My Dear Friend

I have just returned home
and shall attend to your order
at once - As you wish under-
clothing as well as outer - you
do not say so in your letter

I see by the papers today
that the "prisoners of war" have
been removed to "Fort Warren"
Boston Harbor - are you inclu-
ded among them? - If so inform
me & I will send the articles
there - If you hear from home
let me know as I have heard
nothing since I left.

Yours Most Truly

I received your notes acknowledging the books - Mr Schenk was absent & is still - He will no doubt gratefully acknowledge your letter when he comes.

In a communication with home I offered to raise an ~~equal amount to any~~ ~~any amount~~ that would be given or lent to the prisoners of war south - and expend it on those here. This I could easily do - if not from public - from private sources. as the fact of Federal prisoners being supplied there would enable me to collect any amount here for the benefit of you & your associates - I am glad to hear that Gov. Clark will furnish you - as there must be many who have no friends here - I wish any means would allow the luxury of sup.

plying the wants of all
Yours most truly
