GENERAL NEWS.

A terrific storm did great damage to towns bordering on Lake Ontario.

There are 11,000 more children in Chicago than can be accommodated in the public schools.

Three hundred people were killed by an earthquake in Honduras, on Thursday, and the damage to property reached nearly a million dollars.

The people of the United States use, on an average, 12,000,000 postage stamps of all kinds every day, or a total of about 4,380,000,000 per annum.

It is said that the forestry exhibit at the Atlanta Exposition will be the most complete and comprehensive exhibition of the flora of the South ever gathered together.

George Adams, an eleven year old Atlanta boy, lost his life while trying to save his nine year old sister from being run over by a car. The girl was thrown down and her right leg nearly severed from her body.

It is said that on a moderate estimate Canada has since 1880 lost 1,000,000 of her population by emigration to this country. They were principally French Canadians, who do not take kindly to British rule, and who think they can do better in the New England towns, in some of which they have almost monopolized some branches of labor.

WASHINGTON LETTER.

(From our Regular Correspondent.)
WASHINGTON, D. C., Sept. 13th, 1895.
Democrats here are unanimously of the opinion that Senator Sherman did the Democratic party, not only in Ohio, but throughout the country, a great favor when he lugged the tariff in as an issue. Those who occupy positions which enable them to speak with authority, say that with the tariff for an issue in Ohio, the election of a Democratic legislature is a certainty and that of Governor Campbell extremely probable. It is hoped that Sherman, McKinley and Foraker, whose recent speeches are to be distributed as Democratic campaign documents in Ohio, will succeed in their announced intention to make the tariff an issue in the national campaign. The prospects for the election of a Democratic President next year have been steadily growing brighter for some time, but with the Republicans committed to the restoration of McKinleyism, they would become dazzlingly brilliant. The sentiment of the country is overwhelmingly in favor of the Democratic idea of a low tariff and against the Chinese wall which McKinleyism built around the commerce of the United States. This has been shown at more than one Congressional election and it was shown in the enormous majority by which President Cleveland was elected the last time, when the tariff was the predominating issue. The principal object these Ohio Republicans have in view is doubtless to compel their party to nominate McKinley by making McKinleyism the issue as it is well known that Tom Reed and his friends have been specially desirous to allow the tariff issue to remain in the background in the Presidential campaign.

At a meeting of the Ohio State Democratic Association held here this week a letter was read from Governor Campbell, which created much enthusiasm. Gov. Campbell said that he intended to make a vigorous and aggressive campaign and expressed the opinion that the result at the polls would largely depend upon the loyalty and activity of Democrats. Members of the Association say that it will be no fault of theirs if every Ohio Democratic voter temporarily residing in Washington, does not go home and vote for Campbell, and every man of them believes that Campbell's luck is going to pull him through.

On the 29th of this month there will be a change in the commander of the United States Army. On that day Lieut. Gen. Schofield will reach the age limit for retirement and one of the Major Generals will be named as commander of the army. There will be no promotions on account of the change, as the grade of Lieut. General ceases to exist upon the retirement of Gen. Schofield. Gen. Nelson A. Miles is the senior Major General, but his selection as commander of the army is not regarded as certain. The President can, if he desire, select one of the other Major Generals.

Commissioners Sale,

By virtue of a decree of the Superior Court of Pitt county made at September term, 1889 in a cause therein pending entitled, Laney M. Briley et al versus Martha A. Rouse et als, I will on Tuesday, the 17th day of September, 1895, before the Court House door in Greenville, sell at public sale to the highest bidder for cash, all that certain lot or parcel of land known and designated in the plan of the town of Greenville as lot number four in the old portion of said town, bounded on the north by lot number three, on the east by lot number sixteen, on the south by second street and on the west by Cherry Hill Cemetery, containing one half an acre more or less.

EVERY AFTERNOON (EXCEPT SUNDAY)

It seems to us that the silver convention called to meet in Raleigh on the 25th will be considerably mixed. The following two calls or cards appeared in the *Caucasian* of Sept. 11th.

WHEREAS, A number of citizens have signified their desire to have a non partisan Free Silver State Convention be composed of persons of all parties who believe that the unit of value which existed prior to 1873 should be promptly restored, and all who believe in the immediate, free and unlimited coinage of silver and gold at the ratio of 16 to 1, irrespective of the the policy of any other nation; we hereby express our approval of such a convention, and call upon those who believe in the above step toward a proper financial system to meet in Raleigh on the 25th inst., for the purpose of consultation. W. H. Worth, J. J. Mott, Harry Skinner, J. M. Moody, A. C. Shuford, V. S. Lusk, W. F. Strowd.

"A call having been made for a non partisan State Free Silver Convention, inviting all persons of all political parties, who favor the free, independent and unlimited coinage of silver and gold into full, legal tender dollars at the ratio of 16 to 1, to meet in Raleigh September 25th and inasmuch as such a convention will be on the line of the work started by the Memphis Silver Convention, and will tend to get all true friends of silver together under one banner to fight the foreign gold trust and its American Tory allies; therefore, we hereby favor the holding of such a non partisan silver convention, and call upon the honest money free silver clubs of the State and all other persons who favor the objects of said clubs to attend Marion Butler, member of the National Committee of the Memphis Convention for N. C., R. F. Keith, Vice-President, Memphis Convention for North Carolina.

Later comes the report that, J. C. Logan Harris will take fifty negroes to the convention and attempt to organize a new

party. He, it is said expects to introduce the following resolution.

"That a committee of 15 be appointed by this convention, which shall issue an address to the voters of the nation who are in favor of remonetization of silver at the ratio 16 to 1, urging them to meet at some convenient point for the purpose of effecting an organization, the sole mission of which shall be the remonetization of silver at 16 to 1, and that when this great object has been attained each individual who has contributed thereto shall be at liberty to return to the party organization with which he has acted, it not being intended to disrupt or impair any political organization further than to attain the object herein set forth."

This is too much mixed for us. Free silver, if it ever comes will come through the Democratic party.

Pointed Paragraphs.

Whenever nature leaves a hole in a person's mind, she generally plasters it over with a thick coat of self-conceit — Longfellow.

The road to ambition is too narrow for friendship, too crooked for love, too rugged for honesty and too dark for science.—Rosseau.

Midas longed for gold. He got it, so that whatever he touched became gold, and he, with his long ears, was little the better for it.—Carlyle.

Not a day passes over the earth but men and women of no note do great deeds, speak great words and suffer noble sorrows.—Charles Reade.

Whatever touches the nerves of motive, whatever shifts man's moral position, is mightier than steam, or calorific, or lightning.—E. H. Chapin.

When men first take up an opinion, and then seek for reasons for it, they must be contented with such as the absurdity of it will afford.—South.

A Daniel Came to Judgment.

The Maxton Blade, edited and owned by a colored man, has the following in this week's issue:

"It is that Judge Daniel L. Russell is planning to seat his 300 pounds of avoirdupois in the executive chair at Raleigh. If the Judge had written fewer letters and kept his mouth shut there might be some slight chance of his getting the place. But when we think of all the dirty, mean contemptible things that he has written and spoken of the negro, we cannot believe that the Judge will ever be elected to any office in North Carolina—that is as long as the negroes hold the balance of power. Daniel L. Russell for Governor? Perish the thought!"

The Millennium.

When sermons are ten minutes long,
 and never stale or flat.
 When congregations rise and pay before
 they pass the hat.
 When silver jingles everywhere and
 hanks go not to smash:
 When bill collectors are to spare and
 people buy for cash,
 When politicians join the church and
 cease to plot and plan:
 When there are fifty offices to every
 blessed man,
 Then will the great millennium dawn
 brightly, but alas!
 You'd die while you are waiting for
 these things to come to pass!

Types of Old World Beauty.

It is said that when artists are
 seeking for models the palm for
 beauty and symmetry of figure is
 given to the girls of Spain, while the
 daughters of rural Ireland are a
 good second. The pretty faces and
 graceful throats are found among
 English maidens. A model for a per-
 fect arm would be sought for among
 Grecian ladies, while a lady of the
 Turkish harem would be regarded
 as the possessor of a daintily com-
 mendable hand. Italians are usually
 good in figure, and some of the most
 beautiful models, perfectly propor-
 tioned, are derived from the women
 of sunny Italy. Frenchwomen, as a
 rule, are not in request, being too
 thin and vivacious for the purpose,
 while the face and limbs of a Ger-
 man frau are too commonplace for
 artistic work.—London Standard.

Sudden Change of Mind.

Watts—You won't mind my leav-
 ing my wheel here in your office,
 will you? I know you don't ride
 one, but—

Potts—No, I don't ride one very
 well yet, but I began taking lessons
 yesterday—

"Er"—come to think of it, I guess
 I won't impose on your good nature,
 old man.—Indianapolis Journal.

Men do not make their homes un-
 happy because they have genius, but
 because they have not enough gen-
 ius. A mind and sentiments of a
 higher order would render them ca-
 pable of seeing and feeling all the
 beauty of domestic ties.—Words-
 worth.

There is quite as much injury
 done by believing too much as by
 believing too little. You must be-
 lieve with your common sense if you
 want your faith to last.

 tant church of North America has a

328 Degrees Below Zero.

Sir George Nares and Dr. Nan-
 sen, while exploring in the arctic
 regions, often endured cold equal to
 65 degrees below zero F., and on one
 or two occasions both lived through
 "cold snaps" which sent the spirits
 in the thermometer down to almost
 80 below the zero mark. If all con-
 ditions were favorable, it is highly
 probable that a well constituted hu-
 man being could live for some little
 time in a temperature 100 degrees
 below zero. But should some freak
 of nature cause the temperature to
 fall to 328 degrees below zero, the
 point set upon in the dead line, what
 would be the result? All animal and
 vegetable life would immediately
 disappear from the face of the globe,
 and the atmosphere would become
 liquid and fall in the shape of rain,
 covering the earth to a depth of sev-
 eral feet. Of course there is no dan-
 ger of anything of the kind happen-
 ing, but if it should the fate of the
 human race on this planet would be
 the same as though it had been
 treated to the bath of fire and brim-
 stone which many believe will final-
 ly put an end to our race and de-
 stroy "God's footstool." It would
 mean instant and utter annihilation
 —St. Louis Republic.

The Earliest Home of Cricket.

About 14 miles from Southsea
 there still stands the old fashioned
 wayside inn with the sign of the
 "Bat and Ball." This humble tavern
 was the earliest home and nursery
 of cricket. It was the gathering
 place of the famous Hambledon club,
 which flourished in the last half of
 the eighteenth century. The still
 more illustrious M. C. C. arose from
 the ruins of the Hambledon. It was
 founded in 1787. Lord, a famous
 bowler of the day, gave his name to
 the original cricket ground of the
 club, and after one or two changes
 the members finally settled in the
 famous ground in St. John's Wood
 road in the year 1814. The club now
 numbers above 3,300 members and
 has an annual income of £30,000.—
 Liverpool Mercury.

An Automatic Cure All.

One of the most remarkable de-
 velopments of the automatic ma-
 chine is a "Dr. Cureall," in Hol-
 land. It is a wooden figure of a
 man, with compartments all over it,
 labeled with the names of various
 ailments. If you have a pain, find
 its corresponding location on the
 figure, drop a coin into the slot, and
 the proper pill or powder will come
 out.

People Going and Coming These Early Fall Days.

W. H. Wortham left this morning for a week at Durham.

The family of Capt. E. M. Pace arrived from Wilson Friday evening.

K. H. Sheburn returned Friday evening from Richmond and Baltimore.

W. C. Taylor returned from a brief vacation today and is again at the depot.

V. T. Cheatham, of Oxford, who has been spending a week here left today.

W. D. Pender, who has been serving as relief at the depot, left for his home in Whitakers today.

Mrs. Nan Moore and daughter, Mrs. Dr. West, of Greene county, have been visiting Mrs. King at the King House.

Messrs. Mahler and McKee, who have been visiting L. A. Cotten, at Cottondale, took the train here for Raleigh today.

Miss Carrie Cobb, one of Greenville's most charming young ladies, is spending a day or two with Miss Alice Bogart.—Washington Progress.

Messrs. Hines & Hamilton, of the Greenville Lumber Co., have taken the contract to complete Mr. J. A. Dupree's residence, the contractor having moved away. We believe it would be a good thing for Greenville if these gentlemen could be induced to take contracts and do general building here.

Mr. B. F. Patrick finished curing his tobacco crop, 63 barns, on Friday. His curer, Mr. Cozart, before leaving for his home in Person county, said Mr. Patrick's crop was the best all through he ever saw. Only one barn of the crop has been sold so far, and one barn was destroyed by fire while curing.

Misses Carrie Holt, of Graham and Mamie Gray, of Winston, who have been visiting Miss Sallie Cotten, at Cottondale, took the cars here this morning for their homes. Misses Mena Brem, of Charlotte, Bessie Henderson, of Salisbury, Kate Ellington, of Riedsville and Nellie Skinner, of Hertford, are also visiting Miss Cotten.

DON'T BE DECEIVED.—The Electric Belt is sold on a positive-guarantee. Best people everywhere endorse them. It has cured thousands and it will cure you. Why neglect your health when there is such relief at hand. Buy the genuine, the only Electric Belt that generates its own current. Ask your friends what it is doing for them.
