### TWO LITTLE POETS.

"I'll make a poem," said Rosatie Bell;  
"Me make one, too," said sober-eyed  
Nell;  
So Rose brought paper and pens and  
ink,  
And they sat down to think, think,  
think;  
But they thought so long and they  
thought so deep,  
That Nurse Adel found them fast  
asleep.

How a Debt Was Paid and no Money  
Passed

As an illustration of how one piece  
of money can pay several debts, we  
print the following: A. B. Galloway  
owed E. D. Harris fifty cents. Mr. Har-  
ris owed George Dalton the same  
amount, Dalton owed Will Harris fifty  
cents, Will Harris owed Fred Day fifty  
cents and Fred Day owed Col. Gallo-  
way fifty cents. Each man cancelled  
his debt, which amounted in all to  
\$2.50, without passing any money  
whatever.

### A Bright Answer.

A little 3 year-old girl of this town  
was taken by her mother to a neigh-  
boring town to visit her grandmother.  
While there the mother found it neces-  
sary to administer some slight punish-  
ment, for which purpose the little one  
was taken into an adjoining room and  
left there. Later the grandmother went  
in to comfort the little Miss and asked  
"How did you feel when mamma was  
punishing you?" "I felt very embarrass-  
ed," was the prompt reply. That was  
a bright remark for a child of that age.

### Phoenix and Rialto.

The two brick blocks erected by  
Elliott Bros., and which so far could  
only be referred to as the Elliott build-  
ings, have been christened. The one  
on the east side of the street has been  
given the name of Phoenix building,  
and the one on west side Rialto build-  
ing. Run over this a few times and  
get the names and location fixed in  
your mind.

### Public Speaking.

tor, and Hon. J. B. Respass, Republi-  
can Elector, will address the people of  
Pitt county at

The other night the watchman on  
the C. F. & Y. V. yards heard a noise  
in a freight car and taking his lamp  
went out, where he found eight tramps  
in it, four of whom had but one leg,  
one only one arm and the others were  
short on noses and eyes.

Yet they seemed to be happy, but  
awfully sleepy.—Greensboro Record.

### Many Insults offered to Bryan.

Mr. Bryan was not only treated most discourteously, most outrageously at New Haven, Conn., but The New York Journal says he has been badly, even grossly insulted, by railroad officials. He and his committee complain bitterly of the condition of certain goldbug officials in charge. The Journal says:

"It is claimed that only by the energetic action of Mayor Fagan, of Hoboken, a scheme on the part of the railroad men to flaunt a republican banner in the faces of Bryan and his party as they disembarked from the train was balked.

"The matter has been laid before the state democratic committee, a member of which body said yesterday that Mr. Bryan had been insulted and annoyed during his entire trip over the Lackawanna.

"The engineer of the train lost no opportunity to place the candidate at a disadvantage. The train would pull up at a station where the townspeople had assembled, and Mr. Bryan would walk to the rear platform to address them. When he had got fairly started, the engineer would pull the throttle and start the train with a jerk. On one occasion the passengers were thrown against the sides of the car, and several windows were broken."

Now, all this is very bad conduct, is most reprehensible, most disgusting, most unfair, most insulting. It will get many a vote for Mr. Bryan. It looks as if the asses were put in charge of railroad management where Bryan is to travel. There were many indignities offered to the democratic candidate that we have omitted. It was most foul, most infamous treatment.—Wilmington Messenger.

Baltimore Base Ball Team to Go to Europe.

"That the Baltimore base ball club will make a European trip is an assured fact," write members of the Baltimore club to The Sun.

They add that arrangements have been completed to send Mr. Ted Sullivan across next Wednesday, September 30th. He will arrange dates of games and have everything in readiness for the arrival of the team, which will be about October 20th.

The players expect to sail from New York as soon after October 12th as possible. The team will be advertised as the Baltimore champions and will add renown to Baltimore.

Some of the players and the faithful among the rooters think that if the business men of Baltimore would consider what an advertisement such a trip will be to this city, they might feel like contributing something toward defraying the expenses.

The team that is expected to go will be made up of the following: Pond, Hemming, Clarke, Doyle, McGraw, Jennings, Kelley and Keeler, of Baltimore, and Collins, of Boston, and Lange, of Chicago.—Baltimore Sun.

Why should not all Populists, who were former Democrats, now return to their old party and vote the straight Democratic ticket from "President down to constable"?

They are going to vote for the Democratic candidate for President—the highest office in the land—and why not vote for the Democratic candidates for lower offices.

Four years ago, in 1892, when those former Democrats abandoned their old party and joined the People's party, they gave as

their excuse or reason that the Democrats had nominated Cleveland—a goldbug—for President and that the Democratic party was under the control of "Wall Street." They admitted that our State government was all right and was properly managed, and their opposition was to the national Democracy. They abused and denounced both old parties for mismanagement of the national government, and they contended and insisted that the hard times and business depression were caused solely by the corruption and mismanagement at Washington and not at Raleigh.

That excuse or reason no longer exists. No man now accuses the Democratic party of being controlled by "Wall Street," and the Democratic party in its national convention has gone so far in the opposite direction as to be accused by the Populists of having stolen both their platform and candidate!

Then why not, we repeat, should not former Democrats who are now Populists again unite with their old associates and friends in giving good government to North Carolina and vote for the Democratic candidates for all our State and county offices? —Pittsboro Record.

Some of the New York preachers are perniciously active in politics this year. The Rev. Tommy Dixon is the loudest-mouthed and wildest-eyed of them all, but Dr. Parkhurst, just back from Europe with a new outfit of vituperation took a pretty rank hold last Sunday when he said in his sermon that the purposes of the Democrats are "thoroughly false to the spirit of the Gospel and accursedly treasonable to our collective interests and national destiny." A number of silver men were in the congregation and left the church, among these being Treasurer W. P. St. John, of the National Silver executive committee. It is to be observed that the quality of the molasses in which Dr. Parkhurst deals is not catching many flies this year. —Charlotte Observer.

Mr. Bryan up to date has made 205 speeches in 172 towns and cities of 22 states, and has already traveled, since his nomination for President, 8022 miles, so said the New York World of Tuesday morning.

### Public Speaking.

Hon. Cyrus B. Watson, Democratic candidate for Governor, will speak at Kinston, Wednesday, Oct. 14. Snow Hill, Thursday, Oct. 15. Greenville, Friday, Oct. 16. Washington, Saturday, Oct. 17.

How Two Prisoners Used Their Brains to Save Their Heads.

The following is an incident of reconstruction days. Captain Rube Clark and his lieutenant, Reynolds, guerrillas, were cast into prison, sentenced to be shot.

Clark's friends finally secured his release and hurried him out of Knoxville. Two entered a carriage with him—two of his old soldiers—and drove toward the mountains as hard as possible in the dead of night.

"It's all right, Reynolds; this is the captain," he whispered. Reynolds tore off the blanket, sprang up with a glad cry, and threw his arms around Clark's neck.

"Great God, captain, didn't I do it well?" he said. They made all possible haste and soon reached New Orleans, where Clark felt that Reynolds would be comparatively safe.

"That is a likeness of my friend who has just left us," said Clark coolly. "His name is"—

# Wilson Air-Tight Heater.

With Patent Automatic Smoke Doors.

The Wilson Heater, which is a stove for house heating, is the most remarkable that has ever been patented.

In the first place it radiates more heat than any stove known, and will save 25 per cent. in fuel over any stove made.

Second, with two or three ordinary sticks of pine stove wood it will keep the fire from 36 to 48 hours, and with ordinary care the fire will never go out.

Third, being entirely closed at the base there is no danger of fire, and it is the cleanest stove use. It is not necessary to remove the ashes oftener than once a month. These stoves are made different styles—the small one, which is made for bed rooms, is specially recommended for health well as comfort.

The Wilson Heater has a great advantage over any similar stove, because it has Patent Automatic Smoke Doors, which prevent the smoke from coming into the room when you take the top off to put in the wood. These doors are so constructed that they can be taken off and put back on in one minute. These stoves can be seen our store, come and look at them.
