J. J. Jones M.D.  
 Salisbury N.C.

Dear Doctor:

I am in receipt  
 of your interesting letter of  
 the 9th inst. and desire to say  
 that the question of drinking  
 water, alone, in my opinion  
 is the making or marring of  
 Eastern North Carolina.

I find that the average im-  
 migrant, whether he come  
 directly from the Continent  
 of Europe, or from the North  
 Western States, has much more  
 fear of malaria than he
