

evening night.

Oct 31 - 1917.

My dear Papa - [Fudge Minton
H. Dixon]

We are getting on all right down here still, though it has turned considerably colder and the auto. rate that Mary sent keeps out a great deal at night.

I got your card and was so glad to hear from you in your own handwriting again and hope you will write me a line or

So whenever you
feel like it. I
appreciate so much
your buying and
putting away for me
the Liberty Bond. It
is a great help to me
away from home like
this to be thought of
in this way. The Bond
will help me out when
I get out of the war for
I must make a start
all over again then. I
enjoy very much the Exeter
and Nonpareil papers
which come regularly.
Brownie came over to
see me last night and
brought the candy from
Mary B. cigarettes from
Mintie and a bottle

of wine from Uncle
Dick. Please thank
them all for me.
It was too bad that
Brownie was delayed
in getting home and
after all didn't get
there for the dance.
All of the officers in
this Regiment were given
an examination last
night by the General.
It was unusually hard
and embodied some
questions that we hadn't
been over at all. I
do not think I made
a very good mark but

did as good as the other
officers and am quite
sure I passed all right.

Lt. Roman Guion
has been sick for
3 weeks with grippe
and his father and
mother came Monday
and took him back
home to recuperate.
They were afraid that
he might have pneumonia
as he insisted on going
out and working.

I hope Mac
made money selling
"hat-dogs" at the Fair.
With love to you all
affectionately
Richard
