

D. I. WHIGGARD, Editor and Owner. Entered at the postoffice at Greenville, N. C., as second class mail matter. TUESDAY, JUNE 24, 1902.

The Pasquotank county convention endorsed Hon. George H. Brown for Associate Justice of the Supreme court, and Hon. John H. Small for Congress.

Charlotte has become so enthusiastic over baseball that a club composed of colored women has been organized there. And it is said they play well. You don't lose Chalotte.

Let the people of Greenville determine that the town shall go forward, bonds or no bonds. Much can be accomplished by working together. Don't wait for something to turn up, but take hold and turn it.

Are you interested in Greenville? Do you believe in the town and think there is a great future for it? Then put your shoulder to the wheel and push forward. In spite of all opposition and hindrances we have the best town in the State. Its natural progress is wonderful, and even greater things are in store for the old town. Talk it up! Let's all come together and push.

The long looked for decision of the Supreme Court in the Greenville Bond case came yesterday and is adverse to the town. This is a very great surprise to many as it was pretty generally thought that the Bonds would be upheld, though we might lose the school bill. It is reported, however, that all is lost. If this is true it leaves the town and the incoming board of Aldermen not to be discouraged but to go forward as best we can with what we have, and get more when we can.

Greenville's misdoings come close together. The adverse decision of the Supreme court in the bond matter takes away the prospect of having a graded school here for some time. And now comes the announcement of the discontinuance of the Masonic Hall School. This leaves the town without a female school. In order to give the town such a school the Masons have conducted one for two years, but they have no building now. If Greenville is to have a female school next fall our people can waste no time in arranging for it. One is certainly needed.

When the incoming Board of Aldermen cannot have the use of bond money to put in public improvements, there is no reason why they may not do much good for the town, even if it is on a smaller scale than they had hoped. The new Board will have on it three of the members of two years ago who put in some good improvements, one member of the present Board whose experience during the term will make him even more useful, while the four new members are men of good business capacity. Of course they will have no money to use in improvements except what is raised by taxation, but enough can be raised in this way to accomplish more than may be first imagined. There are some license taxes that could well bear an increase to help out the revenue. The new Board can find good use for all the revenue raised.

Governor Aycock offers \$100 reward for the arrest of each of the persons who last week took the two negro boys from the jail in Salisbury and lynched them.

Gray?

"My hair was falling out and turning gray very fast. But your Hair Vigor stopped the falling and restored the natural color." - Mrs. E. Z. Benninger, Calves, N. Y.

It's impossible for you not to look old, with the color of seventy years in your hair! Perhaps you are seventy, and you like your gray hair! If not, use Ayer's Hair Vigor. In less than a month your gray hair will have all the dark, rich color of youth.

If your doctor cannot supply you, you can buy a bottle of Ayer's Hair Vigor at any drug store. Address: Dr. J. C. Ayer & Co., Lowell, Mass.

GUN BOAT IN DISTRESS.

Pitt County Boat Throwing Experiences.

The Washington Post of the 14th contained a special dated San Francisco, 13th, announcing the arrival there of the U. S. Gunboat Manilla in a crippled condition. She had been picked up by the U. S. Fish Commission and towed into port by the tug Slocum.

The Manilla had on board a crew of ninety seven men, ten officers and eighty four marines. On June 1st her high pressure piston broke. On the 4th a storm fore and aft, blowing from the west by the trough of the sea beyond central north 6 a. m. to 2:45 p. m. when the engine was finally started and headway was made. Then the steering gear got out of order and the vessel turned with a heavy sea aft.

When the gear was repaired and the ship brought to a position of comparative safety she was 1100 miles from the port and outside the track of vessels.

The course was set for San Francisco and the vessel ran with the low pressure engine. Good weather was met with until June 19th when a stiff gale came up and the vessel was forced to lie to for 24 hours. On the 12th the United States weather observer at Point Reyes sighted the Manilla and the Slocum went to her assistance.

Mr. Lyman A. Cotten, son of our countryman Mr. H. C. Cotten, was one of the officers on the Manilla. He telegraphed from San Francisco to his father on the 13th announcing his safe arrival there. It was a thrilling experience and Mr. Cotten's host of friends in Pitt will be glad to know he is back safe on his continent. He expects to visit his home people sometime during his stay in the United States.

Spring Fever.

Spring fever is another name for malaria. It is a disease that has been known for centuries. It is caused by the malarial parasite which is found in the blood. It is characterized by chills, fever, and a general feeling of weakness. It is most common in warm climates and during the spring months.

Streams in central and western portions of the State have been much swollen by recent rains.

Colored Marriage.

There was a swell wedding in the First Baptist church, colored, Wednesday night, the contracting parties being Station Clark and Alvania Foreman. The ceremony was performed by Rev. R. L. Kearney. The wedding march was played by Walter Nettles and he did it well. There were ten couples of waiters. The church was tastefully decorated for the occasion.

Ready to Yield.

"I used Dr. Williams' Pink Pills for Pale People and found it a certain cure." says J. L. Wooten, Willow Grove, Ind. "I was afflicted with skin disease, all kinds of eruptions, and I was unable to do any work. After using Dr. Williams' Pink Pills for Pale People, I am now well and able to do my work." - J. L. Wooten.

A Real Friend. "I suffered from dyspepsia and indigestion for fifteen years. Dr. W. T. Steadman of Merry Oaks, N. C. After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is perfect. I cheerfully recommend Kodol. Don't try any other stomach trouble by dieting. That only further weakens the system. You need wholesome strength eating food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid." John L. Wooten.
