**EASTERN REFLECTOR.**  
GREENVILLE, N. C.  
D. J. WHICHAARD, Ed. & Owner

Entered at the Post Office at Greenville, N. C., as Second-Class Mail Matter.

TUESDAY, MAY 7, 1901.

And now the great ship building concerns of the country have combined with a capital of \$70,000,000.

Reidsville, Durham, Kinston, Lexington, Mount Olive, Henderson and Greenville are soon to vote on the graded school tax question. Greenville should not let the other towns get ahead of her. The community that looks well to educational advantages is the one that succeeds best.

The Pan-American Exposition at Buffalo was opened yesterday. May 1st. It was arranged that President McKinley should press the button that set in motion all the machinery in the exposition buildings, and he did this notwithstanding he was at the time on his tour. He pressed the button in Vicksburg. The exposition will be in progress until November 1st.

Talk about imperialism, did ever a ruler of any country go on a more elaborately equipped junket at the expense of his subjects than President McKinley is now making? Just think of it—seven elegant Pullman cars for a party of thirty-eight people, with the President and his wife occupying a car all to themselves. This is the biggest blow out of the age, and the dear people are paying for it.

**Membership Fee Raised.**

At a recent meeting of the Tobacco Board of Trade of Kinston, N. C., the membership fee was raised from \$25 to \$100 per year. This is quite an unusual occurrence for a tobacco market, as we had always understood that buyers were wanted at these smaller markets, and we think that placing such an enormous fee for membership on that market will mean a great loss to the city. From this action we gather that this fee is raised to keep out all new comers, to keep out competition, and if it is not rescinded, it will have the desired effect, as there is no firm in the whole tobacco trade that would be willing to pay such an exorbitant sum. Their action will not only be detrimental to the farmer, by keeping prices at a minimum, but will also mean a loss to the warehousemen in commissions, though by keeping the fee at \$25.00 would not necessarily have as many new buyers, but it would have a tendency of keeping the market prices where they should be, and the same time all buyers would be on an equal footing. It is understood, however, from a reliable dealer, that this action will be rescinded, inasmuch as the fee was advanced at a called and not a regular meeting, but from what we can gather, the members will advance to \$250.00, which is still out of all reason. We trust, however, that the good people of Kinston will see the folly of doing such a thing at the proper time and fight the idea to a finish. Danville Tobacco Journal.

**Pan-American Exposition.**

The Atlantic Coast Line has put on sale tickets to the Pan-American Exposition. Round trip tickets from Greenville, good to return any time before Nov. 3rd, cost \$32.50, while tickets limited to fifteen days will be sold at \$23.50.

**WASHINGTON LETTER.**  
From Our Regular Correspondent.  
WASHINGTON, D. C., May 3.

It was idle for republicans to deny that this administration is unfriendly to the rich corporations, in view of the donation it is now openly accepting from them. The McKinley excursion to the coast will cost not a cent less than \$50,000 probably considerably more—and it is being accepted as a gift by Mr. McKinley and his fellow travelers. Yet, officers in the Philippines are being tried by court martial for exacting bribes of a few thousand dollars from army contractors. There is not even a pretense that any person in the McKinley train is paying a cent for the trip. The Pullman monopoly furnishes the cars, and it furnishes the motive power and the catalytic agents, etc., during its transit over its lines, and the bill of fare is as good as that furnished by the most expensive hotels. No man of ordinary intelligence believes that corporations give away money without exacting its return in favors of some sort. Mr. McKinley knew when he accepted this donation that he incurred a moral obligation to the donors which would sooner or later have to be met, and the intelligent people of this country know it, too, and will in due season express their opinion of the transaction, at the polls, when their next opportunity comes.

**RESOLUTIONS.**

Adopted by the Pitt county Medical Society at their annual meeting held in Greenville on Monday April 2, 1901.

It is painful to realize that the insatiable Greber, Deah, invaded our ranks on the 18th day of December last and took from among us Dr. Charles James O'Hagan, one venerable in years and faithful service, and for so long a time an honor and ornament to our noble profession. Having chosen medicine for his life work in early manhood he zealously devoted himself to its study and practice, which in due season brought him signal success and distinction and gave him a place of honor in the respect and confidence of his fellow-men. He gained a professional eminence and reputation that we may well cherish with pride and profit. It may be true that in most cases "oblivion treads quickly upon the heels of death," but in the departure of this distinguished physician and honorable man, possessed of qualities and virtues above and beyond the ordinary, his name will be spoken and praised through many future years and the fond recollection of his useful life be treasured in memory's precious casket. His native powers, strengthened and enriched by culture and learning, his versatile talents, his sense of humor and sparkling wit, gave him an attractive and interesting personality and won him friends and admirers in any circle or company. He lived to an honorable old age when the light of this life which had shone with clearness throughout a long career, suddenly flickered and faded away. He was gathered to his final home in a shock of corn sheaf in his season.

Our committee selected to submit this brief testimonial in respect to his memory, cannot overlook the profound sorrow which filled so many hearts at the announcement of his death, and bowing in humble submission to the Divine Will that called our venerable and distinguished brother hence, we can never fail to cherish the value and usefulness of his life on earth.

Resolved, That in the death of Dr. C. J. O'Hagan the medical profession has lost one of its ablest and most distinguished members, whose wisdom and skill, training and experience, gave him an exalted rank wherever known.

Resolved, That in addition to his professional merits and reputation as an individual and citizen his loss is keenly felt by a large circle of friends and acquaintances who appreciated the high order of his abilities, his scholarly attainments, his labors honestly, his social traits, his true generosity and unflinching kindness.

Resolved, That a copy of this preamble and resolutions be sent to the family of the deceased, and that the farmers are digging the earth full of holes in the hope of striking gas. The price of land doubles every time a stranger is seen, the inference being that he is a prospector with a tip that there is oil in the neighborhood.

**Both Were a Game.**

The Greenville base ball boys returned from their trip to Washington and say they had a fine time. They played two games with Washington boys, the first resulting in a score of 11 to 8 in favor of Greenville, and the second in a score of 19 to 18 in favor of Washington.

The people of Kansas are divided in opinion as to the purpose of Governor Stanley in offering a solid silver mug to set of triples born in that State during his second term. There are some who maintain that he desires to encourage a rapid growth of population, while others believe that he is trying to stir up the market price of silver. In the first week after his announcement six mugs were claimed, and all the back counties are still to be heard from.—Philadelphia Record.

**THE KING'S DAUGHTERS.**  
Twelfth Annual Convention.  
WEDNESDAY AFTERNOON.

The convention was called to order at 4 o'clock with devotional services by Mrs. Davis.

A paper prepared by Mrs. Walter Clark, who could not be present, was read by Mrs. Henry Perry.

Reports of circles was resumed, some of them showing excellent work done during the past year.

An appeal from Greenboro for help in caring for a person in the hospital, was read by Mrs. Cherry and met with a prompt and generous response.

Wednesday night was devoted to addresses by Rev. N. M. Watson and Mrs. I. C. Davis. The church was crowded and so part of the convention has been more interesting and inspiring than the addresses. Mrs. Davis is a most entertaining speaker and her heart is enthused with the noble work of which she is the leader.

**THURSDAY MORNING.**

The convention was called to order at 10 o'clock, devotional exercises conducted by Rev. J. N. Booth.

The nominations for officers were announced and the election proceeded. The result of the election could not be ascertained at the morning session.

The advisability of holding missions with the circles throughout the State was discussed at some length and referred to a committee.

The last circle to make its report to the convention was Patent Circle, of Greenville, which showed that with a membership of 20 the sum of \$101.75 was raised during the past year for charitable purposes, in addition to the payments for State and International fees.

There were ten circles in all that reported, and these ten showed a total of \$2,493.92 raised.

The convention will probably finish its work and close tonight.

**THURSDAY AFTERNOON.**

Convention called to order at 4 o'clock.

The following officers were announced elected for the next year: State Secretary, Mrs. W. H. S. Burgwyn, of Henderson.

Recording Secretary, Mrs. Lambert, of Raleigh.

Treasurer, Mrs. J. H. Bridgers, of Henderson.

Executive Committee, Mrs. Henry Perry, Henderson; Mrs. Joe Blake, of Raleigh; Mrs. Hamlin Smith, Raleigh; Mrs. J. B. Cherry, Greenville; Mrs. N. M. Watson, Chapel Hill.

**RALEIGH WAS CHOSEN AS THE NEXT PLACE OF MEETING.**

The interesting memorial service was held at the address delivered by Rev. F. H. Harding on Christian service, and Mrs. Davis followed with a talk on Discipleship. This service was one of much spirituality and earnestness and will be long remembered.

Greenville was long next here and our people derived much pleasure and benefit from the services.

The telephone and telegraph companies in Louisiana, as in Texas, will be saved the cost of digging post holes for the extension of their lines in future. The oil craze has become general in both States, and in Louisiana the distinct companies and all the farmers are digging the earth full of holes in the hope of striking gas. The price of land doubles every time a stranger is seen, the inference being that he is a prospector with a tip that there is oil in the neighborhood.

**WINTERVILLE DEPARTMENT.**  
NEWSPAPERS AND BUSINESS NOTES.

WINTERVILLE, N. C., May 4.

The following resolutions were adopted at a recent meeting of the Jr. O. U. A. M., Winterville Council No. 37.

Whereas it has pleased God in His infinite wisdom to take from our beloved brother, W. B. Wingate, his companion in life, Mrs. Bessie Wingate, therefore be it resolved:

1st. That we bow in humble submission to the will of Him who ruleth all things with kindness and mercy to those who trust in His holy ministry.

Resolved 2nd. That we offer to our bereaved brother our sincere condolence in his sad affliction.

Resolved 3rd. That we cause a copy of these resolutions to be spread upon our minutes.

**TOOK CENTURIES TO BUILD.**  
Cathedral was in process of erection 623 years.

While the dome of Cologne cathedral was laid on Aug. 15, 1248, and the body of the edifice was not opened until Aug. 15, 1848, 600 years later to the very day, it was not, however, until Aug. 15, 1880, that the splendid structure was finally reported completed, having then occupied in building the record time of exactly 632 years.

The castle of Kingsberg, which stands at the southern extremity of Jutland, took 904 years from the laying of the foundation stone to the rigging of its master's banner on its highest flagstaff. Its foundation stone was the skull of its builder's bitterest enemy. The castle was destroyed by the Danes in 1659. It was rebuilt by the Prussians in 1764. It was destroyed by the Danes in 1800. It was rebuilt by the Prussians in 1800.

**Peculiar Fish Rec.**  
Wednesday Mr. C. D. Smith brought a curiosity to town, but what to call it we do not know. He caught some shad in a seine, and when a large one of the fish was being dressed, in place of the roe one side was found a large white fatty piece that filled all of one section where the roe should be. The roe on the other side of the fish was perfect. No one to whom it was shown could explain it.

Mr. William A. Barr, special agent of the postal service department of the government, is here looking into the feasibility of establishing some rural free mail delivery routes in this county, in accordance with the application of Congressman John H. Congressman Small will also be here tomorrow to confer with him in the matter. THE REFLECTOR hopes the routes can soon be in operation.

Friday night two white men, Ed. Telfair and Charles Fizzle, came to Greenville with a horse and put up the team at the Greenville Livery Co's. stables. This morning a telephone message came to the police from Tarboro, giving a description of the men and instructing that they be arrested on the charge of stealing the horse and buggy. Policemen Smith and Dudley arrested them and placed them in the lockup to await the arrival of the owner of the team. Both the men were under the influence of whiskey.

**Value of Newspapers.**  
Daniel Webster said in discussing the value of newspapers: "Small is the sum that is required to patronize a newspaper, and well rewarded are the patrons. I care not how humble and unpretending the gazette he takes, it is next to impossible to fill a sheet without putting something in it that is worth the subscription price. No home should be without its newspaper and every parent should supply his way at school should supply those of his school mates who had those who had not access to newspapers. Other things being equal, the first verse is superior to the last in debate, composition and intelligence."
