Meeting Called to order by Dr. Madson;

Mr. Deal was excused because he had a class. Dr. Adams was recognized. He made a report of the Discipline Committee on the cases of Misses Mary Ellen Vick, Mary Brooks, and Bessie Baykin. Misses Brooks and Vick signed out to visit Miss Brooks' home in Bath. Miss Baykin was visiting in Fleming Hall. All three in company with some local boys went to a dance at Bay View, returning to the campus about 5³⁰ A.M. the following morning. They stayed around town until 7³⁰ A.M., and then signed in. When charged with violation of the rules Misses Baykin and Brooks made conflicting statements and denials. Miss Vick, on the other hand, admitted the facts. Finally, Misses Baykin and Brooks admitted the violations as charged, and that their former statements were in error.

The Committee recommended expulsion for Misses Baykin and Brooks, and a less severe penalty for Miss Vick. Moved by Mr. Picklesimer and seconded by Dr. Rebarber that Misses Baykin and Brooks be expelled. Motion carried unanimously.

Faculty meeting,
4¹⁰ P. M. August 17, 1932
Room 125; Austin Bldg.

Faculty Called to order by Dr. Meadows, Director
of the Summer School:

Dr. Adams, Chairman of the Discipline Committee
was recognized to report on two cases of
discipline. Dr. Adams stated that Miss Margaret
McDonald desired to appear before the faculty
and state her own case. Miss McDonald stated
that Mr. Dave Barber came to Cotton Hall and
blew his automobile horn. She went out to
his car and he asked her if she wanted a
watermelon. Then, he asked her if she wanted
to go to a show. She got into his car and
he went toward town, but did not
go to the show. Instead, they went about
three miles out into the country to the
home of Mr. Waddell James. About 8³⁰
P. M., they returned to town; went by
a filling station where Mr. Barber
works and then went on to Cotton
Hall. Miss Smith, dean of women, stated
that Miss McDonald at first maintained
that she went to the show; an act
that would not have violated her permit.
Miss McDonald told the Discipline Committee
that she told a falsehood at first at
the suggestion of Miss Lila Culbertson and
Miss Annie Skotts. Her act in going
out into the country to visit a home
without permission was strictly against
the College rules.

Moved by Mr. Henderson and seconded
by Miss Eschman, that Miss McDonald
be suspended for the remainder of
the term.

motion carried.

Dr. Adams next presented the case of
Miss Margaret Dozier.

On Sunday, August 8, Miss Dozier's
mother unexpectedly came to see
her twice. Miss Dozier could not
be found on the campus, although

She was at that time under restriction by the student Council. She was brought before the student Council, and later before the discipline Committee to try to establish her whereabouts on this date. She had a very poor memory about all that happened on Saturday and Sunday. No one could be located that could give any information about Miss Dozier for these days. Girls that Miss Dozier claimed to be with on Saturday denied that she was with them. Miss Smith, Dean of women, stated that Miss Dozier had twice broken her present restriction. Miss Dozier's scholarship record is extremely poor. She also made false statements to the student Council. She has a very poor student government record. The Committee recommended unconditional expulsion from College.

Moved by Mr. Hart and seconded by Mr. Hallan that Miss Dozier be unconditionally expelled.

Motion Carried.

The faculty seemed to be of the opinion that something ought to be done about the cases of Miss Culbertson and Miss Smith, who according to Miss McGonagall advised the telling falsehoods to the student Council. Moved by Wright and seconded by Mr. Slay that these young ladies be turned over to the student Council for action.

Dr. McGonagall recognized Dr. McQuinn, who read the list of the two year normal graduates for August, 1932. The list is appended.

Moved by Dr. McQuinn and seconded by Mr. Henderson that they be graduated. Motion Carried.

Dr. McQuinn then read the list of candidates for the B.A. degree in

August, 1932. The list is appended.
 Moved by Dr. McGuinnis and seconded by Mr.
 Haller that they be recommended to the Board
 of Trustees for the B.A. degree.
 Motion Carried.

Dr. Meadows stated that Summer School
 salaries would not likely be paid by the end
 of the Summer school, but likely would be
 paid by Sept. 1st.

Dr. Meadows thanked the Discipline
 Committee for its work and the faculty
 for its services during the summer.
 Faculty adjourned.

Faculty Meeting

4¹⁰ P. M. August 22, 1938

Room 125; Austin Bldg.

Meeting Called to Order by Dr. Meadows, Director of Summer School;

Minutes of the previous meeting were read and approved. Dr. Meadows told the members of the faculty about a Compliment by Dr. Highsmith about the record of our school in upholding high standards of moral conduct.

Dr. Meadows stated that Mr. + Mrs. Sozier and Miss Margaret Sozier wanted to come before the faculty concerning the case of Miss Sozier who was expelled on August 17th.

Miss Sozier made a statement in which she admitted being off the campus on Saturday and Sunday, August 13th and 14th. She and Miss Alia Woodruff "hopped" to Rocky Mount Saturday night and returned to Greenville with a friend of Miss Sozier on Sunday night. She also admitted making numerous false statements both to the Student Council and to the Discipline Committee.

Mrs. Sozier made the statement that she knew of Margaret's trip to Rocky Mount before the faculty took action on her case, that she was thoroughly provoked at the daughter, but that she did nothing to help settle the affair. She regretted that she had not come to Greenville and insisted on the daughter telling the truth.

Mr. Sozier said he had insisted on the truth from the beginning. He would feel better after Margaret told the truth. He wanted the girl to be humiliated and to get a lasting lesson from this experience.

Moved by Mr. Henderson and seconded by Miss Holtzclaw that the faculty refuse to alter the penalty against Miss Sozier.

Motion Carried.

Dr. Adams, Chairman of the Discipline Committee stated that there were some cases of discipline to be brought before the faculty.

Miss Alice Woodruff appeared before the faculty. She admitted "hunting" with Miss Dozier & Rocky mount on Saturday night, August 13. She admitted making false statements to the Student Council and to the Discipline Committee. She also stated that she and other girls and Mrs. Dozier had agreed to make false statements in order to get Margaret Dozier out of trouble. She later came to Dr. Meadows and confessed her part in the whole affair. According to her statement this act on her part was to clear her conscience in the matter, because she knew she had done wrong.

Moved by Dr. Adams and seconded by Mr. Henderson that Miss Woodruff be suspended for a period of time to be designated by the Director of the Summer School. Motion Carried.

Miss Mary Kemp Bunn appeared before the faculty. She admitted that she went "night riding" on the night of August 18th. She and Miss Fannie Williams left town about 8 o'clock with John Hodge and Ed Harris. They returned about 9³⁰ P.M. She admitted false statements concerning Miss Dozier. She had formerly been a member of the Student Council.

Moved by Mr. Hallan and seconded by Miss. Hartzclaw that Miss Bunn be suspended for the remainder of the present term. Motion Carried.

It was the opinion of the faculty that, if Miss Bunn completed the work for her diploma at the end of the past term, the diploma should be given to her.

Moved by Dr. McKinnis and seconded by Mr. Wright that Miss Bunn's diploma be handed to her in Private Motion Carried.

Miss Sallie Williams appeared before the faculty. She admitted "night riding" with Miss Bunn and Messrs. Hodges and Harris on August 18th. She did not sign out.

Moved by Mr. Deal and seconded by Mr. Wright that she be suspended for the rest of this term.

Motion Carried.

Miss Mary Ellen Vick appeared before the faculty. She admitted making several false statements for the purpose of getting Miss Margaret Dozier out of trouble. She admitted going into a plot with other girls to make false statements in Miss Dozier's case. Miss Vick had formerly been suspended and had been readmitted on the promise that she would never again cause the College trouble.

Moved by Mr. Wright and seconded by Mr. Deal that Dr. Meadams be empowered to deal with Miss Vick in any way he might see fit.

Motion Carried.

Miss Jessie Strickland appeared before the faculty.

She denied that she agreed to make any false statement in defense of Miss Dozier, or that she made any false statements.

Miss Kathleen McDermill also denied that she agreed to make any false statements, or that she made any false statements in defense of Miss Dozier.

An examination of the direct evidence of Misses Strickland and McDaniel before the Discipline Committee, as summarized for the faculty by Dr. Turner, seem to show no false statements, although there were some evasive statements.

Moved by Mr. Pichler and seconded by Miss Jenkins that the cases of Misses Strickland and McDaniel be dismissed.

Motion Carried.

Faculty Adjourned.

REPORT OF THE SPECIAL COMMITTEE APPOINTED BY PRESIDENT WRIGHT TO DRAFT
SOME RECOMMENDATIONS TO THE FACULTY RELATING TO CLASS ABSENCES AND THE
MAINTENANCE OF STANDARDS OF SCHOLARSHIP.

41

"Cuts"

1. We recommend that the maximum number of class absences per quarter be limited to six, and that the former action of the faculty allowing absences not to exceed 25% of the number of class recitations per quarter be rescinded.
2. We recommend that students be not permitted to register for a subject and enter a class after the third class meeting at the beginning of the quarter.
3. We recommend, that if a student has missed six recitations in a subject and is forced to miss more when the circumstances are not under his control, that he be permitted to make up the work missed and to take the final examination in the endeavor to secure credit for the quarter in the subjects concerned; provided:
 1. that the total number of absences in the class concerned does not exceed ten;
 2. that his grades made previously in this college average as much as 2.5;
 3. that in the case of a student who is attending this college his first quarter, the Classification Committee shall pass on his worthiness to receive the benefits of this regulation.
4. We recommend that students representing the college off the campus be permitted a maximum of ten class absences per quarter (including all absences) in each class, with the understanding that all work missed is to be made up to the satisfaction of the teachers concerned, and the further understanding that the faculty member directing the student's official absence shall report the absence in writing in advance to the Registrar.
5. We recommend that the Registrar issue the official permits to students and the notices to teachers concerned in all cases arising under regulation three and four above.
6. We recommend:
 - a. that registration day (or days) be not considered in counting student class attendance.
 - b. that all examination days be counted in determining student class attendance for the quarter.
 - c. That students be not charged with a class absence in a subject unless the regular teacher or a substitute teacher be present at the class room at the period when the class is scheduled and required to meet.
7. We recommend that the President of the college make and provide for the enforcement of any needed interpretation of these regulations.

Pres. Meadows Called the Meeting to order:

He stated that the meeting was called for the purpose of passing resolutions of respect for President Wright. He then recognized Miss Davis who read the report of the Committee on Resolutions. She read the following:

RESOLUTIONS OF RESPECT FOR DR. ROBERT H. WRIGHT,
PRESIDENT OF EAST CAROLINA TEACHERS
COLLEGE

We, the members of the faculty and staff of East Carolina Teachers College, in deep sorrow, and realizing the loss of our leader, Dr. Robert H. Wright, wish to express our appreciation of his worth and leadership, and our profound personal affection for him.

Since nobody knows when, civilization has been enriched and mankind has been made better through the influence of the lengthened shadows of men such as he. His courage, his ideals, and his high sense of honor have been an inspiration to the thousands of youths who have come under his influence. He camped among the crags and peaks of wisdom and his idealism was contagious and uplifting.

In his going the state has lost one of its first citizens; the nation has lost an outstanding leader in education; and the institution which he guided through its first quarter of a century has suffered an irreparable loss. As an executive, he possessed constructive wisdom and the courage to lead in the face of adversity.

He was abundant in the sympathetic touch that led his co-workers to their best effort, and wise in the freedom he provided for their activities. His sympathy was without bounds and his inspiration was a joy to those who strive to achieve in cooperative effort. He was a messenger of goodwill to those in distress; he went the second mile and exacted no ransom. He performed his functions in meekness and expected no cheering multitudes to inspire his purposes. He made up his mind in the calm of his own soul and with courage achieved mightily for God and man.

Our sympathy is sincere with all those who mourn his loss, and we pour out our hearts with his loved ones and remember him with an affection that shall grow more sacred with the passing of seasons.

Adopted by the Faculty and Staff of East Carolina Teachers College,

May 9, 1934

M. E. Wright.

Mamie E. Jenkins.

Dr. Meadows introduced Miss Scholz, who had been with us the second term as teacher of Science. (Home Ec.)

Dr. Meadows asked the faculty whether it would be wise for this college to grant the A.B. degree without practice teaching or certification to teach. He stated that he did not want faculty action but merely desired to get faculty opinion as a guide in determining the future policy of the administration. The question was discussed at length. Most of those present seemed to be of the opinion that the time had arrived to consider such a move. However, several were of the opinion that we should go into the matter very carefully before any action was taken. Some were of the opinion that such a movement would be unwise.

Dr. Meadows thanked the faculty for its hearty co-operation in making this summer school one of the most satisfactory in the history of the school.

Faculty adjourned!

A. D. Frank, Acting Sec.

Approved: Sept. 25, 1934.

Faculty meeting, 9 A. M., ~~Room 111~~, Sept. 25, 1934, Room 111.

Meeting called to order by Dr. Meadows, Acting President.

Dr. Meadows recognized Miss Mack, who will teach in the College this year in place of Miss Cassidy, who is on leave of absence, and Miss Demberger who will offer some work in production of plays in the College. Dr. Meadows then congratulated Dr. Haynes and Dr. Filarogam upon ^{receiving} their Ph.D. degrees. He also welcomed other members of the faculty back to Greenville and to College.

Dr. Meadows paid a short tribute to our former President, Dr. Robert H. Wright, and expressed the belief and the hope that our second quarter of a century would be more successful than the first one, because conditions are more favorable and the demands are greater. The work of Dr. Wright is a challenge to us.

Dr. Meadows then recognized Dr. McGinnis. Dr. McGinnis asked the co-operation of the entire faculty in handling the F. E. R. A. students. He handed out mimeographed materials describing this work. Then he gave names of students to the various faculty members. Each member of the faculty was requested to find suitable work for the students assigned to him.

Dr. Meadows requested Miss Jenkins to continue her work in publicity for the College.

Miss Newell was elected to the School Council to serve one year in place of Miss Cassidy.

Dr. Meadows stated that the rule relating to the buildings being closed at night would hold, but that teachers might bring students into the building, provided that the teachers accept responsibility for the students while in the buildings.

Dr. Meadows recognized M. L. Wright. Mr. Wright stated that the date for the Robert H. Wright Memorial Service had been set tentatively for Sunday, Oct. 28, 1934, and that President Frank Graham would be the speaker.

Dr. Meadows welcomed "Doc" Mathis as Coach of Athletics. Mr. Mathis was absent, due to

his failure to get a notice of the meeting.

Mr. E. L. Henderson requested the members of the faculty to meet their pledges to the Robt H. Wright Memorial Loan Fund on time.

Dr. Meadows requested the Chairmen of sects. to remain after adjournment.

Faculty Meeting 7³⁰ P.M., Dec. 12, 1934, Room 111.

Meeting Called to order by President Meadows;

Dr. McKinnis was recognized by the President. Dr. McKinnis read the list of those who had completed the requirements for the two year diploma. The list follows:

Anna Virginia Creble - Primary

Lena Steel Jenkins - "

Elizabeth McCormick - "

Nancy Viola Ward - "

It was moved by Dr. McKinnis and seconded by Dr. Slay that they be granted the two-year diploma. Motion Passed.

Dr. McKinnis read the list of those who had completed the requirements for the A.S. degree. The list follows:

Constance Ballance - Home Economics

Silma Gurganus - English - French

Doris Whitehurst - Grammar Grade

It was moved by Dr. McKinnis and seconded by Miss Lewis that they be recommended to the Board of Trustees for the B.A. degree. Motion Carried.

President Meadows stated that he has asked some members of the Student Government Association to appear before the faculty and state what had been done in regard to cheating and student honor. Miss Frances Newsome and Miss Frances Watson appeared. Miss Watson read the recommendations of the ~~Student~~ School Council. The recommendations followed:

- (1) That students do not bring books, notebooks or any paper to class during examination and announced tests, except when asked to do so by the teacher.
- (2) That three students be chosen to meet with the faculty discipline Committee to deal with all cases of cheating.
- (3) That all cases of cheating that have been handled by the Student Council be handled by this Committee on discipline.

Miss Frances Newsome then read a list of suggestions from students. The list follows:

- (1) That teachers do not leave the class room

Recommendations
About Cheating.

During tests and examinations.

- (2) That teachers refrain from using the same tests or examinations for different sections of the same subject.
- (3) That students not be permitted to grade Paper in Class.
- (4) That all cases of cheating be dealt with in as long way as possible.

Misses Kemsome and Watson were asked some questions by faculty members. They stated that they merely represented the element of one student body that wanted to break up the practice of cheating, that they were merely asking that these suggestions be adopted as an experiment and that they, and others for whom they spoke, were perfectly willing to try any other feasible plan that might be suggested.

President Meadows then requested the students to withdraw and opened the question for informal discussion. The discussion which followed seemed to show that the faculty was in sympathy with the movement to curb cheating and that there was a spirit of cooperation with the students. Several members expressed doubts as to the wisdom or value of the suggestions offered by the students. Some expressed the belief that more effort should have been made to create an honor system. The majority seemed to think that no limitations should be placed upon the classroom activities of the teachers.

It was moved by Mrs. Wright ^{that} the recommendations be accepted for this quarter. Seconded by Dr. Mc Ginnis.

After some discussion an amendment was offered by Dr. Blanagan that the recommendations be adopted in so far as they do not interfere with class instruction. Seconded by Mr. Wright.

The Amendment Passed.

The original motion as amended Passed.
Moved by Mrs. Wright that a Committee

Miss Davis told President Meadows of the dinner to be given in his and Mrs. Meadows' honor by the faculty and officers on January 18th. President Meadows graciously accepted.

President Meadows thanked the members of the faculty for their fine spirit of Co-operation and good work during the fall, and wished for each a restful holiday.

Dr. Mc Ginnis. Passed out questionnaires from the American Association of Teachers Colleges. These forms were to be filled out by members of the faculty.

President Meadows brought up the question of faculty Counsellors for freshmen. He strongly favored such a system, stating that it was his opinion that such a system would fill a gap in our college and that it would save some of our students.

There followed considerable informal discussion, most of which was in favor of the system. Then, President Meadows stated that a committee would be appointed to study the question.

President Meadows raised the question of the power of the discipline committee to conduct investigation into discipline cases.

It was moved by Mr. Deal and seconded by Miss Genshin that the discipline committee be given the power of investigation. An amendment was offered by Dr. Haynes and seconded by Mr. Henderson that the chairman of the discipline committee appoint other members of the faculty or student body to assist the discipline committee, if the members of the committee wanted help. ~~Unanimously~~ Carried. Motion as amended carried.

President Meadows stated that there were two vacancies on the discipline committee. Dr. Rebarber and Mr. Hallan were elected for a term of three years. Miss Hunter was elected to the School Council & succeed Miss Gingsby. The other faculty members of the School Council are Miss Rainwater whose term expires in 1936 and Miss Cassidy whose term expires in 1937.

President Meadows appointed Messrs Deal, J. L. Hogan, Haynes, and Frank as members of the Athletic Committee for the year 1935-6.

Miss Graham extended the thanks of the discipline committee to Dr. Rebarber, Mr. Hallan

Mr. Fort, Miss Grigaly and Miss Newell for their work as a special investigating committee.

Dr. Adams mentioned the overcrowded condition of student activities during the winter quarter of each year, and expressed the opinion that something should be done to relieve the situation. Miss Hartzclaw stated that the Social ~~Activities~~ Committee was studying the problem.

Mrs. Blanton questioned the advisability of students who work to pay expenses taking full load.

President Meadows stated that it looked as if the Summer School would be the largest in several years. He expressed the opinion that the year 1934-5 was the best year in the history of the College. He thanked the members of the faculty for their help in making it so.

Dr. Mc Ginnis read a report of a committee of which he is chairman, in regard to the proposed plan for counselors for first year students. He stated that freshmen would be assigned to each member of the faculty. The faculty members will be expected to consult and advise the freshmen who are assigned to them. However, the committee recommended that no advice be given that would conflict with the work of the Social Activities Committee; and that the

Counselors give no advice concerning the subjects to be taken by the students assigned to them. This matter should be left wholly to the major advisers. This report was read as a matter of information.

Faculty Meeting - 4th P.M. - Tuesday, Oct. 8, 1935 - Room 111 Austin

President Meadows Called Meeting to order:

President Meadows asked for opinions concerning the new Freshman Counsellor plan. Apparently, the system had not been tried long enough to furnish much information. Only four teachers had failed to meet the Freshmen assigned to them. Miss Wilson suggested that the Committee regulations left the Counsellors with little to do. Dr. ReBarber asked whether the regulations permitted him to invite his group to his home? Dr. Haynes replied, as a member of the Committee, that he could do so.

President Meadows recognized Dr. McGinnis, registrar. Dr. McGinnis handed out blanks seeking information for the American Association of Teachers Colleges. He also handed out forms on which the faculty members were to report the work of their NYA students; and asked that each faculty member hand in a list of all NYA students under his supervision.

Dr. McGinnis brought up the case of Ellsworth Hosca. Mr. Hosca made 48 quarters at Atlantic Christian College in two quarters. On transferring to E. C. T. C. he was allowed 36 quarter hours, a greater number than we permit freshmen to earn. Mr. Hosca now has 95 quarter hours, being one hour short in physical education for the two year diploma. The question put before the faculty was, whether the faculty would authorize the registrar to allow one additional hour on Mr. Hosca's transcript from A. C. C.

Moved by Dr. McGinnis and seconded by Mr. Fort that the additional hour be granted, and that Mr. Hosca be awarded his ^{two-year} diploma.

Mr. Fort seconded the motion but he would not advise the faculty to adopt it. Dr. Adams said that if ~~Dr. Adams~~ ^{Mr. Adams} were a Primary Major he would oppose the motion. Most lost by a large majority.

Pres. Meadows recognized Miss Davis, and asked her for a statement about the Austin Building. Miss Davis requested all members

of the faculty to Post schedules on their Class room doors to help Miss Moore in supervising the Janitors. She also stated that the various requests for office were being handled as rapidly as possible. Then, for the Library staff, Miss Davis requested Co-operation.

President Meadows asked members of the faculty to economize as much as possible on supplies, and to help to create a proper attitude among the students toward our grounds and buildings. He also stated that the Library Committee was working on a plan for spending some money for library books.

President Meadows urged 100% membership in the N. C. E. A. He praised the work of the Association in urging all to join it.

Faculty adjourned!

Faculty Meeting, 7³⁰ P.M., Jan. 6, 1936; Room 111 Austin Bldg.

President Meadows called meeting to order.

Pres Meadows introduced Miss Adams, Mister Branning and Mr. Gullidge and welcomed them as members of the faculty.

President Meadows appointed a Committee to edit the Papers and Messages of Robert H. Wright. The Committee:

Miss Jenkins; Miss Lewis; Miss Davis; Mr. Wright; Mr. Deal.

President Meadows appointed a Committee to get out two additional bulletins annually. The Committee:

Dr. Henderson; Dr. Mc Ginnis; Dr. Adams

President Meadows said that the Southern Association of Colleges and Secondary Schools had expressed satisfaction over the progress that our College had made in the past year. However, we were criticized for our graduate work, for having classes too large, and for the small number of books and magazines in our library. The hope was expressed that we continue to improve.

President Meadows stated that the Board of Trustees had requested him to increase the number of higher degrees in the faculty as fast as he could very well do so. He then asked the members of the faculty to conserve the resources of the College. He also requested members of the faculty to notify the office if and when they expected to fail to meet any class.

President Meadows brought up the question of students checking paper, tutoring and helping the members of the faculty in any way with the instruction of classes. President Meadows was very biased in his opinion that such work would lower the standards of our College. Most of the members of the faculty differed with the President; but they all were willing to stop such work at once. Most of the faculty members said that they had such work done in an effort to co-operate in the N.Y.A. work. This type of work had been especially recommended by the state director of the N.Y.A.

President Meadows called for the report of the Committee on resolutions for Mr. J.B. Spilman. The report was read by

Miss Jenkins. Moved by Mr. Wright and seconded by Mr. Hart that a copy of the resolutions be spread on the faculty minutes, a copy sent to the local ^{and college} papers and the family. Motion carried.

The resolutions follow:

We, the members of the staff of East Carolina Teachers College, wish to express our appreciation of the life, character, and personality of our colleague, J. B. Spilman, our just pride in his invaluable service as treasurer of the College for twenty-four years, and the deep sense of loss we feel in his death,

Integrity of character, a strong sense of justice, ability to judge people based on understanding of human nature, staunch loyalty to principles and institutions as well as to people he found worthy, were qualities he possessed that made him a valuable officer of the College.

His business ability was marked by a passion for accuracy and orderliness; a recognition of fundamentals that enabled him to select essentials from the mass of details that came to him; a sense of values in judging both people and materials; and a determination to carry every job through to the finish, never taking into account hours or labor involved. In prosperity or depression he kept his balance sheets straight.

Those of us who have been closely associated with him will always treasure the memory of his unique personality, his rare quality of mind, his philosophical outlook on life, his keen sense of humor, and his wisdom gained through rich experience.

We shall miss his pertinent comments on affairs, his gems of philosophy, his apt stories driving points home, his bits of humor, and, most of all, his sympathetic understanding.

The College and the community have sustained a great loss and we feel that his place cannot be easily filled.

SUGGESTIONS FOR IMPROVING WRITTEN COMPOSITION
OF UPPER CLASSMEN

At the last faculty meeting, President Meadows appointed a committee to consider plans for improving the written work our students do in courses other than English. The members wish to make these suggestions:

1. That each teacher let the English department know of any freshman whose written composition is strikingly deficient in spelling, punctuation, and / or sentence structure.

2. That every faculty member assume responsibility for teaching the special words used most frequently in his subject, and that, in addition, every English teacher give as much attention as possible to words in general use.

3. That he ~~require~~ occasional papers testing the ability of the student to write complete paragraphs, and that he have a part of such work done in class.

4. That he make a special effort to check as early as possible the composition of transfer students. (A list of these might be given every teacher soon after registration.)

5. That a standing committee composed of faculty representatives of the three curricula—primary, grammar-grade, and high school—be appointed to have general supervision of remedial work.

6. That a teacher warn an upperclassman after he hands in the first dangerously poor paper and report him to the committee after the second. (These papers should be on the regular work and should not be assigned to the students as tests in composition.)

7. That the teacher attach to the student's paper a checked list of errors somewhat like the one accompanying this report and give a copy to the committee.

8. That the committee have each student sent to them write, in the presence of at least one member, a page or more on a subject about which he is sure to know something.

9. That the committee refer to the English department for remedial work every student whom they find noticeably deficient.

10. That the teachers of composition, assisted by approved practice teachers, tutor the students until they can reach the standards set by the committee.

11. That, after next year, a student sent to one of these groups for drill not be allowed to do practice teaching or to graduate until he has satisfied the committee that he no longer needs remedial work.

Respectfully submitted,

P. W. Picklesime

President Meadows announced that an Adult Educational Working Conference would be held on our campus during the second summer term.

The President stated that he wanted the members of the faculty to be present at the Procession, unless very urgent reasons kept them away. He said that he felt that the loyalty of the faculty members should be with this College before any other.

President Meadows thanked the faculty for a year's hard work and splendid co-operation.

It was suggested by Dr. Adams that the list be mimeographed and distributed to the members of the faculty.

President Meadows read a letter from Supt. H. B. Smith of Newbern inviting the members of the faculty to an Educational Pageant to be given in Newbern on May 11th, 1939. He also read a letter from Mrs. Crockerell, sister of Fannie Brewer Taylor, expressing thanks for all the consideration that the College and faculty members had shown for her sister.

President Meadows thanked the various Committees for the success of High School day.

President Meadows recognized Dr. McKinnis who raised the question about how long a student should be permitted to attend this College. After some discussion the President appointed a Committee to report on this question at the next faculty meeting. The Committee was composed of Mr. Wright, Dr. Henderson, Dr. McKinnis, Dr. Adams, and A. P. Francis.

Faculty members were requested by the President to accept invitations to make Commencement addresses. He also announced that our Commencement address would be delivered by Mr. J. M. Broughton, and that the Commencement Sermon would be preached by Dr. Hanshalter.

Dr. Adams read a brief resume of the attendance records at our High School days.

Faculty adjourned:
Leon R. Meadows, Pres.

Faculty Meeting, Room 111 Austin; 4³⁰ P.M. May 29, 1939

Meeting Called to order by President Meadows:

The President asked the members of the faculty if anyone had any news about the three members who were lost on a fishing trip. No member of the faculty had any definite information. The three men on the lost boat were Dr. McQuinn, Mr. Ludge, and Mr. Heller.

Mr. Knight reported that his Committee felt that the matter which was submitted to it, that is how long students with low grades may remain in school, was amply covered by present regulations.

The Secretary read the list of those who were expected to complete the requirements for the A.B. degree at the close of the quarter. It was moved by Dr. Day and seconded by Dr. Hull that they be recommended to the Board of Trustees for the A.B. degree, provided that they met all college requirements. Motion carried. The list follows, on opposite page:

Discipline
Committee

Miss Ellis and Miss Hooper were elected to serve through the spring quarter 1942 on the Discipline Committee. The Committee is now composed of Miss Browning (40); Mr. Cummings (41); Dr. Hillrup (41); Miss Ellis (42) and Miss Hooper (42).

President Meadows expressed the hope that faculty members would attend Commencement. He then spoke of the success of each Carolina Teachers College, and stated that the splendidly trained faculty was largely responsible. He asked members of the faculty not to be discouraged. The President often thought of them and their problems, although he might sometimes seem to forget. He expressed his thanks for the good work and co-operation of each. Then, he announced that courses in Library Science would be offered for the first time during the summer of 1939.

The announcement was made before adjournment that the faculty members who were on the fishing boat had been rescued.

Faculty Meeting; 7 P. M. Oct. 10, 1939; Room 111 Austin.

Meeting called to order by Pres. Meadows:

The minutes of the last meeting were read and approved.

President Meadows introduced Miss Hudson, Miss McElmain, Miss England, and Miss Sparger who are new members of our faculty.

President Meadows then made several announcements. First, that our enrollment was not as large as we thought it was. Our numbering machine jumped 100 at registration. However, we do have slightly larger enrollment than we had last year. Second, that on Thursday and Friday, October 12 and 13, a Home and Family Life Conference would be held on the campus. Third, that on Oct. 24 and 25 the annual meeting of the North Carolina College Conference would meet at the O. Henry Hotel in Greensboro. He urged faculty members to attend this meeting. Fourth, that we had had some federal supervisors visiting us to urge the college to co-operate in the Penderlea Project.

Then, the President recognized Dr. McGinnis who brought two questions before the faculty for discussion; first, concerning the matter of 2/3 credit on courses of freshman units elected by seniors and, second, how strictly the regulation limiting students to 16 hours per quarter as freshmen and seniors and 18 hours per quarter as sophomores and juniors should be enforced. There followed some discussion. No action was taken.

President Meadows read a letter from the National Casualty Company calling attention to health and accident insurance policies that were available to members of the N. C. E. A. Then, he announced that he had ten copies of a lengthy questionnaire that he wanted faculty members to read in order to see what the group making the study was trying to do. This questionnaire had been sent out by the American Association of Teachers College and by a committee headed by

Professor Emswiler of Teachers College of Columbia University. President Meadows then called attention to a study of Teachers Colleges of the South by President Pittman of Collegeboro, Ga. This study showed E. C. T. C. as paying the highest salaries of any Southern Teachers College.

In Conclusion, President Meadows urged faculty members to remember that they had to work with students as they come to us. If they are poorly prepared, we can only do our best for them. We should always have as many as we can.

President Meadows discussed the question of Student Counselling. He was of the opinion that we could save a number of students and help many by proper advice and counsel. He had talked this over for sometime with Dr. Adams, Dr. Slay, and Mr. Wright. These three and Miss Hallyclaw and Miss Coates have been made a Committee to advise and aid any student that wants advice. The Committee wants the Co-operation of the entire faculty.

President Meadows stated that President Sprague, who recently inspected this College for the American Association of Teachers Colleges, gave a very complimentary report. He was especially pleased with our splendid facilities for the care of our sick students. He was also pleased with the training and personalities of our faculty members.

Homecoming Day was announced for March 9, 1940. The Program on that date will also dedicate the new Class Room building, celebrate the 100th Anniversary of teacher training education, and the Anniversary of this College. There will be an Academic Procession as a part of the Program. Miss Blotton and Miss Davis both asked the Co-operation of the faculty in creating interest in Homecoming and in carrying out the Program.

Dr. Adams announced that the Annual High School Day would be sometime in early April.

President Meadows asked whether any faculty members objected to students giving a Program "taking off" members of the faculty.

It was moved by Mr. Wright and seconded by Dr. Adams that they go to it. Motion Carried. Dr. Baughman wanted a vote off.

Dr. Posey criticized the World Almanac for its failure to include a list of Teachers Colleges.

Called to order by President Meadows;

President Meadows stated that the purpose of this meeting was to hear the report of the Committee on radio programs. He recognized Dean Tabar, chairman of the Committee. Mr. Tabar read the Committee's report. The report follows:

2. If the time is available, we suggest the 4:45-5:00 period.
3. Types of programs recommended:
 - a. Each program to include a theme of identification, such as the College Alma Mater, at the opening and closing.
 - b. Each program to have certain musical selections by some college organization.
 - c. The remainder of the program to be devoted to some phase of activity in conjunction with our teacher-training program.
 - d. On special occasions additional programs may be furnished, such as the Christmas service by the girls' glee club and various entertainments by visiting artists.
4. A five-person committee to be appointed to set up the program series and to be responsible for the programs far enough in advance so that the program chairman, as well as those participating, will be prepared.
5. Any program dealing with the content of a special department should be passed upon by the chairman of that department before being presented to the program chairman.

We the members of the Faculty of East Carolina Teachers College wish to express in some measure our appreciation of the life and personality of our late friend and colleague James R. Gullledge, for five years Librarian of the College.

Mr. Gullledge was quiet and unassuming, but diligent and competent in business. He sought no herald to proclaim his achievements. By nature sociable and friendly, he made enduring friendships with an enviable ease and grace. His sympathies and interests were as catholic and genuine as his moral integrity and loyalty to friends and duty were free from bigotry and taint of self-interest. In a word, he possessed the sovereign virtues of honesty, dependability, and courage.

More concretely, Mr. Gullledge was a trained librarian. He felt that the library is rightly termed the heart of the college. In his acquisitions he strove that the book of the hour might not eclipse too completely the book of all time. In his administrative policy he never forgot that a library is something more than a mere collection of books. That is to say, he tried to see beyond binding and printed page to the end-product in human character. He would not have wished--he could not have wished--more enduring monument than the thousands of books he helped to acquire during his able stewardship with us.

By reason of these tokens it is the will of the Committee that this testimony be made a permanent part of the record of our Faculty.

eting of Directors of Instruction, 5 p.m., October 30, 1941, room Alll.

eting called to order by President Meadows,

esident Meadows stated that the problem of absences from Saturday asses had been brought to his attention. He had appointed a committee to report on the problem. The committee consisted of M.L. Wright, airman, H.R. ReBarker, and A.D. Frank.

.Wright read the report of the committee:

It was recommended that week end permits start after the last class on Saturday and end before the first class on Monday.
(This has been a regulation in the hand book for several years)

It was suggested that students state on their applications for week end permits the last class before and the first class after the week end.

.It was suggested that all absences on Friday afternoon, Saturday, and Monday count double, unless they were caused by emergencies or representation of the college or a college activity. In case of an absence caused by an emergency or representation of the college, the student must bring the teacher a written statement to that effect. Then, the teacher will change the double absence to a single one. In case of an emergency, dormitory girls will get the written statement from the Dean of Women; girl day students from the Registrar; and men from the Dean of men. The Dean of men, the Dean of women, and the Registrar shall be the sole judge of what constitutes an emergency. In case of absence representing the college or a college activity, a statement from any member of the staff will be sufficient. If any teacher disagrees with any member of the staff over what constitutes representation of the college or a college activity, the teacher of the class ~~must~~ should refer the matter to the President at once. The President's decision will be final. Unless the teacher of the class refers the matter ~~if~~ to the president, he must accept the statement of the member of the staff that the absence was due to representation of the college of some college activity.

was moved by Dr. Adams and seconded by Mr. Deal that the committee report, including the suggestions, be approved.

Miss Holtzclaw, Mr. McHenry, and A. D. Frank were called upon to say a few words about civilian defense. They reported several special classes for civilian defense training.

President Meadows raised the question whether the college should admit high school students who had finished the tenth grade as a part of the defense program. No motion was made, but it was evident that the faculty did not think such action should be taken.

Several members of the faculty suggested that the administration and the faculty should urge our students to attend summer school so that they might contribute to defense by finishing their training earlier.

Miss Morton urged teachers to notify her when they planned activities that would require girls to leave the dormitories.

President Meadows read portions of a letter complimenting the college on the excellent training of its faculty for giving graduate work.

President Meadows requested Chairmen of the departments to hand to him by February 1 a list of the teachers that would teach during the summer, and also a list of subjects that would be taught in the summer school.

Faculty adjourned:

Leon R. Meadows, President.

SUGGESTED REGULATIONS ON STUDENT ABSENCES AND DOUBLE CUTS

President L. R. Meadows:

We respectfully recommend the regulations and procedures below as a substitute for the regulations now in force relative to student class absences and "double cuts."

1. The members of the faculty shall make a daily report of absences to the registrar's office. In the case of no absences, the blank report shall be submitted with the teacher's signature and the date.
2. The registrar's record of absences shall be the official record of the college.
3. Week-end permits shall begin only after the student's last class of the week and end before the student's first class of the next week. Students shall state in their applications for week-end permits their last class of the week and their first class of the next week.
4. Absence from class on Friday afternoon, Saturday, Monday, Tuesday morning, and the day before and the day after college holiday periods, except in the case of an emergency or the off-campus representation of a college activity, shall be considered a double absence and reported officially as such.

5. ~~If an absence is due to an emergency or an off-campus representation of a college activity, the teacher of the class in which the absence occurs shall submit to the registrar's office a single absence only. The teacher shall have sole authority in decisions relative to such absences.~~

6. (A college activity shall be defined as an activity recognized or fostered by the college as an integral part of the college program.)

7. The report to the registrar's office will be final, ~~and no double absence should be reported officially until the decision of the teacher is final.~~

Faculty meeting, room 111 Austin, 4:30 p.m., March 10, 1942.

Called to order by President Meadows:

A committee of students appeared before the faculty to present a report and recommendations that had been drawn up by a committee of five students and the Dean of men and the Dean of Women. The report and recommendations had later been approved by a student mass meeting. The recommendations were presented to the faculty by Miss Virginia Spencer. ~~XXXXXXXXXX~~

1. That the student body recommend to the faculty that the present regulations concerning week ends and double absences be repealed.
 2. That the following regulations covering absences be passed:
 - a. That the largest number of absences for any cause in a three-hour course be eight, if the student receives credit.
 - b. That all absences count double unless such absences are due to any of the following:
 - a. sickness
 - b. emergencies
 - c. representation of the college
 3. Each teacher should determine whether an absence was excused.
- The students pledged full co-operation to prevent large numbers of absences on week ends.

It was moved by Dr. Adams and seconded by Dr. Hildrup that the recommendations be adopted, except the portions that recommended that the individual teacher determine whether an absence was a single or a double absence and that recommended that the maximum number of absences in a three-hour course be eight, and that 25% of the number of class meetings of each class be set as the maximum number of absences. Motion carried.

Mr. Snider made several announcements concerning the Library and its use.

President Meadows read a part of a letter from J.H. Rose stating that students who do practice teaching in the high school next year would have to do double practice teaching one quarter.

Dr. Adams requested the faculty to express an opinion on the matter of High School Day this year.

It was moved by Mr. Picklesimer and seconded by Dr. ReBarker that High School Day be suspended for 1942. Motion carried.

President Meadows called attention to two advertisements in the North Carolina Education advertising graduate work at Boone and at Cullowhee, each under the supervision of the University of N.C. Dr. Posey expressed the opinion that we should advertise our Summer School.

Dr. Browne made a statement urging the faculty to do something to raise the standards of scholarship in the college.
