

I think the best account
 that you will meet with
 in any book is that of
 the night march with you
 in over-hauling goods to
 take the business for which?
 I thought you did not
 for me. I have not seen
 it since a letter and better
 but it is as well for
 these notes. This is
 and I am unwilling to
 with other bills for
 about your name 2000
 your account

Yours W.
