Eagles vs East Carolina Pirates

By **BILL GOODRICH**
Radio "Voice of the Golden Eagles"

September 11, 1976, Ficklen Stadium, Greenville, N.C. The home standing East Carolina Pirates were entertaining the Golden Eagles of the University of Southern Mississippi. The Pirates won the toss and everything else. At the end of the first quarter, it was 17 - 0. At the half it was 27 - 0. After three quarters, 41 - 0 and the Golden Eagles flew home scarred by a 48 - 0 whipping! The Pirates rolled up 21 first downs, and 416 yards rushing! USM totaled 61.

Freshman Eddie Hicks ran 14 and 65 yards for touchdowns and 133 yards on the night, and he is here tonight. In 1974 Alabama's Wishbone crushed USM 52 - 0. The offensive coordinator was Pat Dye. He is here tonight also, as the head coach of East Carolina, where in four years he has won 32, lost only 12, and has beaten North Carolina, Duke and North Carolina State.

There are 38 lettermen on this season's East Carolina team, with 14 returning starters, including eight on defense. Last week they held VMI to one yard rushing (15 times East Carolina has held its opponent to less than 100 yards under Pat Dye.) The running backs, Theodore Sutton, Anthony Collins and Hicks, averaged 5.6, 4.5 and 5.8 last season and are just as impressive this season. Last season Terry Gallaher was a senior, but under the new NCAA rule, he is back this season. He caught 27 passes last season. The punter, Allen, is back, as is the punt return man, Hall, who is one of the leaders in the nation. Leander Green, the QB, was the third leading rusher last season, with 546 yards. He averaged 6.9 on 79 carries, and scored 7 touchdowns. The Pirates are good on both sides of the line.

Golden Eagles who were there in 1976 were some freshmen like Larry Harrington, Dave Parrish (who should dress out tonight for the first time since September 16 at

Cincinnati), Randy Butler, John Cannon, Joey Starnes, Chuck Carr Brown, Jeff Hammond, Joe Burckel, Willie Corner, and Tim McCall, all on offense.

Those on defense who couldn't stop the Pirates were Thad Dillard, Stoney Parker, Albert Teague, J.J. Stewart, Mike Crenshaw, Wade Lynch, Freeman Horton, and Emanuel Killingsworth. There should be no problem in being ready for this one! The Pirates will be the fastest team we'll see this season.

The Golden Eagles are almost injury free and those who have been sidelined are at full speed. Football fans are always looking for heroes and a week ago tonight a walk-on named Sammy Winder brought over 31,500 to their collective feet with his speed and moves. He scored twice. Watch No. 45, he is a freshman! Tiko Beal has rushed for 190 yards in the last two games, against Ole Miss and the Miss. State Bulldogs. Coach Bobby Collins says that the "I" formation is allowing the offense to take full advantage of his player's abilities. Dane McDaniel has been outstanding in his last two games and will need all his scrambling ability tonight as last week East Carolina sacked the VMI quarterbacks 13 times!

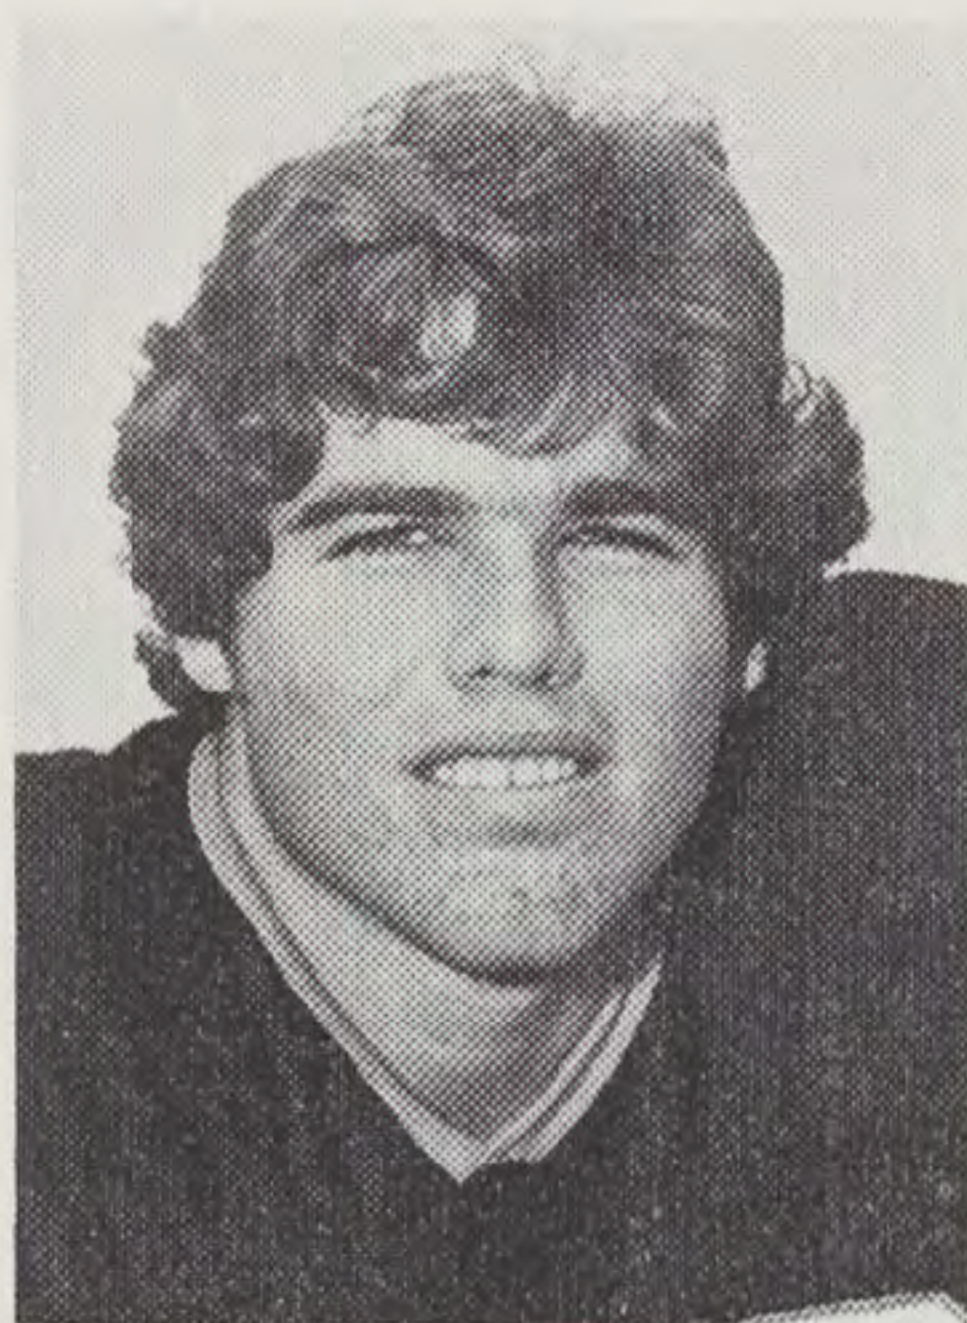

Its the first and only Wishbone attack the Golden Eagles will see this season. It took extra efforts in practice this week, but that is what the defensive unit has been giving all season, extra efforts. Tonight's probable ringleader for the defense will be Clump Taylor, voted last week as the Southeastern Area Lineman of the Week by the Associated Press.

Over the years, USM has won 4 of the 6 games played, with East Carolina winning the last two, 13 to 0 and 48 - 0. USM hasn't scored on the Pirates since 1969. Head Coach Bobby Collins says that this USM team has a lot of class. That may win in the end.

ROLAND H. DALE

Director of Athletics

A veteran of many years on the collegiate football scene, Roland H. Dale is in his fifth year as USM's Director of Intercollegiate Athletics.

He took over the post in February of 1974, thus beginning his second tour of duty at USM. He had served as line coach here for three seasons in the Middle 1950's.

A graduate of Ole Miss, where he was football captain in his senior campaign, he coached on the junior college and high school levels prior to his coaching stint here. He later spent one season at Tulane University before returning to Ole Miss, where he was an assistant coach for 12 seasons.

The Magee native moved to Southeastern Louisiana University as head coach for the 1972 and '73 seasons, and from there he returned to USM.

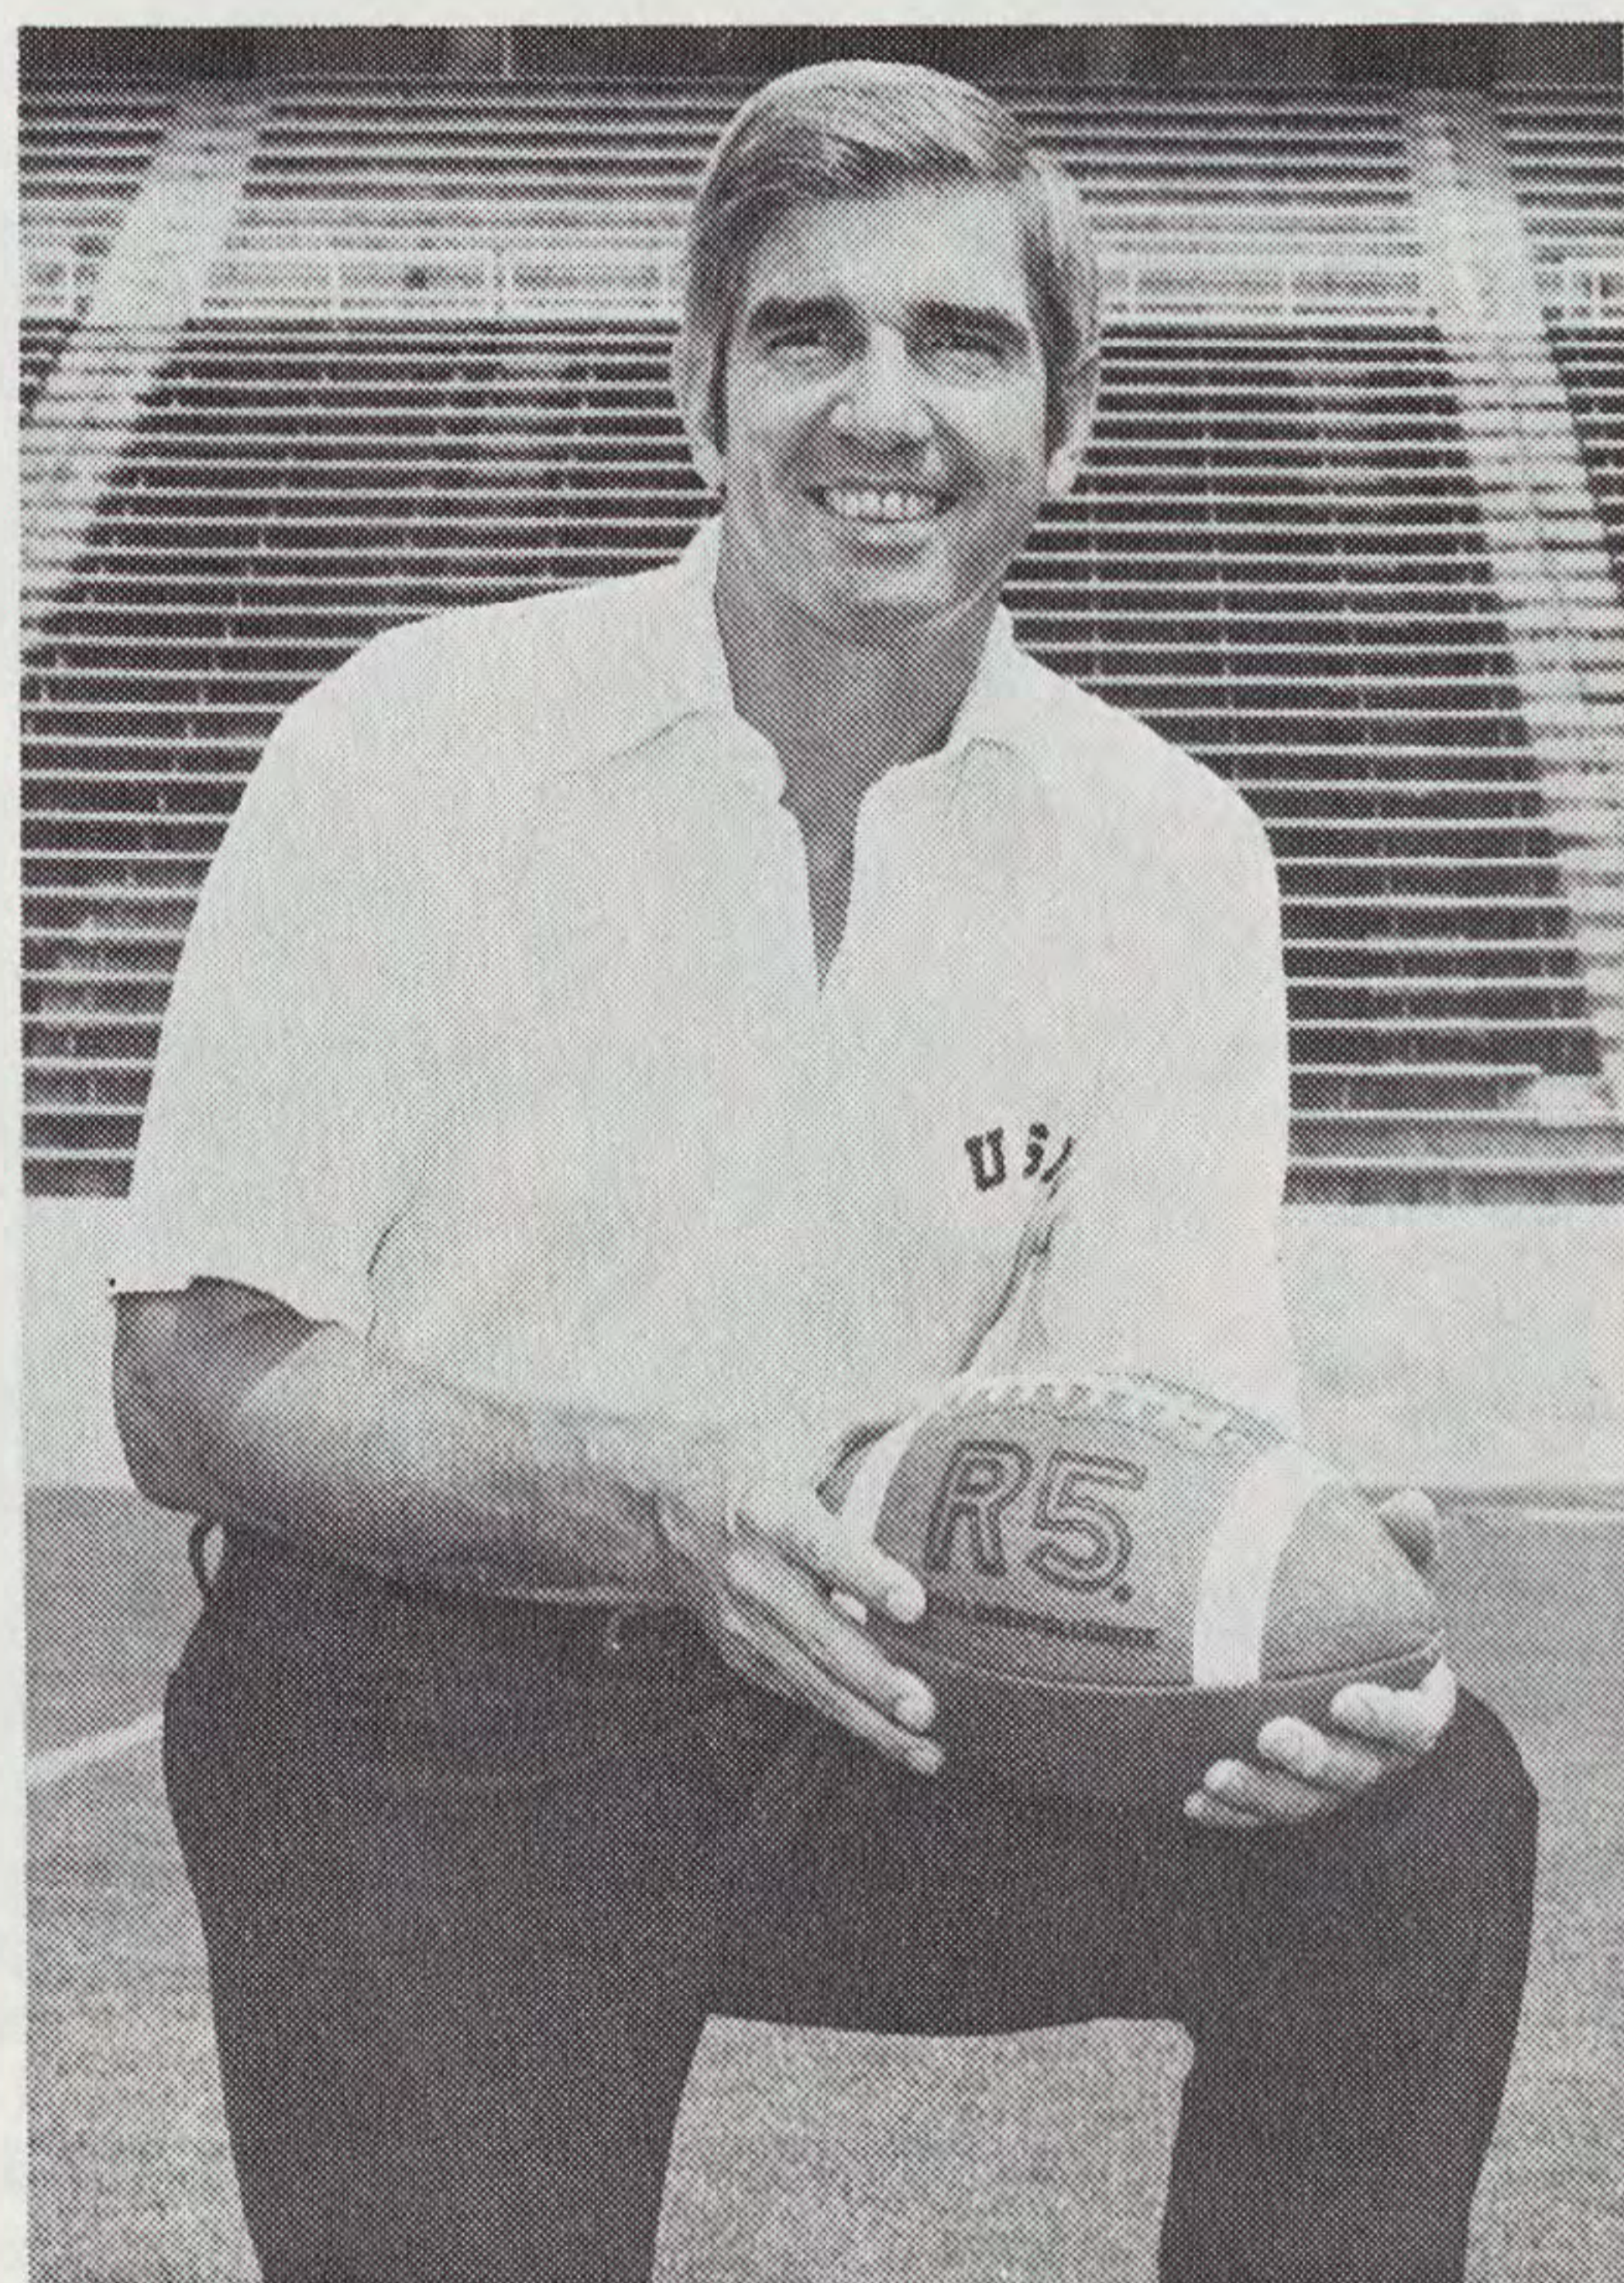

BOBBY COLLINS

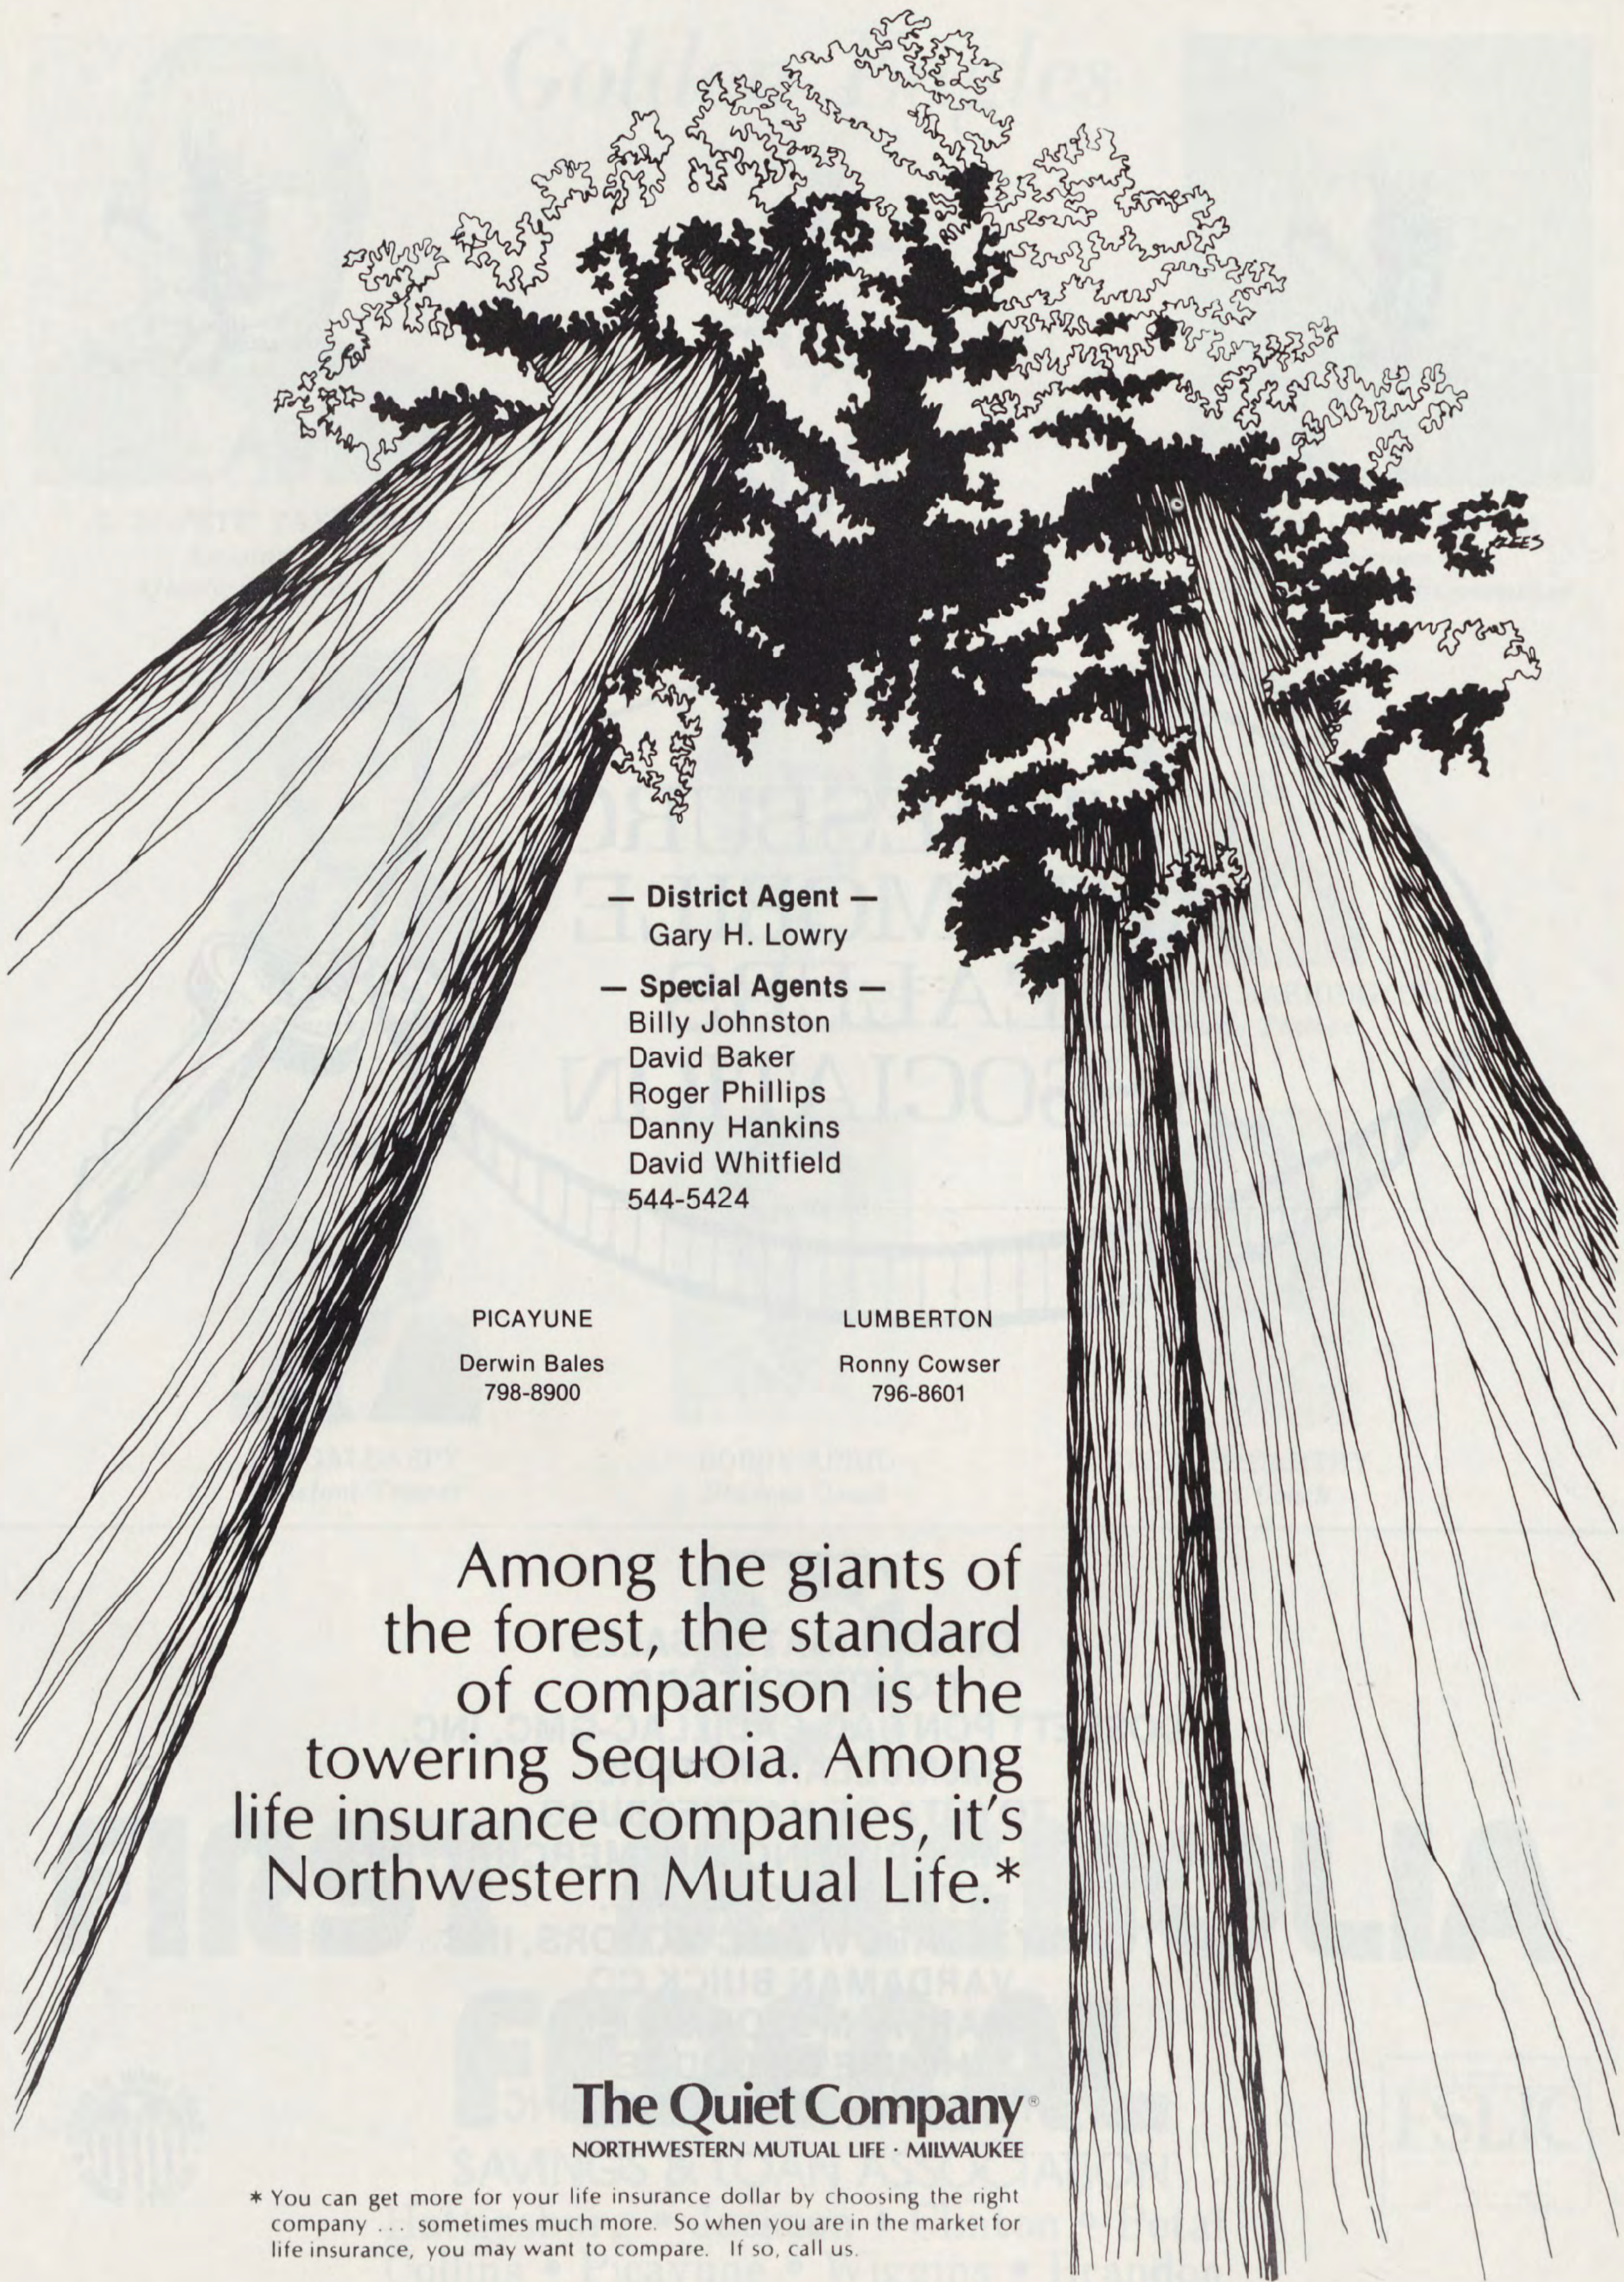

Head Football Coach

This 1978 football season is the fourth for Bobby Collins as Head Coach of the Golden Eagles. He is the 13th man to hold that position.

A native of our neighboring city of Laurel, he is a graduate of Mississippi State University. He was a star quarterback and punter for MSU in the 1950's.

Having spent nearly half of his 44 years in the coaching profession, he came to USM from the University of North Carolina. He had spent eight seasons there and in the final three campaigns was assistant head coach. His splendid career also includes stints at Mississippi State, Colorado State, George Washington University and Virginia Tech.

THE CLUMPER WINS REGIONAL RECOGNITION

USM Junior linebacker Clump Taylor of Jackson is being saluted by all Golden Eagle followers after his selection by the Associated Press as its "Lineman of the Week for the Southeastern Area." Pictured here with co-ed Bobbie Hales of Heidelberg, he received the recognition for his outstanding performance in USM's 22-17 win over Mississippi State. The coaching staff gave him a grade of 96 (out of 100) and credited him with 13 solo tackles and 7 assists after grading films of the game. After five games, he was the team's defensive leader with 45 tackles and 27 assists.

WHO ARE THESE FORMER USM LINEMEN?

Some hints: All three came from South Mississippi high schools to earn letters as linemen at USM in 1956, '57 and '58. Two were from the same school.

All three will be on hand, hopefully, at Homecoming Oct. 28 when the perfect record team of 1958 will be honored.

The University of Southern Mississippi Alumni Association promotes Good Will. Thousands of former students join together each year in carrying the good name of Southern to all parts of the world. These people together with other interested students and personnel become a circle of influence that enhances the University's image.

The great aim of the USM Alumni Association is not merely maintaining records on the alumnus but also nurturing the contributions of each alumnus to the University's greatness.

The Association serves as the means for alumni and friends to show their support for their alma mater. Whether through its decals, tours, reunions, bumper stickers, publications and special promotions, the Association seeks to bring each alumnus closer to USM.

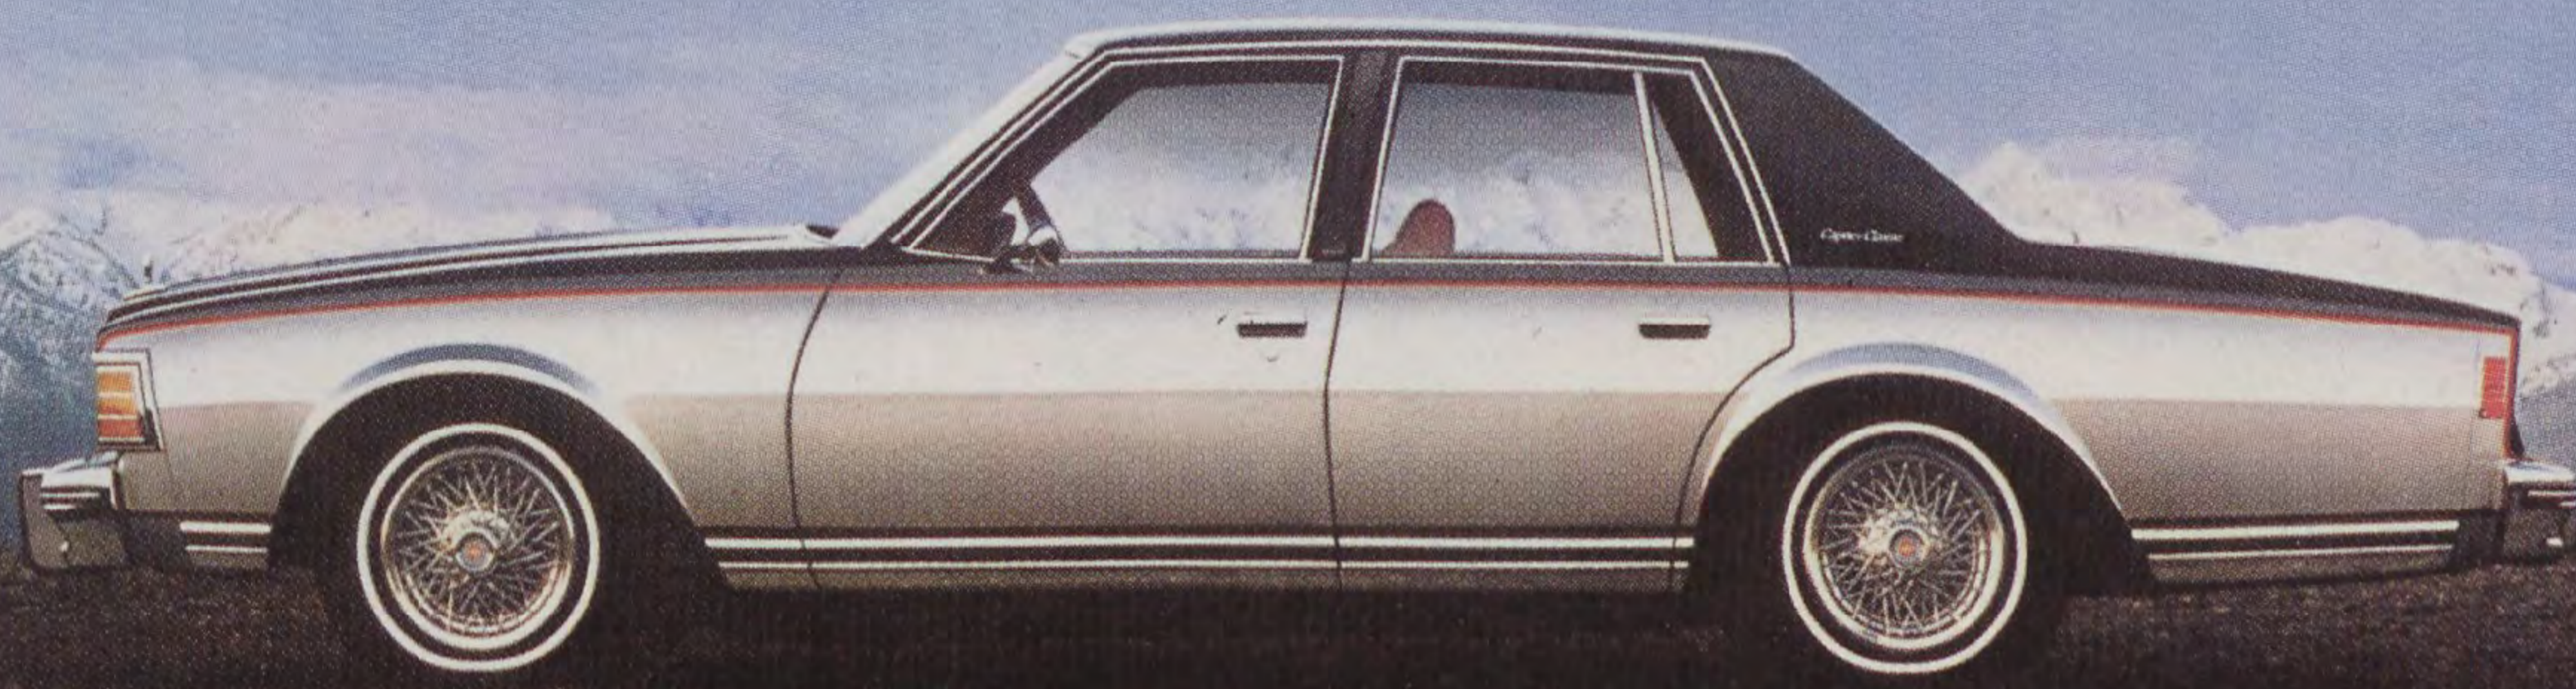

The USM Alumni Association is a means for one to begin doing. Join today.

The New Chevrolet.

The 1979 Caprice Classic.

America has driven it to the top.

In just two short years over a million people have bought and enjoyed The New Chevrolet Caprice and Impala. Pretty darn impressive.

Of course, one reason for the success of The New Chevrolet is that it's simply a very beautiful car. And we suggest the '79 version is even more beautiful.

You're invited to visit the Chevrolet "Locker Room" exhibit at the National Football Foundation's new College Football Hall of Fame at King's Island (25 miles north of Cincinnati). This unique museum lets you participate in the fascinating history of college football. Don't miss it.

But then we know it takes more than beauty to become the most popular car in America. It takes roominess. It takes some very impressive standard features. It takes a smooth, comfortable ride. And more.

The New Chevrolet for 1979. Pleasing to the eye. Pleasing in lots of other ways, too.

It's no wonder America's driven it to the top. See your Chevrolet dealer.

The weekly polls: who's No. 1?

by FRANK BOGGS, Colorado Springs Sun

Historians, who are paid living wages to keep tabs on history, apparently have misplaced the important slip of paper that documented when the "We're No. 1" fad began.

Some say it was when the Lions were scoring a succession of shutouts over the Christians and fans of the former would thrust their paws into the air and roar the claim their guys were national champs.

But most historians agree it all started on November 6, 1869, when the Rutgers twenty-five (because there were 25, not 11, players per side then) defeated the Princeton twenty-five, six goals to four.

Home field advantage

Teams that season held a rather distinct home field advantage, however. The game at Rutgers was played by Rutgers' rules. The next game was played at Princeton using the Princeton rules. Princeton won.

Again, this is an example where historians have let us down. But it must be presumed that those teams tied for the national collegiate championship that year, each with one vote in parentheses.

Detractors of our college football polls say the mess never has been adequately straightened out. "It is OK to elect a President at the polls," many believe, "but for something as important as picking the nation's football champion, this is a mighty sorry way to do business."

Since many of the land's leading educators prefer not to extend the season to Easter, though, champions still are determined by ballot, rather than by long fourth-quarter touchdown drives.

Two arguments

Two things can be argued. One, voters are not very imaginative in that they have trouble thinking of new teams; or, some teams simply are a lot better, year in and year out.

As proof (sort of): the Associated Press poll was originated in 1936 and of the 41 national championships awarded, only 18 schools have been chosen. Notre Dame with seven, Oklahoma with five and Minnesota with four head the list.

These champions are picked by writers and broadcasters, most of whom get their autumn exercise trying to be first on the press box elevator.

It was in 1950 that United Press International decided to enter the poll business and asked a panel of football coaches to do the voting. They, too, can be accused of casting few votes in behalf of Slippery Rock State or Timbuktu U.

Coaches' champs

Of the coaches' 28 national champs, the honor has been passed among only 15 schools. Oklahoma and Southern California head this list with four titles each, while Texas and Alabama each has won three.

The question you likely would have asked before now had you not been so busy wiping mustard off yourself is this: "When did all this poll stuff get started, anyhow?"

The answer is either (a) 1924, or (b) it sure seems like

that's when it was.

It is known that in 1924 a man named Frank G. Dickinson, an associate professor of economics at the University of Illinois, began rating college football teams. Not too far away (in Chicago), a man named Jack F. Rissman had an idea. He would buy a trophy for whatever team Dickinson said should have it.

It was called the Jack F. Rissman Trophy.

Dickinson's formula

The first season, Notre Dame was 10-0. Based on Dickinson's mathematical formula, the Irish had 27.50 points. California's rating was 25.63, but even back then nobody gave cigars for finishing second.

This trophy was awarded through 1930. In 1931, the national champ—which happened to be Southern Cal—was presented the Knute Rockne Trophy. Notre Dame had retired the Rissman trophy in 1930 and the Rockne trophy was retired by Michigan in 1940. By that time, the Associated Press poll was in operation.

One of the first men in the nation to work as a college sports publicist was Harold Keith at the University of Oklahoma in the 1930s. He retired several years ago, but not before he watched many football games and saw many football crowds.

"I sure get tired of hearing that," he says of the 'We're No. 1' bit. "I got tired of that 40 years ago. I don't know if the Irish yelled that in 1924 or not."

Probably. After all, Dickinson said they were.
