

April 14. 6

Dear Annie:

Your account is
already over drawn \$200-
with other bills yet unpaid,
and I am unwilling to ad-
vance more. This is disagreeable
but it is as well you should
know as later, and better
for me. When will you be
twenty one? You did not
state the amount you wished?
This over-drawing would be
all right enough with you
but you will marry and
your husband will bring
sweep for such amount
