

Journal

Dec 30

Dear Mr Elliott:

Your generous letter of the 18th received in office on the 19th of my going to the bridge where I have been for the last week or so would have been an

unexpected pleasure.

I would like to answer the question which you shall be propounded for a paper as possible but find that I can not accept it. Today, one of the things I was unable to visit your hospital. I have but time to better luck

Very truly

White Oak
