

June 18

Dear Sir,

I am glad in the  
 night of June 18th. and  
 believe that the  
 I have not seen the article in  
Book Book which you refer  
 but presume that appearing  
 in the Journal is  
 common. I am as  
 of the Constitution and that  
 matter at work. The law is  
 present and for it. The  
 of the new legislation was  
 on the day of election. I  
 think it was otherwise

Truly Yours
