TESTIMONIALS

E. D. WALRATH, Chittenango, N. Y., writes: "I wish to state that your Private Herd Register is the best that I have ever seen, and is very complete in every detail, and should be in the hands of every one owning a thoroughbred herd. By its use the records of all cattle are easily and correctly kept in a manner quickly referred to."

D. N. MYERS, Sullivan, Ohio, writes: "I received the book a few days ago and find that it is of greatest convenience in both registering and in transferring stock and would say that it should be the property of every Holstein breeder."

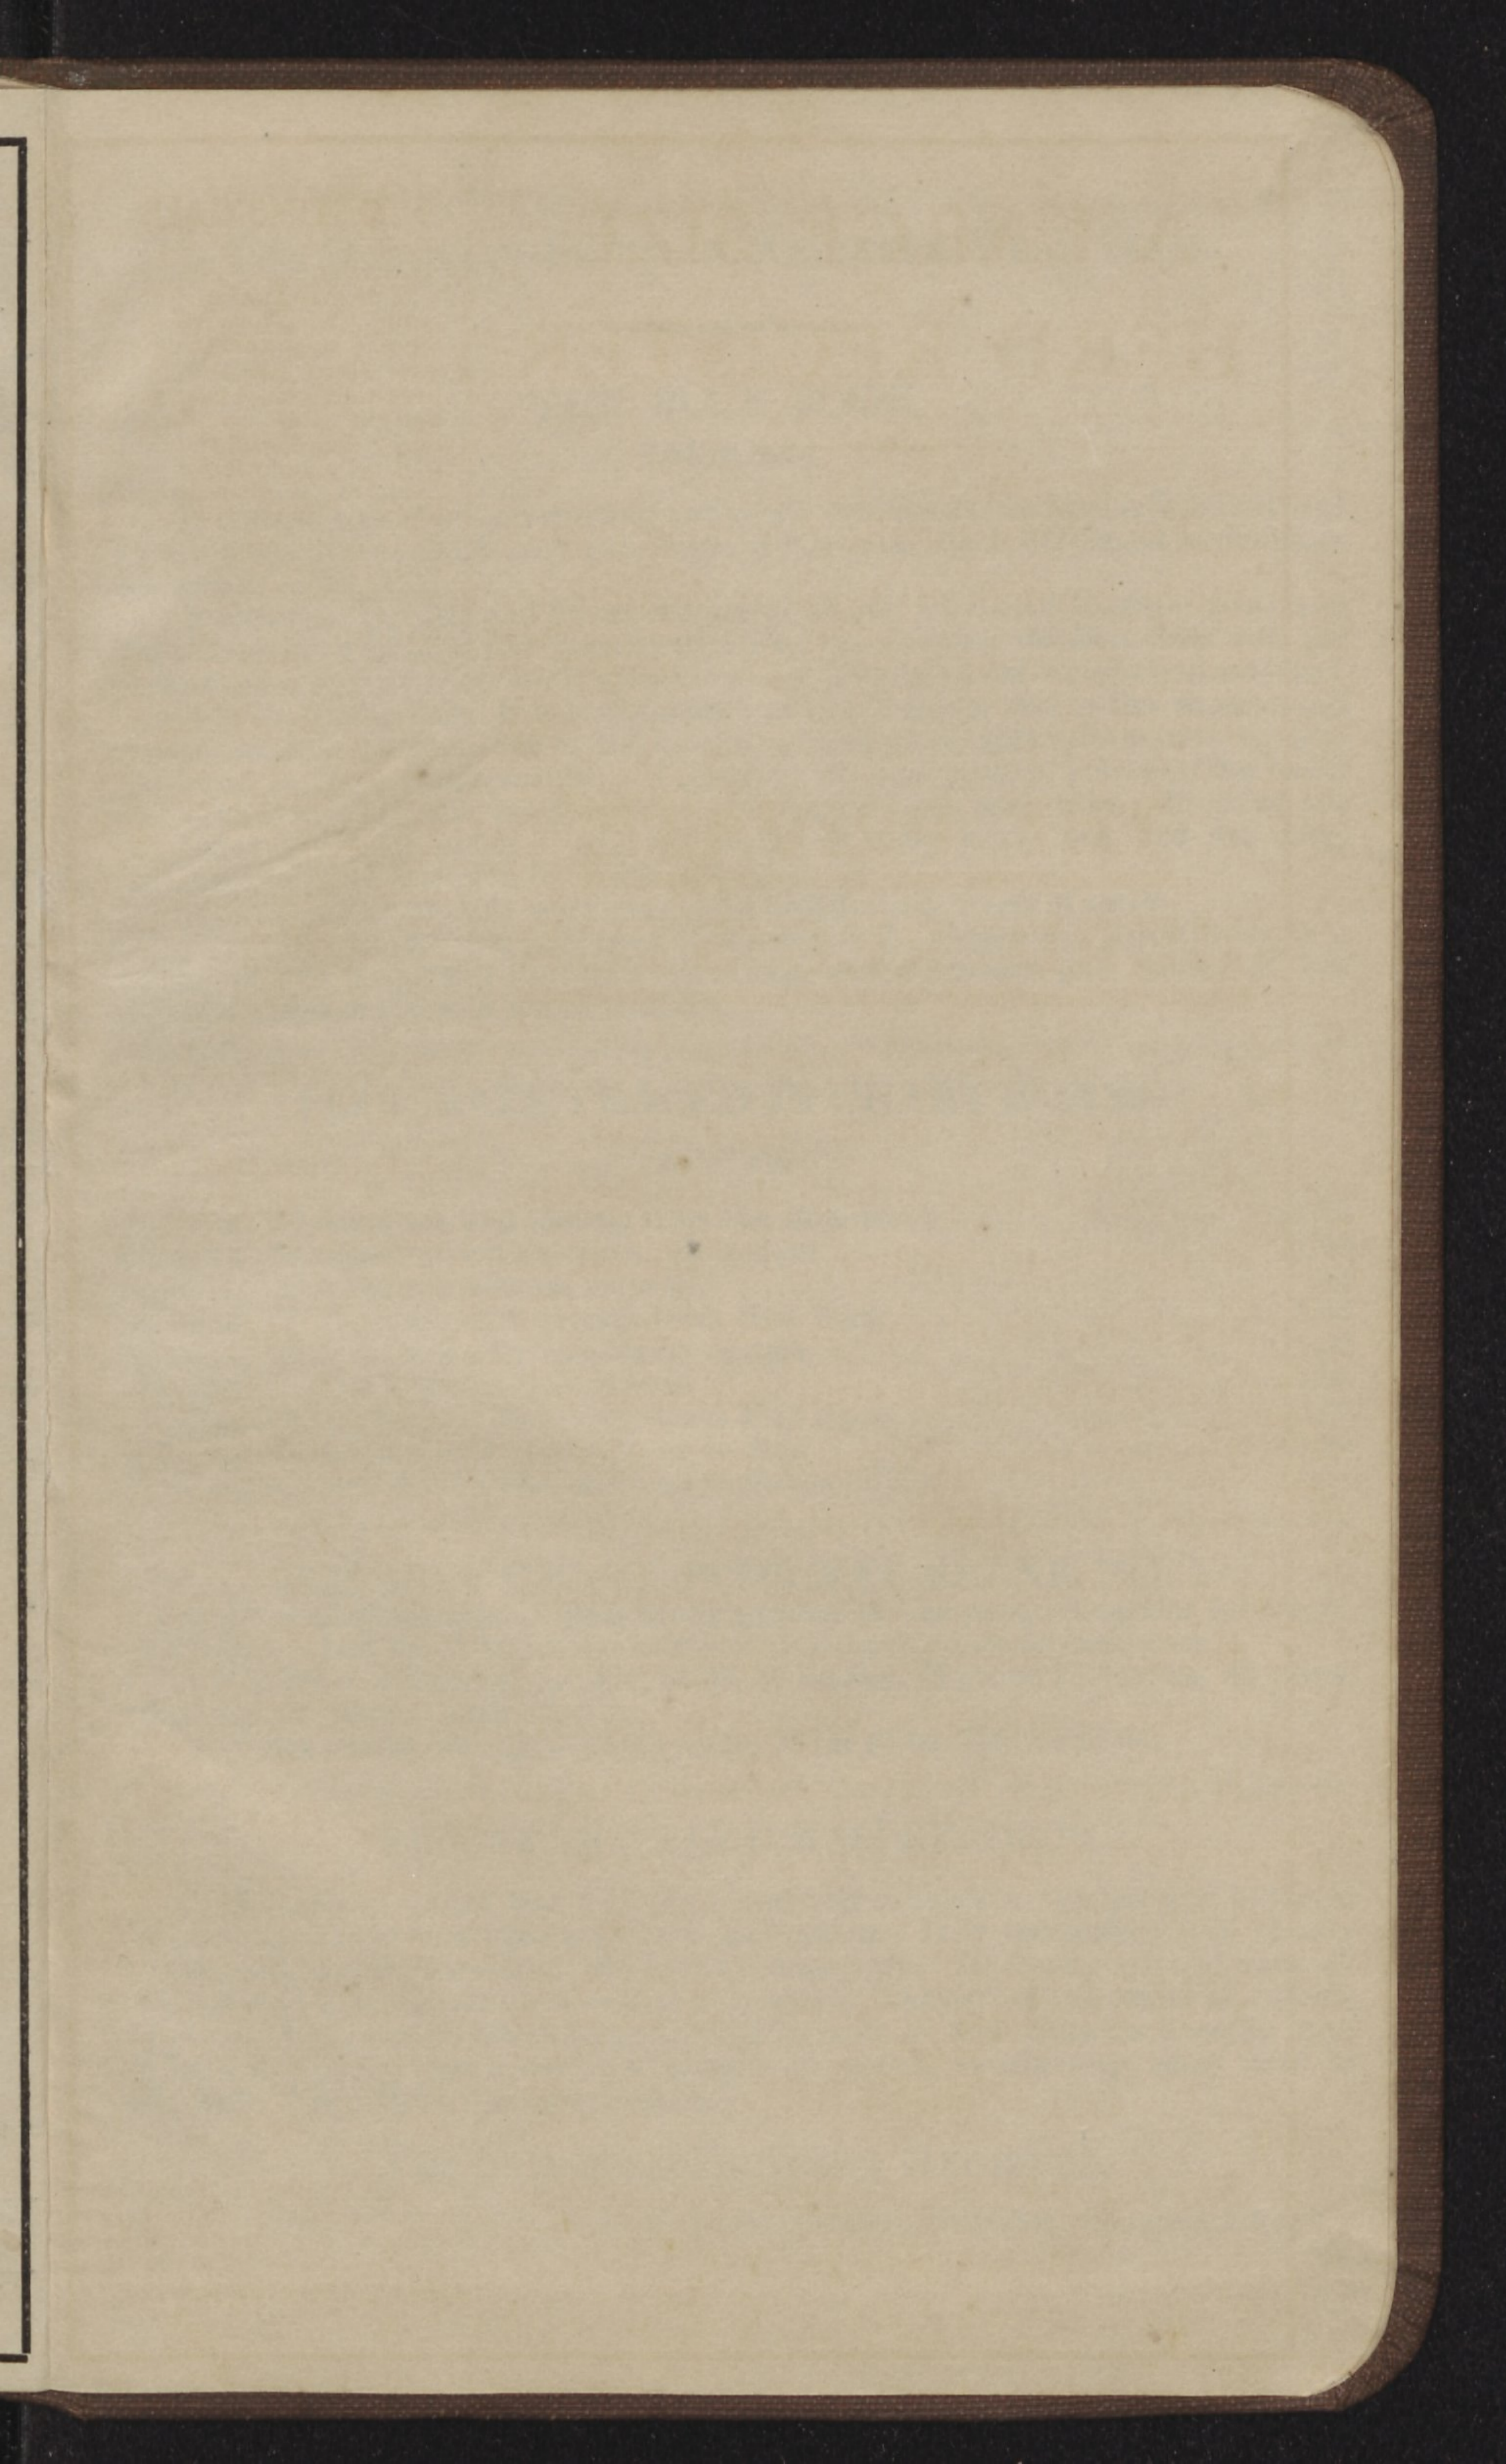

CHARLES TRUTTSHEL, Sheboygan Falls, Wis., writes: "I enclose a money order for \$2.25 for payment of the Private Herd Register. I find the book to be just what all breeders of pure-bred cattle ought to have."

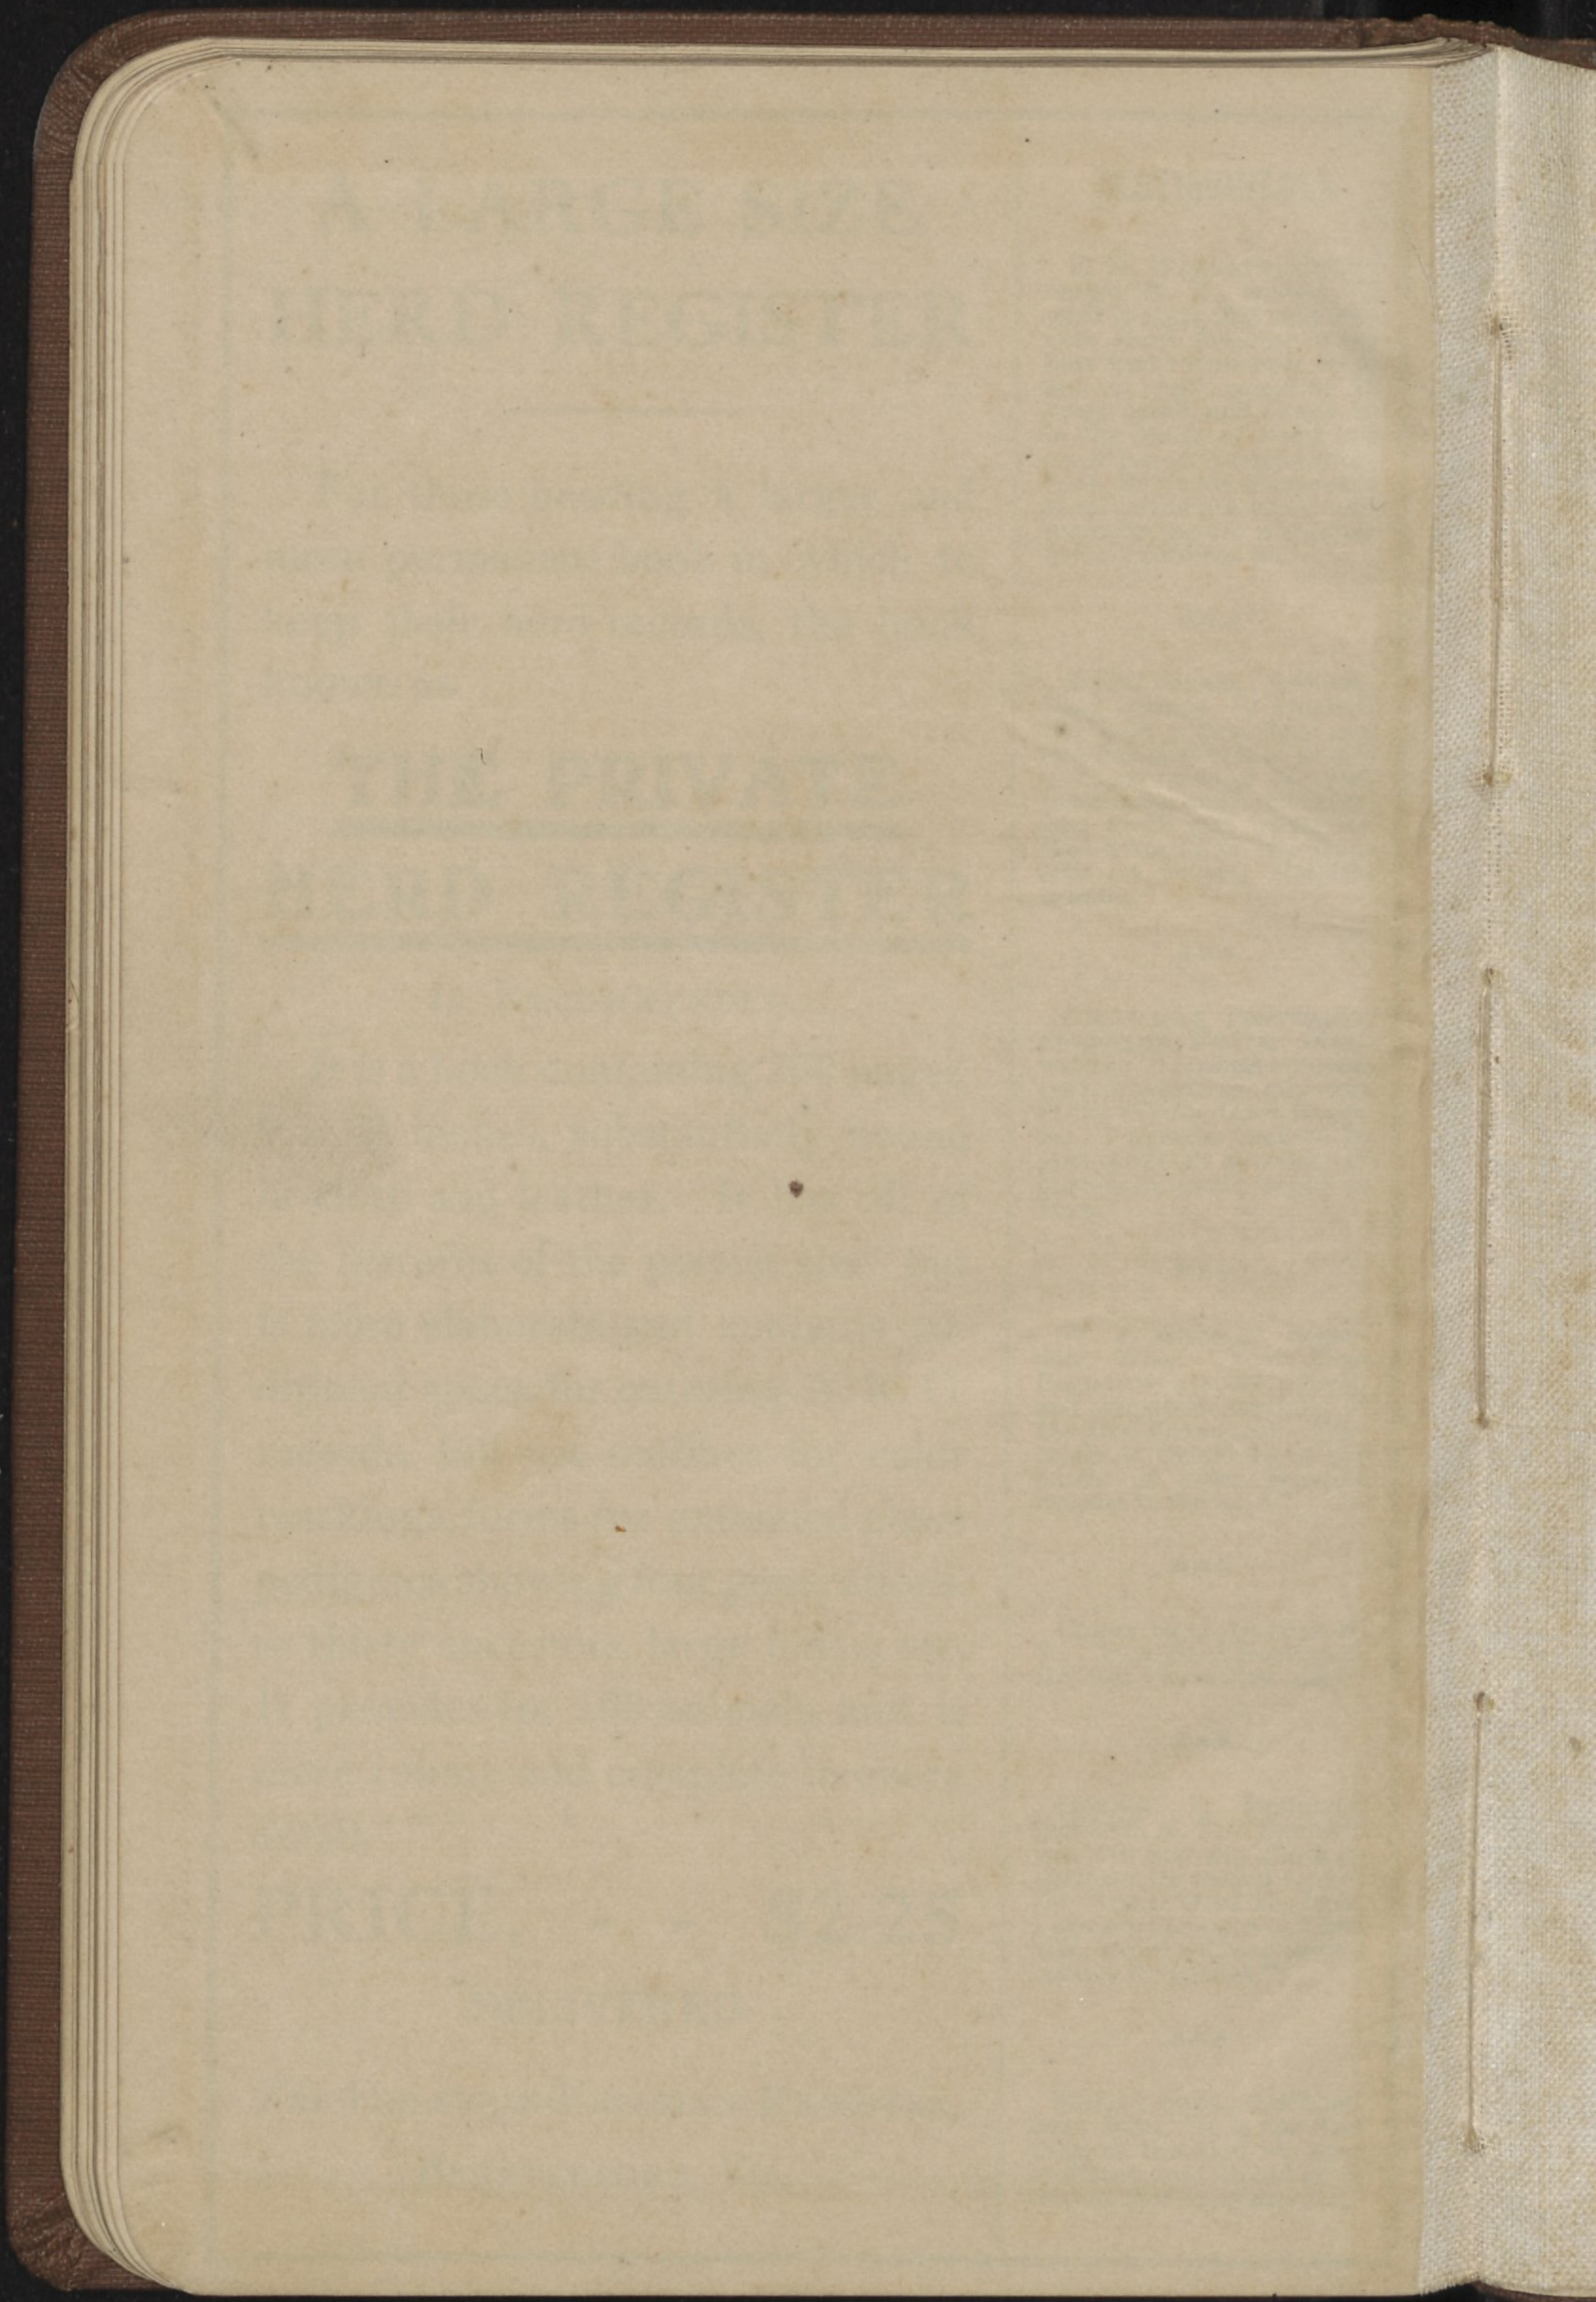

W. J. GILLET, Rosendale, Wis., "Your Herd Register is a model in itself, and surpasses anything of the kind I have seen. Certainly it should be in the hands of every Holstein breeder in the land."

CLARK BELL, Dundee, N. Y., "Your Herd Register is the best I have ever seen."

HORACE L. BRONSON, Cortland, N. Y. "Enclosed you will find my check in payment for second copy of the Private Herd Register. I already have one but find it so useful will use second volume for grades."

McKAY BROS., Buckingham, Iowa. "It is the best thing of the kind we have ever seen, and should be in the hands of every breeder."

The HOLSTEIN-FRIESIAN REGISTER YEAR BOOK.

THE BLUE BOOK (ANNUAL)

It tells a story of money-making and profit that should be read and understood by every owner of a milch cow, and places within your reach the means of doubling the profits of the dairy.

It contains the milk and butter records of all the Advanced Register cows, and the names of their sires and dams enabling anyone to select the best cows and the greatest sires of the Holstein-Friesian breed and determine the richest and most pre-potent lines of breeding. It is indispensable to the beginner and to the experienced breeder whether he owns one or 100 head and gives invaluable information to anyone about to buy a single animal. It contains the new Scale of points to the breed and illustrations of the most famous and typical bulls and cows. It gives the daughters and their yields of milk and butter, of every great bull; and the dams also, conveniently arranged for quick reference.

It is the most valuable work ever published for any breed of cattle.

Price \$3. Edited and published by Frederick L. Houghton, Brattleboro, Vt., Editor of *The HOLSTEIN-FRIESIAN REGISTER*, and Secretary and Editor of *The Holstein-Friesian Association of America*.
