LOCAL NOTES AND TOBACCO JOTTINGS.

BY O. L. JOYNER.

The tobacco crop from the best information to be had is not up to an average but in some sections it is remarkably well.

It is generally conceded that the year 1890 was the best all round crop year that we have had in many years and knowing that the rain fall has a good deal to do with the development of crops I wrote the weather bureau and have the report of the rain fall for the last ten years. By comparing the rain fall by month I find that to May this compares more nearly with 1890 than any years in that period.

When two or three years ago the terrible hail storm visited this section damaging and in some places almost ruining crops numbers of our farmers were almost on the verge of cutting down and planting their tobacco land in corn.

The writer himself saw several crops that looked soon after the hail that they would not be worth the cost of setting out the tobacco. I saw the crop of Mrs. Nannie E. Anderson one mile from town the evening of the hail and it was so badly torn to pieces that

it looked completely destroyed. This field of tobacco is now one of the prettiest that I have seen in the county and unless a critical observation is made one would not notice that it had even been attacked by hail. Tobacco is a crop that will stand a good deal of hardship and there is more come out in it than any crop we plant.

As a matter of course, if hail should strike a crop of tobacco at the topping stage it would run it but when it is young it will stand a great deal and then make a good crop.

The Greenville tobacco market is moving forward at a rapid gate. We have already three modern equipped steam plants. The fourth for M. P. Jordan & Co is now rapidly nearing completion and Strause Bros. are preparing to build one themselves that will be in every way a modern factory. It will be 50 feet by 150 with steam and other attachments. In addition to those there are several prize houses for reordering by natural seasons. Greenville will be tully prepared this season to handle all the tobacco that all five warehouses can induce to come this way.

ORIGINAL OBSERVAIONS.

Made by the Orange Va Observer

The seedy man is not always a farmer.

Love is blind, but matrimony is the great eye-opener.

It is not always safe for a man to follow his own knows.

Every man thinks you are mean if you don't go his way.

It makes the sailor happy to see a light-house—'tis not so with the actor.

Some people talk incessantly all their lives and yet never say anything.

Many people wear the cloak of religion because it doesn't cost them anything.

The mitten of a pretty Orange girl can knock out more men than the gloves of Fitzsimmons.

The Spanish say they give no quarter in Cuba. We doubt if they are able to give a dime.

It is much easier to seek glory in your own mouth than in the cannon's mouth—also much safer.

Its a poor mother who is not a good board of strategy when it comes to getting her daughters married off.

No man can count the number of schooners—of beer—which have been sunk in honor of Lieut. Hobson's during act in sinking the Merrimac in the harbor of Santiago.

WAR JOKES FOR SALE.

A Large and Select Assortment That Can be Had Cheap.

We have on hand a select assortment of war gags, which we are willing to dispose of at ridiculously low figures. Read over the following catalogue and judge for yourselves:

One—Congressional library was shut up for fear the magazines would blow up. Joke—screamingly funny. Original price \$25. Our price 3 cents.

Two—Wind blew up the river. Indescribably amusing. A little frayed on the edges, but otherwise in good condition. Others charges \$56. Our price 7 cents.

Three—One of our iron vessels went down with all hands on board. It was the Holland. Terribly fascinating. With explanatory footnotes for folks that do not see things till next morning. Rather shop-worn, but good as new. Publishers' price \$4. Our price 5 cents.

Four—Fleet of Spanish mackerel coming up the bay. Transcendantly idiotic. Rather dilapidated. Others charge bayonets. Our prices \$1000. Our price 5 cents.

Five—Caught a Spanish spy in the Continental hotel in the act of blowing up the speaking tube. Awfully exhilarating. With gilt top and decked edge cover. Original price \$26. Our price 15 cents.

Six—Cathartides, or Spanish fly witticisms, in select lots and tract form. For gratuitous distribution.

Seven—Chinese steamer chased American cruiser to get in its wash. Quite new. Only one more copy left. "No tickie no shirtee" design on cover. Publishers' price \$17. Our price same.

Eight—The Spanish navy is at Cadiz—is at Cape Verd—is at Porto Rico—is coming—was last seen off Newfoundland—is chasing itself around Cape Horn. Exquisitely eccentric—the best joke of the season. Entirely new. Just out. Original price \$10. Ten per cent. and 5 per cent. off for spot cash.—Judge.

Doctor—Well, Pat, have you taken that box of pills I sent you?

Pat—Yes, sur, be jabbers, I have. But I don't feel any better. Maybe the lid hasn't come off yet.—Boston Traveler.

The Work of the Vesuvius

The most important development of the past week in connection with the present war consists of the deadly work accomplished by the pneumatic guns of the Vesuvius in demolishing with only three charges the principal fortification on the western side of Santiago harbor.

Until the success of the Vesuvius in experimenting with these improved instruments of death, naval officers were disposed to feel that they were more or less uncertain. This explains why it is that the Vesuvius has not been much in evidence until the present time. In the projectiles used by the Vesuvius in its death work there are charges of gun-cotton ranging from 100 to 500 pounds; and the fear which naval officers have felt is that these projectiles might explode before leaving the guns. But there is no longer any cause for apprehension on this score since the Vesuvius has acquitted herself with such credit.

To illustrate the difference in destructive forces between the guns of the Vesuvius and the guns of any ordinary battleship, the guns of the latter might carry on their work for some time without demolishing the objects at which their projectiles were aimed, while the guns of the former produce almost instant death and destruction, leaving nothing behind but pulp and ashes. This is the tragic story written in the three shots fired by the Vesuvius last week. If one single Spaniard escaped it was by some marvelous intervention.

Thus it is that the Vesuvius takes its place not only as one of the deadliest members of our American fleet, but as one of the most destructive engines of modern warfare.—Atlanta Constitution.

The Hopelessness of the Situation.

But when San Juan or Santiago is reduced the moment may come when Spain will ask herself what is the use of going on. Already, we read, there are newspapers in Spain calling for peace. The absolute hopelessness of the struggle has been brought home to them. The distress of the population, the pick of whose young men are being wasted in a war in which success cannot be looked for, cries aloud for a cessation of the contest. But until the loss of a prominent or vital position in the Antilles is recorded, Ministers at Madrid can hardly be expected to sue for peace. And they will no sue in vain if they resolve to abandon the West India colonies, which have for years been a heavy drain on the Spanish treasury, even if they have enriched a certain number of Captain Generals. In about a week or more Admiral Dewey will be in a position to begin the reduction of Manila, and once American blood is spilled in the Philippines the control of that group will have passed from Spain forevermore. Therefore, when the impending blow has been struck in the West Indies Spain will have a good excuse for asking for terms. And in the interest of the world it is to be hoped that she will not be slow to take advantage of the day of grace.—London Chronicle

Stamps Abolished.

Postmaster-General Smith has decided to dispense with newspaper stamps and require publishers to pay cash for the mailing of papers. The old rule that has obtained for years, and given entire satisfaction will be abolished July 1st. Postmasters, however, say that the new paper stamp was a nuisance and that the new law will rid them of a large amount of extra worry and work.—Staunton Record.

A Court in New York city ordered Captain Robert L. Merri-man, of the ship T. H. Allen, to pay Ludwig Fisher, his second mate \$550 for assaulting the latter at sea.

What do you eat?

Dogs.—Pittsburg Chronicle.

Alas! exclaimed the cycle girl, I shall be thrown upon my own resources.

In order to understand the situation it must be known that her face was her fortune.

However, her apprehensions were groundless, for she fell upon the back of her head.—Bicycle World.

STRANGE, 'TIS PASSING STRANGE.

That All Who Suffer Do Not Use

MRS. JOE PERSON'S REMEDY.

HOPEWELL, MECKLENBURG CO N. C. December 1st, 1896.

Last June I was suffering terribly from some bladder trouble which was so severe and extreme that the physicians said an operation would have to be performed and the stone crushed. I dreaded it so much and had so much faith in Mrs Joe Person's Wash that I determined to try it first and see what it would do. I applied it three times a day and in thirty six hours the inflammation subsided, the swelling and enlargement was reduced and the stone passed without any trouble. The stone was large and no one can know except those who have so suffered what it was. I do not believe I could have stood an operation and believe I would died had it not been for Mrs. Joe Person's Wash. If anyone is suffering from this bladder trouble let them try it. My pain would be so great I would have to be put in a tub of hot water to relieve those terrible paroxysms of pain. It made a perfect cure of me. Oh, that everyone could realize what a medicine is within reach and try it, how much suffering would be relieved. Mrs. Person herself does not say as much for her Remedy as it deserves.

Wearing Glasses.

The care of the eyes is perhaps
one of the most imperfectly under-
stood of any of our daily duties.
More ills arise from their misuse
than the public generally appreciate.
Epilepsy is a frequent result
of eye strain, and a careful and in-
telligent observation will convince
most people that more headaches
come from abuse of the eyes than
from any other cause. Probably
one-sixth of the adult population of
this country would be benefited by
the use of glasses, at least during
their working hours. They tire
quickly, have headaches, the diges-
tive apparatus is completely upset,
there are pain in the back and a gen-
eral feeling of dizziness and nausea,
and the true cause is never suspected.
The patient is bilious or nervous;
has indigestion or liver complai-
nt. The evil is attributed to
everything but the proper cause.
Fit the person to good glasses and
the difficulty vanishes almost as if
by magic.—New York Ledger.

Unknown Genius.

Warren's hall in Freeport, Me.,
has a drop curtain which was painted
by an unknown tramp. When
the hall was being built, a tramp
applied to the proprietor for some-
thing to eat, and was set to do some
painting to pay for it. The owner
wanted some fancy decorating done,
and the tramp was allowed to try
his hand at it, and succeeded so well
that his work was accepted and now
remains as a testimony of the skill
of an unknown wandering genius.—

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—
