Must Be Reduced.

Under a proper downward revision of the Republican tariff schedules the people of the United States would save \$2,000,000,000 each year, or over \$100 per family on manufactured goods alone.

President Taft's veto of the wool tariff bill and the steel tariff measure passed by a Democratic house COST THE PEOPLE OF THE UNITED STATES ABOUT \$50,000,000 PER ANNUM.

The cost of conducting the federal government MORE THAN DOUBLED between the close of President Cleveland's second administration (Democratic) and the beginning of President Roosevelt's second administration (Republican).

AS THE DIRECT RESULT OF HIGH REPUBLICAN TARIFF SCHEDULES the people of the United States pay a tax FROM NINE TO EIGHTEEN PER CENT on food and ordinary household articles used in the home by every family, rich and poor.

The total cost of running the federal government in 1890 was \$55,000,000. The amount appropriated at a single session of the Sixty-first congress for the fiscal year 1911—\$1,027,133,416.44—exceeds the total of the entire federal government in 1890 and 1891 by \$1,496,651,513—appropriated for the fiscal years 1897 and 1898 at both sessions of the Fifty-fourth congress, the congress of the second Cleveland administration.

Only eight years elapsed between the close of the second administration of President Cleveland and the beginning of the second administration of President Roosevelt and yet the amount appropriated during the four years of the latter—\$3,842,203,577.15—was more than double that appropriated in the four years Mr. Cleveland was at the helm—viz, \$1,871,585,874.

For 1910, the last fiscal year provided for in Congress under President Roosevelt, the highest mark in appropriations—\$1,944,401,857.12—was reached.

President Taft's estimate to the last session of congress for government support for the fiscal year was \$1,940,618,025.55.

In other words, governmental expenses for the FOUR YEARS of President Cleveland's administration (Democratic) were only \$38,861,621.92 more than President Taft's (Republican) estimate of the amount necessary to cover the expenses of ONE YEAR of President Taft's administration (Democratic).

Congressman John Fitzgerald of New York, a Democrat and chairman of the committee on appropriations, in addressing the house Aug. 26, 1912, on the subject of appropriations said: "Thoughtful men have watched with alarm the rapid increase in the cost of government in the United States." He further said that two causes seem responsible for many present evils: "One, the UNFAIR AND UNJUST SYSTEM OF TAXATION by which an undue share of income by those whose circumstances in life are not considered more than reasonably comfortable is taken through our customs laws for the support of our government; the other, that two causes seem responsible for many present evils: "One, the UNFAIR AND UNJUST SYSTEM OF TAXATION by which an undue share of income by those whose circumstances in life are not considered more than reasonably comfortable is taken through our customs laws for the support of our government; HAVE THE RAILROADS AND SIMMONS' FRIENDS COMBINED AGAINST JUDGE CLARK?

For some time, the friends of Senator Simmons, rendered desperate at the certainty of his defeat have been quietly using against Judge Clark the same attack that the Southern Railway and American Tobacco Company made on him in 1902. Mr. J. O. Carr, one of Simmons' leaders, has come out into the open and publicly made the charge over his signature.

The charge of the Railroads and Simmons' Friends

"It is also known that in 1896 Judge Clark accepted the nomination from the Republicans and was elected to the Supreme Court bench while Connor and other Democrats refused to accept such nomination and that the distinguished Judge wrote many intimate letters to Gov. Russell during his administration, commonly known as "The Please Burn Letters".

Read the Facts

Judge Clark was nominated for office in 1896. The reference made to his nomination in 1894. If you recall the facts or will look up the name of your files, you will find that in 1894 either Justice Connor or Justice Walter Clark was nominated.

In regard to the letters which the railroad attorneys and Simmons' friends charge Judge Clark with writing to Governor Russell, it will amuse, before accepting their endorsement, Judge Clark sent for F. M. Simmons, who was state chairman of the Democratic party at that time and asked for his advice. Mr. Simmons told him by all means to accept the endorsement as it also insured his election and the Democrats should not run the risk of being defeated by refusing endorsement.

Judge Clark asked F. M. Simmons to put that in writing and he would endorse the endorsement. Mr. Sim-

THE FARMERS' UNION PLATFORM

Twenty Reforms Which the National Farmers' Union Endorsed at the Chattanooga Meeting.

At the recent meeting of the National Farmers' Union in Chattanooga, Dr. H. Q. Alexander, president of the North Carolina Farmers' Union, was made chairman of the committee on legislation and drafted a notable platform which the convention enthusiastically approved. Here is the platform in full:

1. The election of United States president by direct vote of the people.
2. The election of supreme court judges by the people.
3. The election of United States Senators by vote of the people.
4. We endorse the income and inheritance taxes as a method of raising revenue.
5. That the rules of the lower house of Congress be amended so that it is impossible for the Speaker and chairman of committees to block or control legislation.
6. That the banking laws be made in the interest of borrower as well as the lender.
7. That Congress shall not delegate to individuals or corporations the right to regulate the circulating medium as it now delegated to the national banks.
8. That the natural resources, iron, coal, petroleum, phosphate beds and water powers be reclaimed from corporate monopoly and be held for the benefit of the people.
9. That the initiative, referendum and recall be adopted by the national government to the end that the government may be responsive to the will of the people.
10. That the policy of the Government should encourage home ownership of land and to that end alter ownership of land should be prohibited.
11. That corporations should not be permitted to own more land than is needed for the conduct of their business and not at all for farming purposes.
12. That individual ownership of land should be restricted by graduated taxes and absentee taxes.
13. That immigration should be effectively restricted.
14. That legalized primaries shall take place of political caucuses.
15. That stringent corrupt practices act should be enacted by the national government and all the states making it a felony with heavy penalty for offering or receiving bribes.
16. That a parcels express be conducted by the government for the benefit of the people.
17. That public schools shall be conducted not less than six months each year and elementary agriculture and domestic science shall be taught.
18. That county agricultural high schools should be established in every county where practicable.
19. That our agriculture and mechanical college shall provide course in marketing and distribution.
20. That we heartily endorse all legislation pending in Congress to promote vocational education.

Clark by nominating him for Chief Justice in the Democratic state convention of 1902 by a vote of 1160 to 60 and then ratified it by giving him a majority of over 62,000 at the polls in November.

Has There Been Another Conference?

Like that of the Chief Conference of the railroads in 1902 and in this attack the result of it? Have the leaders of F. M. Simmons become so desperate at his defeat that they have decided to aid the railroads in their attack on Judge Clark? If so, the people will undoubtedly again repudiate this attack at the polls this November by giving Judge Clark another majority of over 62,000.

This is My Birthday

Carl Hayden

Carl Hayden, who has the distinction of being the first congressman sent by the new state of Arizona to the national house of representatives, was born in Tempe, Arizona, October 2, 1857. After graduating from the Normal School of Arizona in 1886 he attended Leland Stanford, Jr. University, where he distinguished himself as a member of the football team. Upon his return to Arizona after completing his university career young Hayden succeeded his father in the presidency of the milling company which that year before had built the first flour mill in Arizona. His public career began ten years ago with his election as treasurer of his home county. Following this, he was twice elected sheriff and upon the admission of Arizona to statehood last year he was the Democratic choice for delegate-at-large to Congress and ran neck and neck with Senator Ashurst for first honors as a vote getter.

Interesting Clause About State-Wide Stock Law

INVESTIGATE CREDIT SYSTEMS

At Their Meeting of Last August, North Carolina Farmers Drew and Offered Golden Set of Resolutions

The North Carolina State Farmers' Convention, in annual session assembled Aug. 27-29, 1912, through its committee offers the following resolutions:

1. We recommend that the next legislature pass an act authorizing a state wide dog-tax, the proceeds of which to be appropriated to the school fund.
2. Resolved, That we favor a state wide stock law for North Carolina.
3. That we favor the discussion of scientific marketing along with scientific production at the institutes.
4. Resolved, That we desire to express our appreciation of the co-operation between our great state, Department of Agriculture, the A. and M. College, and the U. S. Department of Agriculture and we further recommend a thorough unification of action on the part of these institutions in all things that pertain to the agricultural development of our great state. And that there should be a competent demonstration agent in every county of the state who shall act as County Commissioner of Agriculture.
5. Resolved, That we desire to go on record as being in thorough sympathy with the Girl's Tomato Clubs and Boy's Clubs that are doing such great work in our state.
6. Resolved, That the action of the Southern Commercial Congress requesting each state to send two representatives to Europe to study the subject of agricultural credit was wise and timely.
7. Resolved, That this Convention appoint a committee to confer with the State Department of Agriculture and see whether the Farmers' Institutes can in any way better meet the needs of the people of the state in their various localities.
8. Resolved, That this Convention go on record in our legislature to not divert the inspection tax from uses to which it is now applied; but that the same be left in the hands of the Board of Agriculture to be applied to the assistance of poor families whose bread winners have been called up for military service.
9. Resolved, That the same committee appointed to confer with the board of agriculture in reference to institutes work confer further with that board in reference to eradicating hog cholera.
10. Resolved, That the farmers and their wives and their children endorse the movement to erect a suitable memorial to Dr. S. A. Knapp who did so much for the farmers of the South.
11. Whereas, Good Roads are necessary for the development of any county, and,
- Whereas, there is a great awakening in the improvement of our highways throughout the state,
- Therefore, Be it Resolved, That it is the sense of the Farmers' Convention of North Carolina that the construction of the state should be put to work on our roads, instead of work-

BALKAN STATES DECLARED WAR

Turkey Is Surrounded by Her Enemies

MONTENEGRO'S DECLARATION

Peace Mediation Having so Far Failed Turkey Faces War From All Sides of Her Realm

CETTINJE, Montenegro, Oct. 8.—Montenegro formally declared war on Turkey this morning.

The declaration of war was delivered to the Porte by the Montenegrin chargé d'affaires early today.

Heavy fighting is already in progress along the frontier.

Nine battalions of Turkish troops which were proceeding from Sautari to Tusi, along the Montenegrin frontier were attacked late yesterday by a detachment of Malissori tribesmen.

The fighting began just outside Tusi and continued all night with vigor. The battle was still in progress this morning.

Powers Make Representations.

Sofia, Bulgaria, Oct. 8.—The Austrian and Russian ministers at noon today made joint representations to the Bulgarian government on behalf of the powers.

They informed the Bulgarian government that the powers strongly disapproved of the warlike attitude of the Balkan states and urged upon them the prompt cessation of the military concentration.

They advised the government to leave to the cabinets of the great powers the task of assuring Macedonian reforms.

Diplomats are Given Passports

Belgrade, Serbia, Oct. 8.—M. Plamenatz, the Montenegrin chargé d'affaires at Constantinople, has been ordered to leave here today.

The Turkish charge d'affaires here has been handed his passports by the Montenegrin government.

Cross Turkish Frontier

Belgrade, Serbia, Oct. 8.—Reports reached here today that Montenegrin troops had crossed the Turkish frontier.

The Serbia Parliament today voted an extra credit of \$3,000,000 for military purposes and the merchants of this city are making large donations to the fund for relief of the assistance of poor families whose bread winners have been called up for military service.

Premier Pachitch, speaking at the conclusion of the debate in the Serbian Parliament, declared that the treatment of the Serbians in Macedonia had gone from bad to worse and endure the suffering of their brethren across the border. He insisted that the Ottoman government should be compelled to carry out reforms in the provinces of Turkey in Europe.

MRS. STEPHEN B. AYRES
Corresponding Secretary of the Woman's National Democratic League.

The Women's National Democratic League, of which Mrs. Woodrow Wilson and Mrs. Thomas R. Marshall, wives of the leading Democratic candidates, are honorary president and honorary vice-president respectively, and Mrs. John S. Crosby is president, has opened headquarters at 1123 Broadway, New York city, in charge of the corresponding secretary, Mrs. Stephen B. Ayres, wife of Congressman Ayres of New York.

The work being accomplished daily by Mrs. Ayres and her corps of stenographers and aids is not for the campaign moment only, but for the building for the future of Democracy. It is the first strictly woman's national political movement to be organized in the United States and, as such, appeals to thinking women everywhere.

"It has not declared for or against the question of equal suffrage nor should it be expected to do so any more than it would discuss the questions of religion," said Mrs. Ayres from her post as "live wire" of the league.

"We are simply good Democrats banded together for the greatest good to the greatest number of American housewives, who today are required to pay more in this country for American goods than they would have to pay for the same goods in a foreign land."

She is especially interested in the tariff on articles in constant feminine use and has developed an interest in the "housewife's" meetings of the tariff committee of the national Democratic committee.

KITCHIN-SIMMONS DEBATE IN BURGAW

GREENVILLE LAWYER, MR. ALBION DUNN, ABY REPRESENTS GOV. KITCHIN IN BURGAW

DUNN SAID TO HAVE MADE VOTES

(A. M. Faison)

BURGAW, N. C., Oct. 7.—Ex-Congressman Thomas representing Senator Simmons and Mr. Albion Dunn representing Gov. Kitchin engaged in joint debate here today. Dunn opened in a speech of one hour. Thomas replied for one hour. Both speakers had fifteen minutes rejoinder. Dunn went fully into the record of Senator Simmons in 1908, 1909, 1910 and 1911, showing how the votes of Simmons upon lumber, coal, iron and reciprocity were absolutely contrary to Democratic principles. He made Congressman Thomas admit that his vote on reciprocity and the ship subsidy were contrary to Simmons' vote on these questions. In the course of his remarks he laid down the proposition that if North Carolina is committed to protection Kitchin will be defeated, that if the state on the contrary is to remain in the Democratic faith and hold to Democratic principles, then Simmons ought to be defeated. He further showed, to the satisfaction of good Democrats, that Governor Kitchin has made a faithful public servant and is needed in the United States Senate to apply and carry out the program of President Wilson.

Thomas, in an hour's rejoinder, ridiculed the charges and dodged the issues absolutely failing to explain the conduct and vote of Senator Simmons in upholding the hands of segregationists in his tariff legislation.

On Dunn's rejoinder, he showed that Thomas had refused to meet the issue and proved in the face of the record Senator Simmons never being able to explain Simmons' vote on these questions.

Thomas in reply still failed to meet referring to the youth of his opponent the charges against Simmons' record and his own vast superiority as a debater. This was amusing to the supporters of Governor Kitchin when they knew that Thomas had refused to meet the issue and proved in the face of the record Senator Simmons never being able to explain Simmons' vote on these questions.

GOVERNOR WILSON WILL WIDEN MARKET

WILSON WIDEN MARKET

In Kansas, He Favors the Labor Alliance

THE TRUST UNION'S ENEMIES

View of the Interests is That of Controlling the Labor Market and Imposing Their Price

NORTON, Kan., Oct. 8.—That the "very men who have been most successful in building up the trusts are also the very men who have been the most successful in preventing the organization of labor" was the contention of Governor Woodrow Wilson in an address here today devoted largely to what he characterized as pervasive power of the great interests which now dominate our development.

"Don't you know," he asked, "that one of the objects of their combination is to control the labor market? And do you imagine that they have ever set deliberate plans for giving the workingman anything comparable in the way of wages to the proportion of the profits which they themselves pocket? They do not have to give the laboring man any more than he can get in the competition of the market. And they do not give him any more. As a matter of fact, some of the most highly productive industries in this country pay very much lower wages than the unprotected industries. And some of the most highly protected industries pay wages that are below the living scale, at the same time that the prices they are making are so great that they can build new factories out of their surplus every second year. It is one of the greatest pieces of bluff and humbug that has ever been known in the history of political deception.

"I want to widen the market for American labor. I want to see conditions exist in which men will compete for American labor. I want again to see a time come when we shall realize that the highest priced labor in the world is the cheapest labor in the world, that what is produced by brains and intelligence and skillful touch is a great deal cheaper than what is produced by stupidity and dullness and the whip of the master."

"I tell you this, that American labor up to date, is the cheapest in the world. I can prove it. American manufacturers compete in foreign markets in the sale of goods manufactured in those markets, near those markets, and the American workingman is told that the amount of his wages depends upon the protective tariff. It doesn't. It depends upon him. It depends upon what is inside his thinking box. And when you once get a system of regulated monopoly, then you get a system of controlled labor. I don't forget that. Narrow the lines of competition and you stiffen the lines of labor control. You have not now a free market for your labor any more than you have a free market for your commodities, for under this system of controlled labor, don't forget that, the monopolist can determine the amount of goods to be produced, and therefore determine the amount of laborers to be employed and the prices that the goods are to bring.

One Case of Yellow Fever Brought in Recently in New Orleans

NEW ORLEANS, Oct. 8.—A well developed case of yellow fever was taken from the British steamer Chaucer when the vessel arrived at Quarantine station at the mouth of the Mississippi river today. The patient is a Greek who boarded the steamer at Santos, Brazil.

The patient was placed in the detention ward of the Marine Hospital and the Chaucer was placed in quarantine for six days. Dr. Corbett, of the quarantine station, stated there were no other suspects aboard the steamer, but that all members of the crew would be subjected to close examinations.

Five Cattle

Monday evening Sheriff S. I. Dudley received by express two fine Holstein cows, 5 years old, to add to his dairy stock. He bought the cows in the northern part of New York, near the Canadian line, paying \$250 for them there and the express charges amounted to \$88.35, making the cost of the two cows \$338.35 delivered. Not long since Sheriff Dudley bought a high grade bull in Ohio that cost him \$100. He believes in having fine stock.

SECTION MAN'S CHILD KILLED BY A. C. L. TRAIN

FIVE YEAR OLD DAUGHTER OF THOMAS MANNING ON TRUCK WHEN CATCHER HIT HER

MOTHER ATTEMPTED TO RESCUE

A most unfortunate accident happened yesterday evening as the A. C. L. train due in Greenville at 6:32 swept from the track the five-year old daughter of Thomas Manning, a section hand of the road, and killed her instantly. The fatal accident took place at a point between Parmelo and Whitehurst almost opposite the place where the Mannings live.

The child was in the middle of the track when the train bore in sight and the mother of the infant, who had probably learned the track to persuade the child to leave her place of danger, took in the situation at a glance and made a brave effort to reach her daughter, but before she could accomplish it, the cowcatcher of the locomotive had hit the child and thrown her quite clear of the tracks.

The engineer immediately stopped the train and with the help of some of the passengers picked up the little girl, already dead from the impact and carried her to the house.

For Lower Express Rate.

WASHINGTON, D. C., October 9.—This was the date tentatively fixed by the Interstate Commerce Commission for the express companies to show cause why the new rates fixed by the commission should not be adopted by them. But as the new parcels post system has raised some complications in the adjustment of the express rates, which the commission as well as the express companies will take some time to straighten out, it is regarded as likely that the hearings on the new rates will go over until December.

According to passengers the engineer of the train stated that he did not see anything of the child on the tracks. It being already quite dark when the fatality occurred.

Mr. Manning, the father of the little girl, was not at home when the accident took place.
