Base Ball.

Pittsburg, May 18--The Pirates were easy marks for the Giants. The visitors had their batting cloths on and knocked Hawley out of the box in the fifth inning. The features of the game were Gleason's superior work at second and Joyce's heavy hitting--four hits with a total of twelve bases being the season's record. Score. Pittsburg, 5; New York, 11.

Cincinnati, May 18--The Reds defeated the Quakers easily today. Taylor was relieved by Johnson in the third inning. Damman pitched fine ball and cracked out a triple and a double. Score. Cincinnati, 13; Philadelphia, 2.

Chicago, May 18--The Bostons earned two runs in the first, were presented with three in the second, after which they were unable to connect with Briggs. Lewis was batted off the rubber in the fifth. Stivets pitched the next two innings and the Habites' new giant, Mahoney, the last innings, both being hit hard. Score. Chicago, 11; Boston, 5.

Louisville, May 18--The Colnells went to pieces in the third inning today and the Orioles obtained a lead which they could not overcome. Frazer retired in favor of McGee after the third and the latter did fairly well. Jack Doyle was struck in the head by a pitched ball in the second and had to retire. Score. Louisville, 11; Baltimore, 14.

Cleveland, May 18--The fielding of Tebeau and Demontreville was the only feature of today's game, which was a loose exhibition. Score. Cleveland, 6; Washington, 5.

St. Louis, May 18--The game today was devoid of any special interest. Daub succeeded McMahon in the fifth. Score. St. Louis, 3; Brooklyn, 6.

Fire Engine Assured.

The REFLECTOR is in possession of enough information to say that the steam fire engine for Greenville is an assured fact. Our people are determined that the town shall have ample protection against fire. Let us say also while the interest is going on that more property owners should join the fire company. There ought to be strong company to have charge of the engine.

Attention Knights of Pythias.

There will be a meeting of K. of P. in their Castle Hall on Thursday night May 20th. All members requested to be present as there is business of importance to come before the lodge.

Weekly Crop Bulletin.

The week ending Monday, May 17th was very favorable for agricultural interests and the crop prospects have decidedly improved throughout the State. The drought was broken by warm and generous rains on four days of the week averaging nearly 2.00 inches over the State; and was too heavy with a little hail at only a few places. The temperature was above the normal to the 15th after which it turned cooler and growth slightly checked. The season was especially favorable for transplanting tobacco which made good progress.

EASTERN DISTRICT.

A very nice week, quite favorable for growing crops which have improved materially. Warm first of the week with fine rains from 12th to 15th, but cooler 15th and 16th. Land now in good condition for cultivation. The farmers are about up with work. The rain has turned crops green and started them to growing nicely. Corn looks better but the stand is rather poor, caused chiefly by ravages of cut worms. It is now being plowed. Cotton replanting about done, it is coming up better and late planted has good stand. Chopping cotton continues. Some sweet potato sprouts are being set out. Irish potatoes doing fairly well, but much injured by bugs. Peanut planting nearly completed and some being dragged. Grains and rice look well. Gardens have improved but are still ordinary. Strawberry season about over.

The Meeting.

Rev. N. M. Watson led the opening services again at the meeting in the Baptist church last night and the congregation was larger than on the night before. We never saw Christians of the town working more earnestly together than in this meeting and it foretokens a great blessing. Rev. Mr. Elsom preached on "Brotherly Love" from the text "As I have loved you so ought ye to love one another." He told the church members plainly that as long as there was malice and animosity between them they could never expect to get to Heaven. At the close of the sermon a large number went forward to ask for prayers that they might have more love one for another. Several unconverted people also stood to request prayers for themselves.

The cottage prayer meeting this morning was a very precious one and full of interest. Requests for prayer were made there. Those who fail to attend these meetings miss a blessing to their souls. The meeting tomorrow morning will be held at the home of Mr. Wiley Brown.

Services in the church every day at 4 and 8 P. M. Sunday afternoon at 3 o'clock there will be a special meeting for men and a full house of men is desired at this meeting.

Mr. J. A. Ramsey, who was expected to lead the choir, did not arrive last night but wrote that he could not come. Mr. Elsom stated that he was glad to find good singers here. Every member of every choir in town is requested to go up near the organ and help in the singing.

THURSDAY, MAY 20, 1897.

A patient who was brought into a London hospital, recently, on being told that his leg was fractured, breathed a sigh of relief and said in devout tones: "Thank God, it isn't broken!"

Governor R. L. Taylor, of Tennessee, has, it is said, decided to resign about the first of October, and will again resume his lecturing tour. There is no finer speaker in the South than Governor Taylor, and his salary as a lecturer is greater than that of chief executive of his State.

Inventors invent many inventions and they also invent many questions about them, as patent attorneys know. Messrs. C. A. Snow & Co. have published a little book in which they endeavor to anticipate and answer about every question that an inventor ever invented. The book will be sent free to any address. Write to C. A. Snow & Co., Washington, D. C.

Charles Lamb once said "Books think for me." So the modern housewife might say: "Advertisements think for me." Of course they do not render individuality of thought superfluous; they have not yet attained that perfection. But they have advanced so far that in many cases it is easier for a woman to find out her actual needs by turning to the daily newspaper than by overhauling her closets and her wardrobes.

Within the past six years six out of ten Spanish generals in Cuba have died of wounds or disease; sixty-five colonels, lieutenant-colonels and majors and near to 600 subaltern officers have gone the same way in that brief time. These figures are from official reports of the war department, wherein it is also stated that 2,000 soldiers have died in battle or by wounds, 10,000 by various maladies, 13,400 by yellow fever and 22,000 have been sent home to Spain for disabilities. The land itself is armed against the Spaniards.

What We are Fighting For.

North Carolina must have better Public Schools. Her people are poor because they have no education. They have strong arms and abundant natural resources, but generation upon generation of the children of the plain people rises up unequal to the task of developing these resources, not by lack of physical power and industry, but because they are ignorant and therefore unprogressive, un-inventive and unappreciative of their opportunities. North Carolina will not only never be strong industrially and financially, but she will never make a tenth of

her strength count politically or religiously so long as a large proportion of her people are practically buried to the world of progress without and blind to the world of opportunity within them and before them. When a generation of her citizens have been invigorated with education, the whole character of our State will be changed for the better. Intelligent people know this. Knowing it, it is their duty humanely—not to say patriotically or religiously—to emphasize it. This duty falls first upon the editors of North Carolina papers. If they will plead for a vote in favor of local taxation in the August election, they will do more for the public good than any one now dreams possible. The duty falls with equal force upon the preachers, the teachers, the public men, and upon every intelligent citizen; indeed not citizens only, but upon every intelligent woman, too. The work of renovating, regenerating in truth, or Public School system has commenced. Five years more of constant effort will witness the glorious achievement of a good and adequate public school in the reach of every child in North Carolina; and in that achievement there will be a clear prophecy of a North Carolina, new in strength, new in happiness, new in wealth, new in government, new in religion, new but none the less rich in her glorious past. With such a vision before us, men and brethren, let us fight the present battles against darkness, against prejudice, against covetousness, sure of the light of a brighter day whose dawn the eye of faith even now beholds.—Biblical Recorder.

The Newbern Journal, which does not agree with Senator Pritchard politically, had an article a few days ago complimentary of the fidelity with which he sticks to his friends. The Senator seems to be entitled to all the credit that is due on that account, for he is certainly a good sticker. He may have, and doubtless has, the regulation amount of "senatorial dignity," but he doesn't seem to think that this conflicts in any way with hustling for the boys who hustled for him and helped to make him Senator, in which he differs very much from some other gentlemen who as soon as they strike Washington in the Senatorial capacity become inflated, forget the ante election services rendered them, and deem it beneath their dignity to do anything to help the men who did a great deal to help them, unless in the case of special friends or dependents or members of their own households. The contrast is creditable to Senator Pritchard, who acts on the principle that one good turn deserves another, and that becoming a Senator does not release a man from obligations incurred when he needed friends. Whatever may be thought of the spoils system, devotion to friends is a commendable trait, and Senator Pritchard has shown that in this respect he is a stalwart. We don't like his politics, but we do like the fidelity with which he sticks to the fellows who stuck to him.—Wilmington Star.

After Many Years.

Many years ago a young man loved a maiden fair, but from some cause or other the course of true love did not run smooth. At any rate they did not wed and their lives drifted rpart.

Time went on and each married but to another. Thrice was the man left a widower. Twenty seven or twenty eight years ago the lady in question lost her husband.

Feeling that it was not good to be alone the old suit was recently renewed, the courtship this time being done entirely by correspondence. The spark of love that glowed and kindled in the heart of each long years ago was soon revived, and the sequel was a marriage without the usual formalities of wooing and winning, of sighing and waiting.

On the 21st of April Mr. Jordan F. Jones, of Franklin county, was united in marriage to the object of his first love, relict of the late Dr. Mark Perry, of Warren county. They met by appointment in Henderson and proceeded to Franklinton where the ceremony was performed. The groom is seventy six and the bride is sixty six.—Henderson Gold Leaf.

Captured a Wild Negro.

A wild negro, about 60 years old, a horrible object, was captured ten miles north of Brewster yesterday by some farmers. His hair was matted solidly to his head with crude turpentine, making his head look twice its normal size. The upper part of his body was naked and was covered with coarse hair. He wore a remarkable pair of short pantaloons, consisting of seven pairs of old pants, placed one inside of the other and quilted together with leather strings; they had evidently seen years of service. He was bareheaded, barefooted, and wore no other garment than the wonderful pantaloons. He ran when he saw the hunters, but they overtook him.

Since his capture he has acted in all respects like a beast rather than a man, his talk being inarticulate and his intelligence being a minimum. His body is alive with vermin. He will not eat, but drinks water and tramps about the place to which he is chained like a confined beast. It is believed he escaped from bondage before the war, and has since lived in the swamps like a wild animal. He will be held and tamed. Brewster (Ala.) Dispatch

CATARRH.

His Worst Enemy Defeated by P. P. P., Lippman's Great Remedy.

FOR THREE YEARS HE SUFFERED--COULD HARDLY BREATHE AT NIGHT--ONE NOSTRIL CLOSED FOR 10 YEARS.

Mr. A. M. Ramsey, of DeLeon, Texas, was a sufferer from Catarrh in its worst form. Truly, his description of his sufferings seem little short of marvelous. Instead of seeking his couch, glad for the nights coming, he went to it with terror, realizing that another long, weary, wakeful night and a struggle to breathe was before him. He could not sleep on either side for two years. P. P. P., Lippman's Great Remedy, cured him in quick time.

DE LEON, TEXAS. Messrs. LIPPMAN BROS., Savannah, Ga. Gents: I have used nearly four bottles of P. P. P. I was afflicted from the crown of my head to the soles of my feet. Your P. P. P. has cured my difficulty of breathing, smothering, palpitation of the heart, and has relieved me of all pain. One nostril was closed for ten years, but now I can breathe through it readily. I have not slept on either side for two years; in fact, I dreaded to see night come. Now I sleep soundly in any position all night. I am 50 years old, but expect soon to be able to take hold of the plow handles. I feel glad that I was lucky enough to get P. P. P., and I heartily recommend it to my friends and the public generally. Yours respectfully, A. M. RAMSEY.

THE STATE OF TEXAS--County of Comanche.--Before the undersigned authority on this day, personally appeared A. M. Ramsey, who, after being duly sworn, says on oath that the foregoing statement made by him relative to the virtue of P. P. P. medicine is true. Sworn to and subscribed before me this August 4th, 1891. J. M. LAMBERT, N. P., Comanche County, Texas.
