Hurrah for Sigsbee!

Key West, June 1.—Commodore Watson signalled the ships of his fleet that the auxiliary cruiser, St. Paul, had captured the Spanish warship Alfonso XIII. It was necessary to put seventeen shots into the Alfonso before they took her.

Dewey's Thanks

By Telegraph to Reflector.

Washington, June 1.—Admiral Dewey acknowledges gracefully the thanks extended him by Congress for the Manila victory.

The President transmitted it to Congress today.

Disabilities Bill

By Telegraph to Reflector.

Washington, June 1.—In the House the bill removing disabilities imposed by the fourteenth amendment was opposed by Bailey, of Texas, who said, speaking of Wheeler, he would never countenance leave of absence of a member of the House to accept a position in the army. McMillan, of Tennessee, favored the bill.

Trans-Mississippi Exposition

By Telegraph to Reflector.

Omaha, Neb., June 1.—The Trans-Mississippi Exposition opened today at noon. Buildings very complete and spacious, and arranged admirably for exhibitors. Grounds beautiful and tastefully laid out. Crowd large and enthusiastic.

Attractions for visitors are modeled somewhat after the Chicago exposition, such as Midway, Villages of Nations, Wild West, etc. President McKinley sent a telegram of congratulations and good wishes.

Report Discredited

By Telegraph to Reflector.

Washington, June 1.—Up to noon today the navy department had received nothing from Commodore Schley regarding the reported battle at Santiago. Consequently the reports are discredited still. Naval officers say the report of torpedo boats sneaking out of the harbor Sunday night and nosing around the fleet are plausible. They say it is understood here that Schley is not to undertake the reduction of Santiago without further orders, and so far as known, no such orders have been sent. Army officers eagerly besiege the navy department for news, feeling greatly interested. Sampson is not believed to be at Santiago, but his whereabouts are undivulged.

Attempted Attack on Schley's Fleet.

By Telegraph to Reflector.

Washington, June 1.—The Government has no official news this morning confirming last night's reports of a bombardment of Santiago forts. Navy officers discredit the reports. They say there may be a counter attack by Schley to wake the Spaniards up in return for an attempt by two torpedo boats to attack the American fleet Sunday night under the cover of darkness. The torpedo boats came out of harbor but the Texas discovered and fired upon them and they scattered back into shelter.

Loan Authorized

By Cable to Reflector.

Madrid, June 1.—Official Gazette publishes a royal decree authorizing the issue of internal loan of a billion pesetas at four per cent.

Bombardment

By Telegraph to Reflector.

Key West, June 1.—The despatch boat Uncas returned this morning from the Cuban blockade and reports that she and the tug Leyden blockaded the blockhouse on the out skirt of Matanzas on Monday morning, the shot taking good effect. Only one shot came from the shore. The Spaniards hastily retreated, and the house was demolished.

Gen Miles at Tampa

By Telegraph to Reflector.

Tampa, June 1.—General Miles arrived here this morning. The Censor refuses to permit any news in reference to his plans to go out. Gen. Miles will inspect the troops as soon as the necessary reports are made to him.

Spanish Account

By Cable to Reflector.

Madrid, June 1.—Senor Aunon, Minister of Marine, has received news that the American squadron was repulsed at Santiago. Aunon says that official dispatches describe how the American squadron bombarded the forts at the entrance to the harbor, firing sixty shots. The forts replied, and the Spanish Cristobal Colon went to the mouth of the harbor, and found the American ships retiring. It says that one American cruiser was disabled.

Chandler on Silver

By Telegraph to Reflector.

Washington, June 1.—In the Senate Chandler made a sharp attack on the administration for its failure to push bimetalism. He charged that the bimetallic commission was only sent abroad to satisfy the silver men. He was severe on Secretary Gage and the Indianapolis gold convention. He charged McKinley and Allison as having voted for silver, and he didn't see any more dishonesty in fathering the present silver dollar than when it was worth 92 cents. The silver men greatly enjoyed Chandler's remarks.

BETHEL ITEMS

BETHEL, N. C., MAY, 31st, 1898.

Col. N. M. Hammond and wife left yesterday to spend a few weeks in Nash and Franklin counties with relatives.

There was a severe wind and hail storm in Bethel township yesterday. West and south of town the wind and hail did much damage to crops in the neighborhood of J. C. and W. A. Taylor and Elder Samuel Moore.

J. C. and W. A. Taylor had two tobacco barns partly blown down. Mr. W. A. Taylor came near being killed in the storm. He was knocked off of his horse senseless by the falling of a tree top. He was bruised up badly.

WEDNESDAY, JUNE 1, 1898.

Col. Carr's Speech.

Upon being selected temporary chairman of the Democratic State convention at Raleigh, Col. J. S. Carr delivered the following beautiful speech:

Fellow Democrats; I greet you. I am deeply sensible of the very handsome honor which my distinguished friend, Hon. Clement Manly, the very worthy chairman of the State Democratic Executive Committee, has conferred upon me in naming me as temporary chairman of this honorable body. I am greatly pleased to serve the great Democratic party in any capacity, and oh, my countrymen, how delighted I am to lead the van, when patriotic and devoted Democrats such as surround me today are willing to follow. How happy I am to stand even temporarily as the exponent of the party who has stood as a pillar of cloud by day and a pillar of fire by night by the best interests of North Carolina.

May, like the white plume of Henry Navarre, be it a signal of victory.

Being as you are, fellow Democrats, of the people—coming as you do, fresh from the people, animated only with purposes and resolves, that promote the best interest of all the people, I bespeak for the deliberations of this convention your wisest, patriotic and most patient consideration. Here and now is not the time for hurry, or personal ambitions; the lives, fortunes, welfares, and future happiness of 1,700,000 Carolinians are your trust this day; therefore, be patriots, quiet yourselves like true men, and may the God of truth and right endow you with ability to discharge your duty, faithfully, honestly and fearlessly.

Whatever proposition characterized with honor that will vouchsafe the return of harmony, happiness, peace and prosperity to dear distracted and dishonored North Carolina, that may be submitted to the deliberations of this convention, standing foursquare upon the great fundamentals of Democracy, may Heaven give you strength to "hew to the line—let the chips fall where they may."

Might I have the ear of the Democratic party—I would beseech you to resolve this day—to know no foe within the Democratic fold. Be it your concern to give combat only to our common enemy. Bury your enmities—despise and reject your suspicions—compromise your differences and forget your dislikes.

Let not Democrats strike Democrats. But strike for your altars and your fires, strike for the green graves of your sires, for North Carolina and the Democratic party.

Let each one resolve this day, that our first and highest duty, shall be to North Carolina, that victory shall not fail the Democratic party in this contest for the lack of any effort or sacrifice on our part.

Here, today, let's draw our swords, flinging away the scabbards and swear upon the naked steel that we will win this fight for North Carolina, and the Democratic party, or be borne from the field dead upon our shields.

Sunday afternoon two negro tramps outraged and murdered Emma Hartsell, a 14 year old white girl, near Concord. The negroes were caught and taken to jail at Concord. That night a mob of infuriated citizens attacked the jail, took out the brutes and lynched them, leaving the bodies hanging to the limb from which they swung. The negroes confessed the crime. While lynchings are to be deplored the brutes received no more than they deserved.

Womankind.

Every mother of a pretty girl is a board of strategy.

A woman never becomes so rich that she can resist the temptation to wear calico shirt waists.

When the woman prays "Lead us not into temptation," they mean dry-goods stores.

A woman never knows what it is to love until she has a daughter over fifteen years old.

When a widow begins to leave off mourning, the person whose opinion she fears worst is her mother-in-law.

An Atchison man claims that his wife belongs to the Red Cross Society because she often gets red with anger and is then cross for weeks.

With the coming of the shirt waists the uneasy look on a girl's face, as if something might be coming off, has made its reappearance.

Along about 9 o'clock every night the girls look up at the clock, remark that it is probably too late for any one to come, and take off their stiff shirt-waist collars.—Atchison Globe.

To Populist Friends

Every Populist who wishes to relieve the State of the present disgraceful government has an opportunity now to do so and maintain his self-respect. The Democratic convention exhibited the highest respect for and confidence in all such when it refused to dicker with the Russell-Butler committee as if these men could trade in and on the Populists like so many sheep. The Democrats prefer to deal with, as it appeals to, every self-respecting Populist as a free citizen, capable of understanding and acting for himself. To all such the party has submitted a platform which appeals to the conscience, the manhood, and the intelligence of every honest Populist. There is every pledge of good government by the honest men, and every condemnation of the mischievous and destructive policies inaugurated by the party in power to the injury as well as disgust of all right-minded men. This Democratic platform adopted by the best citizenship of the State, is presented to our Populist friends in good faith. As good citizens, desiring equally with ourselves, only just and good government, they are asked to consider it calmly, and we can assure each and every one of them they will find their Democratic neighbors

and friends more than willing to meet them and unite in carrying into effect the pledges therein set forth. We are all neighbors, actuated by the same impulses, desirous of the same results. The Democrats will not buy them, nor attempt to buy them, through self-appointed agents, who not only misled them before, but who only desire to mislead or trade upon them now for their own selfish ends. Our party prefers to talk with and agree with each individual citizen for himself, so that as good citizens and good neighbors, reaching a common understanding, all can unite for a common purpose and the common good of all. With such co-operation as this, Russell-Butlerism is dead.—Raleigh Post.

A citizen of Leavenworth, Kan., swore in Court the other day that his wife would not cook for him and the wife swore that he never brought her anything to cook. The Court, lacking the full measure of Solomon's wisdom, was unable to solve the problem.

Neuralgia,

Neuralgia,

Neuralgia,

Several years ago I was a severe sufferer from chronic Neuralgia, which made me feel wretched and miserable all the time. Sometimes it was in my head, sometimes in my shoulder, but it seemed to settle mostly in my left side. Around the region of my heart seemed to be affected so much, that it made me anxious and weary. I had a friend who thought there was nothing that Mrs. Joe Person's Remedy would not cure, and she persuaded me to use a dozen bottles. I did so, and it made a perfect cure of me.

The Platform Adopted.

The Democratic party of North Carolina, in convention assembled in Raleigh, N. C., on this day, May 26, 1898, do hereby approve, endorse and ratify the last Democratic National and State platform and pledge our earnest support to the principle therein expressed.

We denounce the Republican party for the passage of the Dingley tariff bill, which has increased the burdens of taxation upon the consumers and given the trusts and monopolists greater power to rob the people.

Believing that under our present methods of Federal taxation that more than three quarters of our National revenues are paid by people owning less than one-quarter of the property of the country, we protest against such inequality and injustice, and in order to remedy to some extent this great wrong, we favor an income tax, and favor all constitutional methods to sustain it.

We denounce the Republican party for the defeat of the Teller resolutions declaring our National bonds payable in silver as well as gold, and denounce it for its determined purpose of more thoroughly fastening the single gold standard upon our people, and for its avowed hostility to the free and unlimited coinage of silver, as well as gold, at the ratio of 16 to 1, into full legal tender money.

We denounce the Republican party for its determination to issue bonds at this time, and we denounce the Republican war tax bill which lately passed the House of Representatives as unjust and unequal in its burdens, unnecessary and vexatious, and we demand the silver seignorage be coined, that an income tax be

levied; and that the Secretary of the Treasury be authorized to issue the necessary amount of full legal tender greenbacks, or United States Treasury notes, in order to meet the expensive of the war with Spain and to supply the revenue deficit under the Dingley bill.

While we deplore the war with Spain, we pledge our earnest support to the Government in all honorable ways to effect a speedy and successful conclusion of hostilities.

We denounce the scandal, extravagance, incompetency and corruption of the present Republican State administration.

We denounce all enactments of the last two Legislatures by which cities and towns in the State have been turned over to negro domination, and we pledge ourselves to enact such laws as will give security and protection to the property and people of every town and community in the State.

We denounce the placing of negroes on committee to supervise white school and we pledge ourselves, if restored to power, to enact such legislation as will make this impossible.

We denounce all legislation enacted by the Legislature of 1895 and 1897 for carrying out the base and partisan designs of the Republican party.

We denounce the placing of ignorant, irresponsible and corrupt men in office.

We oppose the removal by corporations on suit or cases from our State to the Federal courts, and favor legislation to prevent it.

We favor fair and just election laws.

We favor a government of the people, by the people and for the people—economy in expenditure, the abolition of unnecessary offices, decency in administration, constant improvement of our educational system, charity to the unfortunate, and rule by the white men of the State.

We favor the extension of the powers of the Railroad Commission, and a close scrutiny into affairs in order to ascertain, establish and maintain such rates as shall be fair and just to the people and to the transportation and transmission corporations.

We condemn free passes. We favor the enactment of such legislation as will encourage capital to make investments within our State, and guarantee that the same shall be justly protected.

We favor a union of the silver forces of the country in the Congressional elections, and cordially invite all voters, without regard to past political affiliations, to unite with us in supporting our candidates for Congress who favor the free coinage of silver, thus giving practical force and effect to the recommendation of our Democratic National chairman, Hon. James K. Jones, and to the Congressional committee.

We admire and recommend without stint the great and gallant fight made by Gen. William J. Bryan in the last National campaign for the success of our party and the principles of our platform.

We call attention to the wise economical, honest and honorable administration of the affairs of our State for twenty years prior to the present Republican administration, and promise the people a return of wise, honest, economical and honorable administration, under Democratic success. We call upon every believer in honor, honesty and economy, upon every advocate of white supremacy upon every advocate of equal and just taxation, upon every advocate of the income tax and opponent of plundering tariff taxation, upon every advocate of the restoration of silver, and opponent of the single gold standard, and the present issue of bonds, as threatened by the Republican party, upon every opponent of government by injunction, and advocate of the jurisdiction of State courts over cases arising in the State against corporations doing business therein, upon every lover of decency and good government and opponents of the prevailing conditions, to unite with us in our contest with the Republican party—the greatest enemy of our principles, and aid us in redeeming the Nation from the clutches of greed and injustice, and the State from the scandal and incompetence that now afflict it.

An Infallible Test

An infallible test to apply to the rumors of naval fights. If the Associated Press fathers them, they are apt to be correct, for that agency has first class facilities and is very careful about what it gives out. If the stock market sends out reports of big victories, don't nibble at the bait. If the government gets any good news, you may bet your bottom dollar it will not hold it back. It is only too glad to give it out.—Webster's Weekly.

Pearson Meeting.

At Tuesday morning service Mr. Pearson gave his audience another interesting Bible reading, his subject being "Working for God." He had asked all to bring their Bibles along with them and when a showing of hands was called for he scored the Christians especially because more of them did not have their Bibles along. Still there were a number of Bibles in the audience and several having them took part in the service by reading verses selected by Mr. Pearson and which he interspersed with explanation and illustration as to how Christians can be best qualified to work for the saving of souls and lead people to Christ.

At night there was a great congregation present and they entered heartily in the song and prayer service that preceded the sermon. Mr. Pearson took as his text John 3:7 "Marvel not that I said unto thee, ye must be born again." His subject was "Regeneration" and after brief preliminary remarks he asked three questions: "What is Regeneration?" "Why must I be Regenerated?" "How can I be Regenerated?" He argued each of these questions at length, making them so plain that all could understand. Regeneration is being born again, born from above, born of the Spirit. It is re-creation, God re-creates us by giving us a change of heart. We must be regenerated because we are not fit to dwell in heaven without it, we cannot see the kingdom of God without it, it is God's way of salvation, we must partake of His nature. There are three things by which we are regenerated—means, instrument and agent. The means is the Word, the instrument is faith, the agent is the Holy Ghost.

It was a grand sermon through and through and Mr. Pearson held the closest attention of the large congregation.

Evangelist Pearson will preach tonight on "The Worth of a Soul." An important subject. Go out to hear him.
