Dear Mr. Willard:

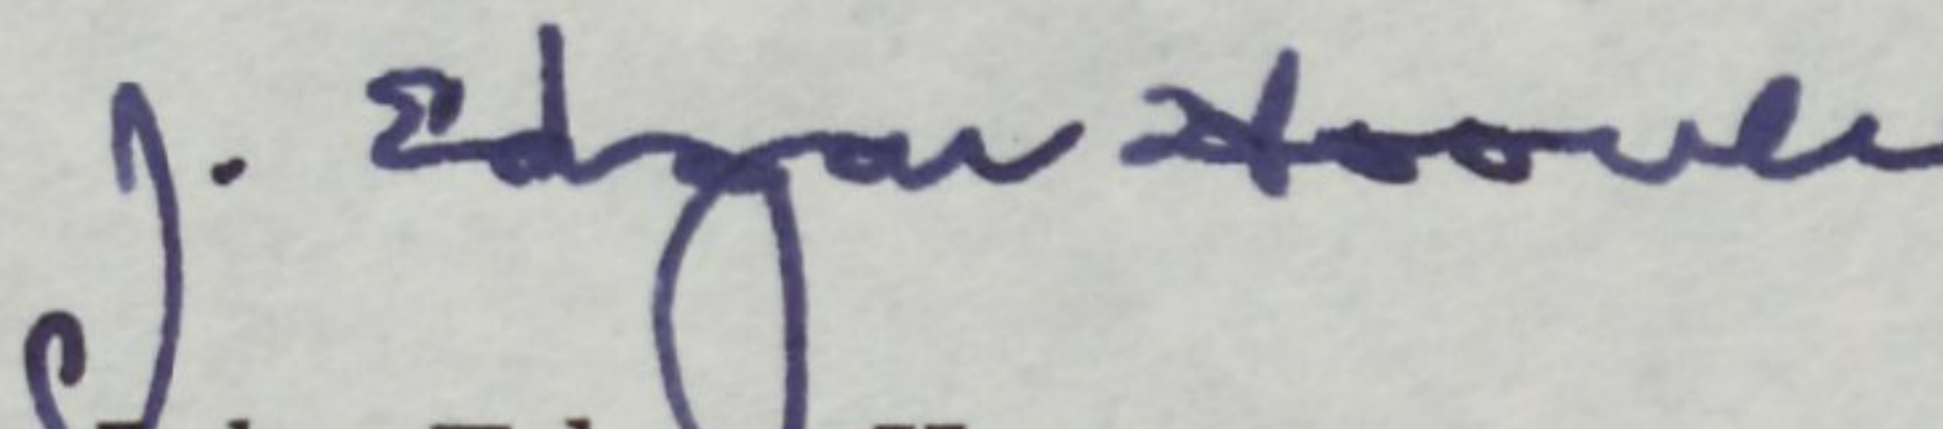

Your letter of February 22nd has been received and I can certainly understand the concern you expressed.

Although I would like to be of service, the FBI is strictly an investigative agency of the Federal Government, and it is not within our province to determine the type of material passing in the United States mail. Perhaps you will want to discuss this matter with your local postal authorities. It is my understanding that a person receiving propaganda material may request the post office to discontinue delivery of such data.

A copy of your communication has been forwarded to The Honorable, The Secretary of State, Washington 25, D. C.

Enclosed is some literature I hope will be of interest to you.

Sincerely yours,

John Edgar Hoover
Director
