

My dear friend)

Having learnt
that you are in want
of a pillow & blanket
for your bed I have
taken the liberty of
sending you these
articles and also a
couple of undershirts
& a comfortable
blanket the approaching
cold season may
render acceptable

It is needless to say
to you that your
present unfortunate
position is contemplated

with much regret by
my wife as well as
myself

If there is any thing
further that we can
do to promote your
comfort not mean-
ing with the
regulations established
by the authorities I
beg that you will
Command my service

Yr very truly
J. S. Kroeber
