THE LEGISLATURE.

Condensed Report of Proceedings.

EIGHTH DAY.

HOUSE.

Bills were introduced as follows:
Sutton, of Cumberland, to carry out the true intent of grants and testators and to abolish the rule in Shelly's case by providing that whenever an estate in land is conveyed to one for life it shall not be construed to confer a fee simple estate upon the life tenant.

Sutton, of New Hanover, to prevent the spread of contagious diseases among live stock in North Carolina. It provides for three commissioners forming the North Carolina live stock sanitary board.

Dixon of Cleveland, filed the papers and notice of contest by A. J. Field, of Granville, for the seat now held by J. W. Crews.

Cunningham filed the papers and notice of contest by N. B. Broughton for the seat from Wake now held by James H. Young.

The bill passed making the unlawful taking of a legislative bill or other papers a felony.

The bill passed in regard to suits or actions of quo warranto, providing that in trial for trial to any county office or other local office it shall be sufficient for the person desiring to bring such action to give bond to save the State from costs, and such suits shall be placed by the clerk at the head of the docket or calendar.

The bill passed providing that the terms of justices of the peace elected last November shall end the first Monday in December, 1898; also the bill to levy a special tax of 25 cents on the \$100 in Robeson county to pay the floating debt.

A resolution was adopted giving each legislator a set of colonial records. It was stated that there were 1,200 sets of records now on hand.

The bill passed by a vote of 71 to 24 (Democrats voting no) providing for new jury lists next July in all counties in the State.

The resolution to create a committee to investigate the charges in the senatorial contest was ratified.

Luske asked if the expression in the original was not "charges of fraud."

The committee on agriculture, mechanics and mining was announced with Aiken chairman.

SENATE.

Bills were introduced as follows:

Robeson, to establish stock law in White Oak township in Bladen county.

Sharp, to abolish the office of cotton weigher in Edgecombe.

Butler, to license foreign associations and other corporations.

The bill passed its third reading to incorporate the town of Millbank, Wilson county.

The following Cuban resolution, as modified by the committee on federal relations, was adopted.

Resolved by the senate, he house concurring, That we are in sympathy with the people of Cuba who are struggling for liberty against such overwhelming odds, and we assure our senators and representatives in congress that any action they may take looking to the independence of Cuba will meet our hearty approval.

Lots of Baggage.

Some idea of the railroad travel now can be had from the quantity of baggage being handled. Yesterday morning we noticed 22 pieces being handled at the depot here. Last night 18 pieces were checked from here to Kinston and this morning 11 pieces were taken off here and 18 pieces were loaded to go up the road.

EDITORIAL NOTES.

The Republicans of the New York Legislature have elected Thos. C. Platt as United States Senator to succeed D. B. Hill, Democrat.

The silver service, which the residents of Brooklyn are going to present to the war vessel named after that city, has been completed. It numbers 339 pieces, weighing 2,551 ounces and cost \$8,400.

Since taking charge of the office of State Auditor Hal. W. Ayer has tendered his resignation as chairman of the Populist executive committee of the State. W. E. Fountain, of Tarboro, has been chosen as his successor.

A canvass of the present Legislature as to religious belief of the members shows that in the Senate are 15 Baptists, 12 Methodists, 2 Lutherans, 6 Presbyterians, 2 Catholics, 2 Disciples, 6 of no belief. In the House there are 32 Baptists, 30 Methodists, 13 Episcopalians, 13 Presbyterians, 1 Catholic, 1 Disciple, 1 Reformed Church, 18 of no belief.

REFLECTOR readers will remember a clipping appearing in this paper a few days ago about the enormous profits being made by the fire insurance companies of the country during last year. The report shows that companies made from 29 to 86 per cent profit on the amount they had invested. This is simply robbing the people and some thing should be done to stop it. That the companies charge exorbitant rates for fire insurance need not be mentioned, as everybody who carries any insurance knows it. As to trusts, there is none of them that can touch the fire insurance companies in the way they rob the people. If the Legislature wants to do a good turn let them work on the insurance companies and prevent such extortion in rates.

How to Preserve Hams.

A correspondent of the Charleston News and Courier writes that paper as follows:

"For some time I've noticed through the columns of your paper varied comment and discussion on the subject of curing and preserving hams. The method I give has been wrought out by my own personal experience, and not bought or borrowed. The borated, smoking and various other remedies all proved unsatisfactory, so, by way of experiment, I conceived the idea of packing meat away in dry ashes. Apply an inch of saltpetre at the joints, and after sufficient time has been allowed for curing in salt, say three to four weeks, take out, wash and dry thoroughly, then wrap each piece separately in thin cloth. Then pack away with alternate layers of dry oak leaves. The first trial proved a grand success. Since then I've not had the least trouble in keeping my meat. You will find that this simple and inexpensive process not only prevents all attacks from insects, but keeps the meat in a perfect state of preservation, therefore it retains the natural sweet, juicy flavor, which, in my judgment, is the first and greatest thought under consideration. Hams treated in this way will keep all summer perfectly sound and fresh."

The Economy Bin.

Have you seen the Economy Bin? All who have seen it speak in praise of its merits. Such will be your decision when you have examined it. The agents are here and will make a thorough canvass of the town and county. So far they have taken a number of orders for Bins. Every household should have one.

WASHINGTON LETTER.

(From Our Regular Correspondent)

WASHINGTON, Jan. 15, 1897.

A new scheme is being hatched by Republican Senators to enable their party to control the Senate after the 4th of March, that is as daring and audacious as anything ever attempted in this country in the political line. The first step in this scheme was taken this week when Senator Chandler, who is an adept in tricky politics, offered a petition in the Senate from Henry A. Du Pont and eleven members of the Delaware legislature, asking that the Senate reconsider the vote whereby it declared Mr. Du Pont not entitled to a seat in the Senate. This scheme never would have been sprung had it not become certain that the Democrats would elect a Senator to fill the Delaware vacancy. Those who are behind it do not expect to seat Du Pont, but they hope by getting his claim before the Senate again to prevent the seating of the Democrat who will be elected by the present Delaware legislature. With one vacancy in the Senate 45 will be a majority, but if the vacancy is filled by a Democrat, the Republicans must have 46 votes to control the Senate. See? The petition was referred to the committee on Privileges and Elections, which consists of five Republicans and four Democrats, but as Senator Palmer, of Illinois, is one of the latter, the Republicans may be said to have two-thirds of the committee.

Senator Vest, who has just returned from a triumphant reelection, revived the drooping spirits of those who believe that something ought to be done for Cuba before this session of Congress closes by declaring his intention to devote his time exclusively to getting something done for Cuba, because he believes that to be the most important question before this Congress. When Senator Vest devotes his exclusive time to anything, the country is pretty certain to hear about it. So, look out! Speeches were made this week by Senators Mills and Bacon in advocacy of the Mills Cuban resolution, which provides for recognition of Cuban independence and the appointment of a United States Minister to Cuba.

At last Speaker Reed has filled the Democratic vacancies on the House committees. Representative Bailey, of Texas, got the place on the Committee on Rules. Representative Boatner, of Louisiana, goes on the Committee on Ways and Means. Representative Stokes, of South Carolina, on the committee on Agriculture, and Representative Crisp, Georgia, son of the late ex-Speaker, who is

known as the "boy member," was given the vacancy on the Post Office committee.

One episode occurred in connection with the Pacific Railroad Funding bill, that was this week defeated by the House, that in the old days would have resulted in a duel, or perhaps two. Representative Johnson, of California, the only member from that State who supported the funding bill, made an unprintable speech in which he made unprintable charges against W. R. Hearst, whose New York and San Francisco papers had made a hot fight against the bill. For this he was called a coward by Representative Cooper, of Wisconsin, and in addition to being called a coward by Representative Maguire, of California, Johnson was reminded of his having been indicted in Syracuse, N. Y., some years ago, for forgery. This last speech was too much for the House, and it was ordered to be struck out of the Record. Instead of challenging one or both of the men who had called him a coward, as the old-timer would have done, Johnson merely dared them to do it again, outside, in these words: "If either the gentleman from Wisconsin or the gentleman from California thinks I am cowardly, let either repeat to me outside this chamber what he has said inside, and his curiosity will be appeased."

Representative Dockery, of Missouri, who spent the Congressional recess at home, says: "The samples of prosperity we have out there are not satisfactory. The advance agent is too far ahead of his show."

There may be honest differences of opinion as to whether Secretary Olney is a great statesman, notwithstanding the qualified endorsement of him as a statesman and a diplomat by ex-President Harrison, but no Senator will deny that he has a great gall. He set the whole country laughing at the Senate, and the Senate has no way to get even with him, except to prevent ratification of the arbitration treaty between the United States and Great Britain, which he was instrumental in negotiating and which this week went to the Senate. The Senate has for many years been sore on the matter of treaties, because of the mysterious manner in which newspaper men have managed to get hold of copies of them almost as soon as the Senate did. Secretary Olney defied the traditions of the Senate by furnishing a newspaper correspondent with a copy of the new treaty as soon as it was signed, and after the treaty had been widely published in the newspapers the members of the Senate Committee on Foreign Relations made laughing stocks of themselves by wasting time in discussing whether its publication should be authorized.

Don't Tobacco Spit and Smoke Your Life Away.

If you want to quit tobacco using easily and forever, be made well, strong, magnetic, full of new life and vigor, take No-To-Bac, the wonder-worker that makes weak men strong. Many gain ten pounds in ten days. Over 400,000 cured. Buy No-To-Bac from your own druggist, who will guarantee a cure. Booklet and sample mailed free. Ad. Strong Remedy Co., Chicago or New York.

Little Don'ts.

Don't say lady or gentleman friend; if they are friends of yours they are supposed to be one.

Don't strive to outdo your friends or neighbors in either dress or house. Probably your husband's means will not permit

of it and it will cause unhappiness for a hubby.

Don't ask for lady's or gentleman's furnishings when shopping; it is men's and women's.

Don't say "she is a nice lady." The correct form is "she is a nice woman."

Don't stamp your feet to get them warm; it does no good and it is unladylike.

Don't forget to say "Thank you" to a salesperson after being waited upon. Simply because they have to earn their living in this way is no reason why they wouldn't appreciate courtesy. It is a little thing. Do it.

Don't wear your most elaborate gown shopping; plain ones are in the best taste.

Don't say "ain't" for isn't and aren't; there is no such word as "ain't."

Don't push to get on a street car or elevator; let the others off first.

P. P. P., Lippman's Great Remedy, Saves a Man From Becoming a Cripple.

Mr. Asa Ammons, a well-known citizen of Jacksonville, Florida, was afflicted by a terrible ulcer. Medical skill seemed unavailing in stopping the ravages of the terrible disease. The leg was swollen and intensely painful, as the ulcer had eaten its way down to the very bone. All medicines and treatments having failed to effect a cure, the doctors said the leg must come off. Just when it seemed that Mr. Ammons would become a disabled and a crippled man, he tried P. P. P., Lippman's Great Remedy, and the result was wonderful.

P. P. P. SAVES HIS LEG.

"Jacksonville, Fla., July 1, 1895.—Two years ago I had the worst ulcer on my leg I ever saw. It had eaten down to the bone, and my whole leg below my knee, and my foot was swollen and inflamed. The bone was swollen and painful, and discharged a most offensive matter. My physicians said I had necrosis of the bone, and my leg would have to come off. At this stage I commenced to take P. P. P. and to bathe my leg with hot castile soap suds. It began to improve at once and healed rapidly, and is to-day a sound and useful leg.

"I think P. P. P., Lippman's Great Remedy, is all a man could ask for as a blood purifier, as I have known it to cure so terrible cases of blood poisoning in a remarkably short time."

TERRIBLE BLOOD POISON.

The body covered with sores—two bottles of P. P. P. made a positive and permanent cure. This is only one of many thousand similar cases. Catarrh yields at once to P. P. P. That smothered feeling at night, that heavy feeling in the day—can and should be removed; P. P. P. will do it if you only give it a chance. Indigestion and constipation go hand in hand. Headaches and total loss of appetite are the results. Regulate yourself and tone up your stomach with P. P. P.

SCIENCE AND INDUSTRY.

The Schenectady Locomotive works are using for certain parts what is called "steeled iron," a mixture of 70 per cent. good iron and 30 per cent. steel, of which the castings obtained are about 25 per cent. greater in strength than common cast iron.

North Carolina has a mica output of 100,000 pounds a year. New Hampshire produces about 25,000 pounds, South Dakota 18,000 pounds and New Mexico 1,000 pounds. The mica of North Carolina is of the best quality and brings the highest price.

Our exports of iron and steel and their products for the first nine months of this year amounted in value to about \$32,000,000, the largest by over \$4,000,000 in the history of the country. Included in this sum were 135 locomotives, which were mostly sent to South America.

The world's record for lumber cutting is claimed for the Port Blakely mill of Port Blakely, Wash. During the ten months of this year up to the end of October 83,676,212 feet of lumber had been cut at this mill, and it is estimated that the total output for 1895 will be at least 105,000,000 feet. Loaded in regular car lots, this amount would make a train more than 60 miles long.

An apostle of physical culture, according to the Medical Record, says that nervous headache may be cured by the simple act of walking backward for ten minutes.

Why the Boiler Maker Called.

"Do you know," said Mr. Grate bar, "that for a long time I couldn't imagine what brought our neighbor, Mr. Anthony Hammerby, in to see us so often. Mr. Hammerby was a retired boiler maker. He had been a journeyman boiler maker and then a boss, and having made a modest fortune he had retired to enjoy it. He lived only two or three doors from us, and he used to come in of ten evenings. He seemed particularly to like to hear the children play on the piano, and if they didn't play he would always ask to have them. I used to wonder at this, because I never had any idea that Mr. Hammerby was especially fond of music, and one day I asked him about it.

"Well, you see," said Mr. Hammerby, "I suppose that every man has a feeling of affection for the trade or profession that he was brought up in. I know that I have that feeling for my own, and when I hear your children play duets on the piano with the hard pedal on all the time, it makes me think of the dear old boiler factory."—New York Sun.

Ho Dose.

President Wright, colored, of the Georgia State Agricultural college has this anecdote told of him: At the close of the war General Harris addressed the pupils of a negro school in Atlanta. "What shall I tell them in the north when I go back?" he said. A negro boy sitting in the front row jumped to his feet and cried, "Tell them we are rising." That boy is now President Wright.

Feeling Sign.

The bag has displaced both the hoghead and the barrel in the shipment of refined and raw sugars. There was a time, not so very long ago, when such a thing as shipping sugar in anything but a stave made vessel was unheard of, but now it is just the other way. The bag has become popular because it is cheaper, and continues to grow cheaper, while the wooden receptacles advance in price at about the same ratio. Even molasses has gone back on the stave, and that sticky commodity is being carried in bulk.—Philadelphia Record.

A Last Rebuke.

"George," said she in a tone of bitter rebuke, "as far as I can see you are going to the dogs."

"You're never contented, Maria!" returned her erring husband. "You made me give up horses, and here you are complaining about dogs. Do I object to your cats and your canaries? No, madam! I would seem to interfere with your pet— and I beg of you to respect my preferences for nobler animals!"

A Practical Doctor.

Wife—Well, doctor, how is it with my husband?

Doctor—Fair to middling, so to speak. He wants rest above all things. I have written out a prescription for an opiate.

Wife—And when must I give him the medicine?

Doctor—Him? The opiate is for you, madam.—Hamburger Nachrichten

THE REVIEW OF REVIEWS
Monthly Illustrated
AN INTERNATIONAL MAGAZINE
Edited by ALBERT SHAW

"If only one magazine can be taken, we would suggest the REVIEW OF REVIEWS, as covering more ground than any other magazine."—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed. Indexes, chronological records, and other departments complete the certainty that the reader of the Review or Reviews will miss nothing of great significance that is said or written or done throughout the world.
