WOFFORD COLLEGE
A METHODIST INSTITUTION

The largest single gift made to higher education in the Methodist Church during the first half of the Nineteenth Century was made by the Reverend Benjamin Wofford, a local minister of the church. He left in his will a legacy for one hundred thousand dollars to the South Carolina Conference "for the purpose of establishing and endowing a college for literary, classical, and scientific education, to be located in my native district, Spartanburg."

A charter was granted by the South Carolina Legislature on December 6, 1851, and the college was opened on August 1, 1854. Since that time it has never been closed as an educational institution of the Methodist Church.

The war between the states swept away the endowment, leaving the college only its grounds and buildings. The South Carolina Conference, with Methodism's interest in higher education, met the emergency and kept the college from closing its doors.

Not only has Wofford College provided ministers for its churches, but in addition, Wofford has sent forth great numbers of laymen into every walk of life—doctors, lawyers, teachers, judges, businessmen, and public officials. In the number of graduates listed in "Who's Who in America," Wofford College ranks in the upper ten per cent of all the colleges in the United States. Wofford is the only independent college in South Carolina to be granted a chapter of Phi Beta Kappa.

Wofford's vigor and strength has been shown as she moves into her second century with plans for a student body of one thousand men, an able faculty of fifty eight, with five new buildings completed. There has been a complete renovation of the physical plant and landscaping of the campus along with an increase in administrative and maintenance personnel to meet the greatly expanding needs of the college.

Wofford confidently marches into her second century with every intention of honoring and improving the outstanding accomplishments made by her faculty during her first century.

WOFFORD'S PRESIDENT MARSH

Dr. Charles F. Marsh earned his A.B. degree at Lawrence College and his M.A. and Ph.D. degrees at the University of Illinois. He came to Wofford in 1958 after serving as Dean of the Faculty and Professor of Economics and Business Administration at the College of Willam and Mary and as an active civic leader and Methodist layman.

As Wofford's seventh President, he has been keenly interested in all educational and extra-curricular activities on the campus and in civic and church affairs in Spartanburg and in South Carolina. Methodists and other friends of the College have contributed almost $2,500,000 during his administration and pledged an additional $1,000,000 to strengthen its program and facilities. Dr. Marsh is on the Executive Council of the Commission on Colleges, Southern Association of Colleges and Schools, and the Methodist Commission on Ecumenical Affairs. He is Chairman of the South Carolina Foundation of Independent Colleges, Inc., President of the Council for Spartanburg County; and Chairman, Spartanburg Long Range Planning Committee.

The Marsh family includes his wife, Chloro Thurman; a son Dr. John Charles, Univ. of Utah Medical School, Salt Lake City; and a daughter, Nancy, the wife of Professor Richard S. Stowe, Lawrence College, Appleton, Wisconsin.

PRESIDENT'S MESSAGE

It is a privilege to welcome to this game, and to our campus, alumni and friends, both of Wofford and of our sister institutions.

As a Methodist-related liberal arts college for men, Wofford looks with confidence to the future. Able teachers, great books and first-rate educational facilities will help students of today and tomorrow meet the problems they will face in this dynamic and confused world as effectively as students of the past century have been aided. Extra-curricular activities, including football and other sports, I am sure, will continue to make significant contributions in the development of Wofford men.

All visitors are extended a special invitation to visit such recent campus improvements as the Albert M. Shipp Hall, the Mason DuPre Hall, and the DuPre Administration Building; the beautifully reconstructed Main Building and the Black Music-Art Center; and the Millikin Science Hall and new Maintenance Building, with R.O.T.C. Rifle Range attached. Many of you will, of course, want to visit the more familiar older buildings as well.

We hope that you will enjoy the game and that we shall get a chance to meet many of you personally before you leave for a safe ride home.

CHARLES F. MARSH

THE COACHING STAFF

We of the Wofford Athletic Staff wish to say "thank you" to a large group of interested and loyal fans whose co-operative efforts have made the present athletic program possible. We are particularly proud of the loyalty shown in Eleven Club's sixteen year history building up to the present record of more than 1800 members and our more than 950 season ticket holders.

I believe that this tremendous support is unmatched in small college athletics either in scope or continuity. It is an inspiration to all of us to see the continual growth in both these groups. We want to thank publicly the many enthusiastic people who have worked in promoting these programs so efficiently.

We wish to express our appreciation to all those who attend our games. It is our sincere wish that you will enjoy the play of Wofford's Football Team as much as we enjoy being a part of them.

All news media have been kind to Wofford and her activities but a special note of appreciation is due to the staffs of The Spartanburg Herald and Journal newspapers as well as WHCQ Radio for their special efforts to bring you all the news about the various Wofford athletic teams.

Please remember the advertisers that make this program possible.

OUTLOOK FOR 1964

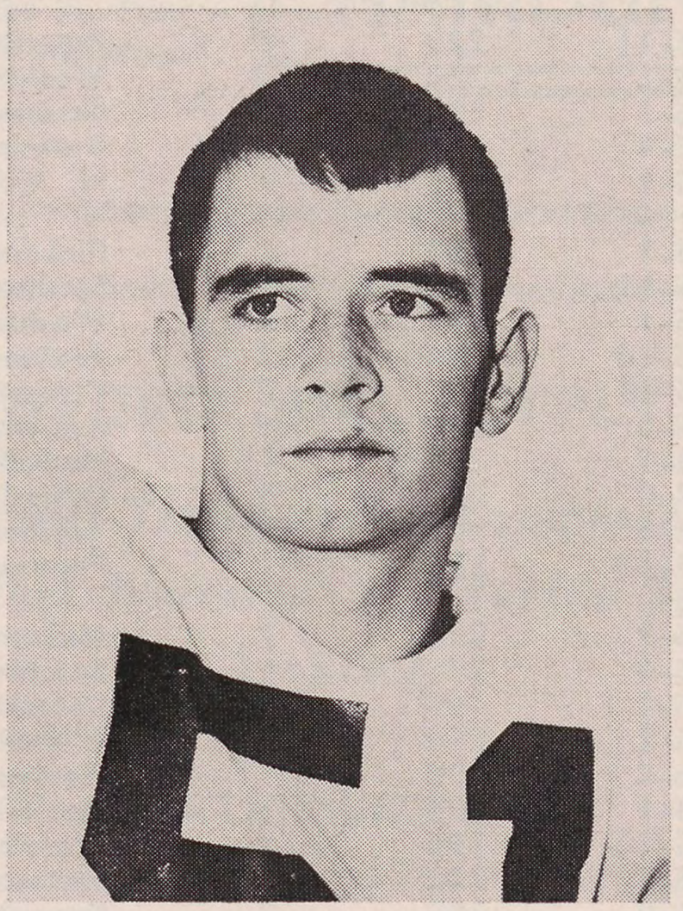

Of course there is always a bright spot at the beginning of every season and some of those expected to be in the spot-light this fall will be senior co-captain Dave Bumgarner, who was the leading pass receiver, having caught 23 for 328 yards and two touchdowns. And with such backs as Cline, Alexander, Rudisill, Tolley, Mills and Richardson still around—it could be that the Bucs may still have some of their scoring punch left.

Several sophomores wil be counted upon to fill the gaps left in the line by End Richard Huneycutt and Tackle-Center Buddy Stewart.

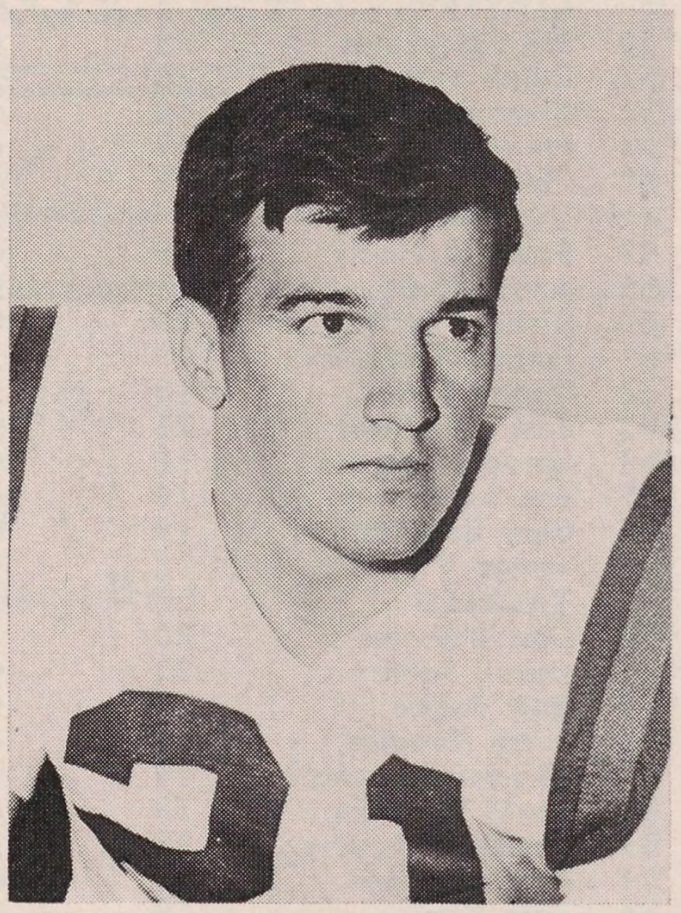

Junior Norman Swindell has been moved from center to Blocking Back and he is expected to start where Captain Maurice Allen left off during the '63 campaign.

PURPOSE OF ELEVEN CLUB

The sole purpose of the Wofford Eleven Club is to finance grants-in-aid for worthy students possessing outstanding athletic ability. It is our hope that this will enable Wofford's athletic teams to match Wofford's superb academic traditions. The membership has increased each year numbering more than 1600 paid up members in 1963.

Eleven Club is a means by which each member can have a part in the education of a fine young athlete. Each member is a very important part of the Eleven Club's strength. Acknowledging that Eleven Club's basic strength is in the large number of individuals who loyally contribute annually, it is interesting to note that certain individual contributions have been of such a substantial nature that they represent a full or half grant-in-aid. As a counterpart to the Wofford Centurion Club composed of those people giving $100.00 or more annually of unrestricted funds to the Alumni Fund, more than 50 members of Eleven Club can qualify for the same honor except that their contribution is restricted to Athletic grants-in-aid for worthy young athletes.

Although Wofford, traditionally, is a man's college, it is extremely interesting to note the interest shown among the women in support of our Athletic Programs. Their interest and support is substantial. The total of this women's group contribution is known as the Elevenette grant-in-aid.

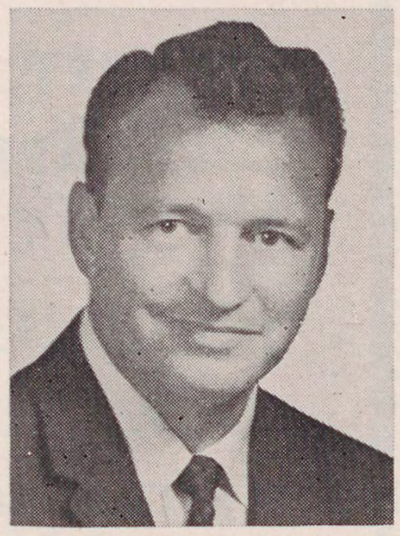

Every member of Eleven Club can be justly proud that the combined efforts of this group over the past 16 years have enabled more than 187 men to graduate from Wofford and many others have had the advantage of a college experience.

Dear Eleven Club Members and Friends of Wofford:

Wofford College's Grant-In-Aid Program is based on a policy set up by the Wofford Board of Trustees in 1958. There are to be forty-five grants-in-aid financed jointly and equally by the college and by the Wofford Eleven Club. Our portion last year was $35,000.00; but due to an increase in tuition this year, our goal is set at $40,000.00. We need at least 2,000 members in order to support forty-five athletic scholarships for this year. This goal can be reached only with the help and support of the Alumni and friends of Wofford who are interested in seeing our athletic program continue on a sound financial basis.

By joining the Eleven Club you have the satisfaction of knowing that you did your part to help a needy athlete with his education, which normally he would not have gotten without your aid. The Wofford Athletic Program depends on our team effort. If you haven't joined, I urge you to do so today. Let's reach our goal, and continue to have the type of football Spartanburg enjoys seeing.
