

I had lost sight of Mord and  
 concluded he had abandoned  
 the land. Tell him to send me  
 the ~~son~~ as he proposes, making  
 good the deferred payments by  
 January 1<sup>st</sup> next and he  
 shall not be molested. He  
 is to be commended and en-  
 couraged in his efforts to  
 provide for his mother and I  
 hope he will not loose the  
 little home he has provided for  
 her.

Very Truly Yours
