Base Ball.

Cincinnati, May 19--The Phillies were again defeated in an exciting game. In the eighth inning La Joie was called out by Umpire Sheridan for interfering with the ball. Manager Stallings has protested the game on the ground that La Joie was hit while he was in batting position. Score. Cincinnati, 7; Philadelphia, 6.

Louisville, May 19--The Orioles had their young "South Paw," Nops, in the box again today and he was almost as successful as on Monday. Hill pitched fine ball, but the Baltimoreans were lucky in bunting their hits. Score. Louisville, 1; Baltimore, 3.

Chicago, May 19--Boston won the last game of the series on the local's battery errors and poor base running. Score. Chicago, 6; Boston, 7.

Cleveland, May 19--The Clevelanders won today because of their good fielding and timely hitting, combined with the errors of Cartwright. Score. Cleveland, 8; Washington, 5.

St. Louis, May 19--The Browns presented a new front today. Douglas supplanted Connor at first and Kissinger took the latter's place in left field. Hart was in great form. In addition he knocked out a home run and a single. Score. St. Louis, 3; Brooklyn, 1.

Pittsburg, May 19--In the first inning after Seymour had given two men bases on ball, hit another and let in two runs, Meekin was substituted, but his support was poor. Tannehill was splendidly backed up, the wonderful stops and throws of Ely being a feature. Score. Pittsburg, 11; New York, 5.

A Sad Suicide.

This morning about 8 o'clock, the wife of Mr. Herbert McGowan, living 6 miles from town. Committed suicide by jumping in a well. Mr. McGowan had gone out to his work leaving Mrs. McGowan and the children at the house. She went out in the yard, removed her apron and shoes and jumped in the well. The children saw her and rang the farm bell, summoning Mr. McGowan and several neighbors to the house. They hurried to the well when learning what had occurred but the unfortunate woman was dead when taken out. Mrs. McGowan had been in poor health for some time and it is thought the act was due to mental trouble. She was a sister of Mr. H. C. Edwards, of this town.

The Meeting.

At the Thursday afternoon service Rev. Mr. Elsom made an earnest talk on "Personal Work" in which he gave Christians much good instruction in working personally to win souls for Christ. Many present pledged him their support in work during the meeting.

The attendance at the night services continue to grow larger. Last night Rev. Mr. Watson conducted the opening services. He is aiding greatly in the success of the meeting. Mr. Elsom preached from the text "Restore unto me the joy of Thy Salvation," &c. He pointed out to Christians how many of them had lost the joys of salvation and how they might be restored. At the close of the sermon scores of church members went forward confessing their sins and praying to be restored. A number of unconverted also requested prayers. The service was attended by deep interest.

Mr. Elsom said he desired the Christians of the community to unite in observing Sunday as a day of prayer and fasting. He said he is a strong believer in this old custom, and that Christians of today neglected it too much.

There was a large attendance at the cottage prayer meeting this morning and it was a delightful service, many of those present speaking a word in the name of the Master. There was one conversion at this meeting. The meeting Saturday morning will be held at the home of Mr. J. S. Smith.

Services in the church at 4 and 8 o'clock each day. Meeting for men only Sunday at 3 o'clock.

FRIDAY, MAY 21, 1897.

Patti is to receive \$5,000 for singing three songs in London. Time has damaged her voice but has not affected her popularity. No other singer is paid anything like as much as this woman who is verging fast toward sixty.

Twenty soldiers of the United States army are to ride from Fort Missoula to St. Louis, a distance of 2,000 miles, on bicycles, their performance to determine, so far as this country is concerned, whether the bicycle shall be used in war.

Each omnibus and each street car in Paris—for the street car system is practically the same—is built to seat a certain number of persons. The number is indicated upon the exterior of the vehicle, and when it is complete no more are permitted to enter under any circumstances.

For the first cabin of a big Atlantic liner there must be 3000 spoons, 2000 forks, 1000 napkins, 3000 knives, 500 finger bowls, 300 salt cellars, 2000 tumblers, 1000 cups and 1000 saucers, 6000 plates of various kinds and 12,000 napkins. In the outfit of the cabin there will be required at least 2000 blankets, 1000 counterpanes, 500 mattresses, 800 pillows, 7000 sheets, 1000 bath towels and 10,000 other towels.

Upwards of 50,000 or 60,000 tons of salt are made or mined in California every year, which is valued at from \$150,000 to \$175,000. The largest amount is made in Alameda county, says the San Francisco Examiner, where it is recovered from the salt waters of the bay by solar evaporation. The water is allowed to enter large vats at high tide, and those being surrounded by levees, it is kept there by the gates being closed. As evaporation progresses the water is drawn from one vat to another, until the liquor becomes so concentrated that the salt crystallizes out of it. This coarse salt is then ground to various degrees of fineness to suit different purposes. Some 300 men are employed during the busy season.

Mr. William L. Wilson computes that at 48.8 cents on the hundred pounds the protection which the Sugar Trust would receive under the Aldrich bill on imports of raw sugar (amounting in 1896 to 3,518,613,018 pounds) would be \$12,983,948, assuming that imports are not likely to be decreased. "This," says Mr. Wilson, "is the amount which that bill will compel the American consumers to pay the Trust in excess of what they would have to pay to foreign refiners for that quantity of sugar, and it must be increased one fourth—namely, to \$16,229,935—to show the full protection or bounty to be taken by law from consumers for the benefit of the entire refining industry of the country." A study of these figures shows what a stake the sugar magnates are playing for, and how well they can afford to subscribe to campaigning funds and to grease the palms of speculating Senators if in return they shall be allowed to write the sugar schedules for the tariff-tinkers.

Soldiers to Guard the Buffalo.

The Secretary of the Interior at Washington has under consideration a project which will hereafter furnish some of the Fort Logan cavalrymen with a novel variety of active duty in the summer and fall seasons. It is that a detail of regular army troopers be told off to guard the herd of buffalo which exists in Lost Park Col. There are still about forty of these rare beasts alive, but if immediate precaution is not taken to protect them against the depredations of pothunters they will speedily be exterminated. Late last fall one buffalo was found dying at a remote distance from its fellows, having been wounded a number of times by rifle bullets. It was put out of pain by a deputy game warden, and its stuffed frame is now among the collection of rarities in the rooms of the State Horticultural Society.

This incident led to the discovery that several others of the herd had been killed during the preceding summer. No trace of the marauders who did the killing could be discovered, nor could any effective means be derived by the State Game Warden to guard against them in future. A good deal of information was aroused thereat among sportsmen and others who are interested in preserving Colorado's rapidly dwindling buffalo. As a result the scheme to use cavalrymen was concocted, and James A. Miller, clerk of the Supreme Court, was delegated to communicate with Congressman Shafroth on the subject.

This action was taken by Mr. Miller on the 5th of last month, and yesterday he received from Congressman Shafroth a reply to his letter, inclosing a statement from the United States Adjutant-General's office to the effect that the military buffalo warden proposal was under consideration by the United States Department of the Interior.—Denver Republican.

Atlantic and North Carolina.

The following dispatch from Raleigh was published by a Wall street news bureau yesterday:

"A new development has taken place regarding the Atlantic & North Carolina Railroad, growing out of the recent contest between certain stockholders and the attitude of Governor Russell. It is stated on good authority that a proposition has been made to the Governor looking to the purchase of the stock of the Atlantic & North Carolina Railroad owned by the State, and it has been ascertained that a committee has gone to New York to try to borrow \$300,000 for this purpose, the Governor having indicated his approval of the sale, if the money can be procured."

The presence of this committee in New York has been known for several days, but it is not thought probable, in view of the recent antagonistic attitude of the Governor and the Legislature of the State of North Carolina, as well as of other Southern States, toward railroad properties and investments, that money can be borrowed on any reasonable terms looking to the purchase of railroad property in North Carolina.—New York Sun, 18th.

Stole the Wrong Dog.

In this State a dog is not in law personal property, unless it is listed for taxation and the tax paid so dogs on which the tax is not paid can be stolen with impunity. The thief cannot be prosecuted, and most of them who know this, take any dog they take a fancy to. Some one stole Mr. John Hahnhart's dog in Wilmington a few days ago and he had a white man by the name of Wm. Deveraux arrested for it. Deveraux was before Mayor Wright and as he could not be held for stealing the dog, he was charged with stealing the badge and collar and was bound over to court in a bond of \$50.

Charlotte in a Nutshell.

In 1882 the population of Charlotte was not quite 10,000. It had no street cars, no water works, no sewerage, no postoffice building, no park, no electric lights, no pants factory. It was a good, stout country town, ready to put on city clothes.

In 1897 the population of Charlotte is 20,000. It has the best equipped electric street railway South of Richmond. It now has 11 cotton mills, 4 pants factories, a postoffice and Federal Court building, two new passenger depots, a new Lutheran college, a new city hall, new county court house, complete water works and sewerage system, two parks, a Y. M. C. A. building, every old church remodeled or built anew and many new ones erected, five hotels, four national banks, two cotton compresses, four building and loan associations, two big iron works, several supply and machine companies, a settlement of wood working and machine shops, a roller flouring mill, a leather belting factory, sash cord factory, two steam laundries, steam cotton gins, corn mills, and many other things expected to be found in a healthy and growing city.—Charlotte Observer.

Teachers' Assembly.

The fourteenth annual session of the North Carolina Teachers' Assembly will be held in Morehead City next month, from the 15th to the 25th inclusive. The work of this session has been planned on a different system and will be conducted differently from that of any session yet held. The most important innovation will be in the introduction of departmental work. Half of each day will be devoted to the study of the subject taught in our public schools and academies, special emphasis being given to methods of teaching these subjects most successfully. Each subject will be handled by a teacher of distinguished ability and experience.

Greeley, of New Hampshire, now examiner-in-chief in the Patent Office, to be Assistant Commissioner of Patents; Thos. G. Stewart, of Illinois, now a principal examiner in the Patent Office, to be an examiner-in-chief in the Patent Office. Postmasters: Alabama, Earle E. Dowd, Sheffield.

A Whole Family murdered.

Denver, Col., May 18.—Advices reached here today to the effect that Wm. H. Hamilton, a contractor; his wife, Mrs. Catharine Hamilton; his son, Lee Hamilton, aged 19; and his daughter, Elizabeth Hagnes Hamilton, aged 18, who lived in Denver until recently, were murdered near Helena, Mont., three weeks ago, and suppressed in order to enable the Montana authorities to trace the murderers. Mr. and Mrs. Hamilton were found dead in bed with their throats cut; Miss Hamilton was also in bed with her throat cut, and many bruises on her body. Mr. Hamilton had evidently made a desperate fight. His body was literally covered with wounds. All the fingers of the right hand were severed, showing that he had grasped a razor knife. His throat was also cut. Footprints near the house showed that two men were concerned in the murders. The house had been ransacked, and it is believed the murders secured about \$500

The Wilmington Messenger says: "Prices range low now. The deadly blight of the rapacious trust rests upon the growers of fine tobaccos. The value of an acre in tobacco in North Carolina has indeed fallen when it is but \$59.58. And yet at 6 cents a pound for cotton there is more money in tobacco per acre at present low prices. But mark, it is impossible to cultivate as many acres in tobacco as in cotton."

The Washington Star says there seems to be no means of deciding whether the Democratic party resides at Wolfert's Roost, Lincoln, Nebraska, or Princeton, N. J., the Democratic party does not reside at either of these places but more than 6,000,000 people believe, beyond doubt that the greater leader of the party is William J. Bryan.—Richmond State, Dem.

In time a woman might overlook being called "homely," but she will never stand being called "plain."

CATARRE.

His Worst Enemy Defeated by P. P. P., Lippman's Great Remedy.

FOR THREE YEARS HE SUFFERED--COULD HARDLY BREATHE AT NIGHT--ONE NOSTRIL CLOSED FOR 10 YEARS.

Mr. A. M. Ramsey, of DeLeon, Texas, as a sufferer from Catarrh in its worst form. Daily, his description of his sufferings seem little short of marvelous. Instead of seeking his couch, glad for the nights coming, he went to it with terror, realizing that another long, weary, wakeful night and a struggle to breathe was before him. He could not sleep on either side for two years. P. P. P., Lippman's Great Remedy, cured him in quick time.

DE LEON, TEXAS. Messrs. LIPPMAN BROS., Savannah, Ga. Gent: I have used nearly four bottles of P. P. P. I was afflicted from the crown of my head to the soles of my feet. Your P. P. P. has cured my difficulty of breathing, smothering, palpitation of the heart, and has relieved me of all pain. One nostril was closed for ten years, but now I can breathe through it readily. I have not slept on either side for two years; in fact, I dreaded to see night come. Now I sleep soundly in any position all night. I am 50 years old, but expect soon to be able to take hold of the plow handles. I feel glad that I was lucky enough to get P. P. P., and I heartily recommend it to my friends and the public generally. Yours respectfully, A. M. RAMSEY.

THE STATE OF TEXAS—County of Comanche.—Before the undersigned authority on this day, personally appeared A. M. Ramsey, who, after being duly sworn, says on oath that the foregoing statement made by him relative to the virtue of P. P. P. medicine is true. A. M. RAMSEY. Sworn to and subscribed before me this August 4th, 1891. J. M. LAMBERT, N. P., Comanche County, Texas

"FROM FROST TO FLOWERS." California or Mexico? Both are such desirable objective points for a Winter trip that it's perhaps hard for you to decide where to go. Let us Help You to a Decision.

A trip via New Orleans and the Southern Pacific to either Mexico or the Pacific Coast is one you will never forget. It's a Transition from Frost to Flowers. And the service is so luxurious that people who have tested "Sunset Limited" call it incomparable. If you are Thinking of Going, Write Us.

We have a book entitled "Through Storyland to Sunset Seas," a handsome volume of 205 pages, fully illustrated, which we will send on receipt of 10 cents in stamps to cover postage. We also have a delightful little guide to Mexico, which we will send on receipt of 4 cents to cover cost of mailing. You Really Ought to Read them Both. Shall we put you down for a copy? If so, or if you want any special information, it will be cheerfully furnished by addressing. S. F. B. MORSE, General Passenger and Ticket Agent, NEW ORLEANS.

John Lamb, of Williamston, is in town.

W. T. Lee left this morning to spend a week in Virginia.

Willis Owens returned Thursday evening from Norfolk.

H. A. White returned Thursday evening from Old Point.

Miss Bessie Harding returned home Thursday evening from the Normal and Industrial College, Greensboro.

Mrs. Paul Ellis, of Durham, who has been visiting her father, A. A. Andrews, left this morning for Wilmington.

Capt. W. H. Griffin, of Rocky Mount, attended the Knights of Pythias meeting here last night to help the lodge start its work.

F. G. James, W. C. Hines, J. J. Evans, H. M. Snuggs and A. B. Hart, who went on the Norfolk excursion, returned Thursday evening. They report a nice trip.

Another Freak.

A four legged chicken was hatched on B. A. Butler's farm last week, says the Marietta Citizen. It is living and eats ravenously and will probably be raised and exhibited at the county fair. That's the kind of breed to raise—one that will furnish plenty of "drum sticks" for the children.

Subscription for the Engine.

Messrs. W. H. Long and J. G. Moye are soliciting subscriptions to purchase the steam fire engine for Greenville. Some of our property owners have subscribed liberally and others have contributed smaller amounts. This is a movement that every citizen of the town should show an interest in. All willing to contribute should see these gentlemen. Don't let the movement fail for lack of subscriptions.

The Work Progressing.

Rev. B. H. Melton, State Evangelist of the Christian church, who recently held a two weeks meeting here and has since been doing some personal work, left Thursday evening for his home in Pollockville to take a brief rest. He told the REFLECTOR that Rev. J. J. Harner of Smithfield, would preach in Greenville the second Sunday in each month, and that he also would visit the field as often as he could. The Ladies Aid Society have started their work to raise funds to build a house of worship on the lot which was purchased while Mr. Melton was here.

Call and look.

Lang Sells Cheap.

When sweet spring across the hills
Sets the prisoned flow'rets free;
When the babbling of the rills
Joins with song bird's symphony;
Then, it seems to us, we oughter
Turn our thoughts to soda-water.

For the balmy April breeze
Tells the sultry days are nigh
When we linger 'neath the trees,
And our throats are hot and dry,
Then Shelburn's soda fount
Fattens up his bank account.
