Capt D. R. Stokes

Whittle's Mill Va D. R. Referring to our letter to you of Nov 5 inst, relative to the list of accts sent us (as mentioned in that letter), we now beg to say we did not understand that you intended the amounts to go as a credit against the uncollected balance due us on 60 tons of Soluble Pacific Guano sent you in 1874 & distributed for you by Mr John E. Irvin dec'd nor did we intend you to understand that we accepted this list as an account of said guano

If such impression was made on you by our letter we now beg to correct by contradicting it.

Yours very truly

Allison & Addison
