Mr. McBride Holt Says:

Graham, N. C. July 16, '97.
Oneida Cotton Mills:

About two and a half years ago my little boy about four years, and my little girl about two years, each had an enlargement of the glands about the ears. The trouble appearing on each about the same time, I was inclined to think it mumps, but soon observing to the contrary, I called in the doctor, who said the trouble came from colds, prescribing accordingly, yet swelling continued to grow, until each had to hold for the lance, the little boy having been lanced in three places, and at three times, his face at times, looking alarming. The nature of the trouble was termed one thing by one and another thing by another. This however, did not concern me, as I was looking for a cure, and Mrs. Joe Person's Remedy having been called to my attention so favorably, I dropped the treatment from the doctor and commenced to use Mrs. Joe Person's Remedy. To say that the results obtained have been satisfactory is putting it in mild terms, the children, and especially the little boy being entirely well, yet wearing the scars that will ever keep fresh in my memory the merits of Mrs. Joe Person's Remedy.

SWEET PEACE.

War Has Come to an End.

On Friday evening the final steps were taken to bring about a state of peace between the United States and Spain. In Washington the official representatives of both governments affixed their seals to the protocol, the French Ambassador having full authority to act for Spain. Below are the conditions set forth in this document and the proceedings which followed:

1. That Spain will relinquish all claim of sovereignty over and title to Cuba.

2. That Porto Rico and other Spanish islands in the West Indies and an island in the Landrones, to be selected by the United States, shall be ceded to the latter.

3. That the United States will occupy and hold the city, bay and harbor of Manila, pending the conclusion of a treaty of peace, which shall determine the control, disposition and government of the Philippines.

4. That Cuba, Porto Rico and other Spanish islands in the West Indies shall be immediately evacuated and that commissioners to be appointed within ten days, shall, within thirty days from the signing of the protocol, meet at Havana and San Juan, respectively, to arrange and execute the details of the evacuation.

5. That the United States and Spain will each appoint not more than five commissioners to negotiate and conclude a treaty of peace. The commissioners are to meet at Paris not later than the 1st of October.

6. On the signing of the protocol, hostilities will be suspended and notice to that effect will be given as soon as possible by each government to the commanders of its military and naval forces.

ORDER TO CEASE HOSTILITIES.

As soon as the peace protocol was signed the President sent for Secretaries Alger and Long and General Corbin and by his direction orders to cease hostilities forthwith were sent to Generals Miles, Merritt and Shafter, to Admirals Dewey and Sampson and military commanders generally.

The order sent to General Merritt to suspend hostilities was as follows:

"Adjutant General's Office,
Washington, August 12.

"Merritt, Manila:

"The president directs all military operations against the enemy be suspended. Peace negotiations are nearing completion, a protocol having just been signed by representatives of the two countries. You will inform the commanders of the Spanish forces in the Philippines of these instructions. Further orders will follow. Acknowledge receipt.

"By order of the secretary of war:

"H. C. CORBIN,
Adjutant General."

The order sent to Generals Miles and Shafter were identical with the above save as to names.

As the order states, further instructions will be sent to each General. General Merritt will be directed to confer with the Spanish commandant at Manila to carry out the terms of the protocol and to occupy Manila immediately. General Miles will put himself in communication with the chief authorities in Porto Rico for the purpose of having the Spanish forces turn over San Juan and other points to him preparatory to evacuation. Owing to conditions in Cuba the orders to General Shafter, to be sent hereafter, will be much different from those to other General.

The President has issued the following proclamation:

By the President of the United States of America:

A PROCLAMATION.

Whereas, By the protocol concluded and signed August 12, 1898, by William E. Day, Secretary of State of the United States, and his excellency, Jules Cambon, ambassador extraordinary and plenipotentiary of the republic of France at Washington, respectively representing for this purpose the government of the United States and the government of Spain, the United States and Spain have formally agreed upon the terms on which negotiations for the establishment of peace between the two countries shall be undertaken; and

Whereas, It is in said protocol, agreed that upon its conclusion and signature hostilities between the two countries shall be suspended, and that no time to that effect shall be given as soon as possible by each government to the commanders of its military and naval forces:

Now, Therefore, I, William McKinley, President of the United States, do, in accordance with the stipulation of the protocol, declare and proclaim on the part of the United States a suspension of hostilities, and do hereby command that orders be immediately given through the proper channels to the commanders of the military and naval forces of the United States to abstain from all acts inconsistent with this proclamation.

In witness Whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this 12th day of August, in the year of our Lord One Thousand and Eight Hundred and Ninety-eight, and of the Independence of the United States the One Hundred and Twenty-third.

WILLIAM MCKINLEY

By the President.

WILLIAM R. DAY,
Secretary of State.

A copy of the proclamation was cabled to our army and navy commanders. Spain cabled her commanders like instructions.

THE BLOCKADE RAISED.

In accordance with the proclamation issued by the president suspending hostilities orders were issued to the naval commanders at the several stations in the United States, Cuba and the Philippines carrying into effect the directions of the proclamation. The navy department not only transmitted the president's proclamation in full to the several commanders in-chief, but also directions as to the disposition of their vessels as follows:

"Navy Department,
Washington, August 12

"Sampson, Santiago:

"Suspend all hostilities. Blockade of Cuba and Porto Rico is raised. Howell ordered to assemble vessels at Key West. Proceed with New York, Brooklyn, Indiana, Oregon, Iowa and Massachusetts to Tompkinsville. Place monitors in safe harbor in Porto Rico. Watson transfers his flag to the Newark and will remain at Guantanamo. Assemble all cruisers in safe harbors. Order marines north in the Resolute.

"ALLEN,

"Acting Secretary."

"Navy Department,
Washington, August 12.

"Romey, Key West:

"In accordance with the president's proclamation telegraphed you, suspend immediately all hostilities. Commence withdrawal of vessels from blockade. Order blockading vessels in Cuban waters to assemble at Key West.

"ALLEN,

"Acting Secretary."

DEMOCRATIC CONGRESSIONAL CONVENTION

A Convention of the Democratic party of the First Congressional District is hereby called to meet at Edenton, N. C., on August 30, 1898, at 8 P. M., for the purpose of nominating a candidate for Congress and to transact such other business as shall come before it. By order of the committee. W. B. RODMAN, Chairman

It is no uncommon thing now to hear men who formerly affiliated with the Populists saying that they have had enough of that party, that they see the leaders are simply working for places for themselves, and that hereafter they will vote with the Democrats. We heard men talking so on Saturday.

Unprecedented Wheat Yield

The Post says: "According to reports received by railroad companies and business men, the largest wheat crop in the history of the United States will be harvested within a fortnight. The winter wheat yield, which aggregates from \$75,000,000 to 400,000,000 bushels will be increased to the extent of nearly 350,000,000 from the spring wheat region. The 'bumper crop' of 1891 will be eclipsed this year by 100,000,000 bushels from present indications.

Reports received from members of the National Association of Merchants and Travelers, who are assembling here to attend the fall meeting, afford positive proof, it is declared, that a new era of prosperity is at hand throughout the great West. Railroad officials who have just come in from extended trips through the spring wheat and corn-growing States, make equally optimistic reports. State crop reports received today from Kansas and Michigan say: 'A bumper crop is here.' And the Pearson Taft Land Credit Company, which holds \$9,000,000 worth of farm mortgages in the West, has but \$17,000 worth of property under foreclosure.—Chicago Dispatch.

Funerals of Senators

The first time any part of a deceased Senator's funeral expenses was paid out of the public funds was on the occasion of the death of John Gaillard, of South Carolina, who died February 26, 1826. Two other Senators died that year—Nicholas Van Dyke, of Delaware, May 19, and Joseph McIlvaine, of New Jersey, August 19. The average public expense incurred on account of these three deaths was \$292.47.

Within the next 22 years—from 1826 to 1847, inclusive—27 Senators died, and the remains of 11 of them were interred at the government's expense. The average expenditure in those cases was \$618.80. From 1848 to 1867, inclusive, 28 Senators died, and 18 of them were buried by the Senate at an average expenditure of \$1,235.13. The record from 1869 to 1894 shows 30 deaths in the Senate, and all but five of these were the occasion of more or less outlay of public money, the aggregate amounting to \$68,849.96, an average of \$2,754.

In all up to 1894, there were 54 interments from and by the Senate, and the last 13 cost more, by \$4,139.82, than all of the other 41. The total amount of public moneys expended on account of senatorial funerals, up to 1894, is \$100,234.18, ranging from \$4.50 in one case to \$21,322.55 in another. The average is \$1,856.37.

From recent developments we are inclined to remark, there is no harder dose in the newspaper man's experience than to be asked to support for a county office a candidate who does not subscribe for his paper. The Messenger Gazette is not right certain that it is going to support any of that sort. If a man does not take his county paper it is for one or two reasons, either he is not able or he just does not want it. A candidate who cannot manage his financial affairs well enough to be able to take his county paper is not fit to be placed in charge of his county's affairs, if he does not want the paper and prefers some other, the New York World for example, of course he does not want his home paper's support. In either case the candidate who does not take his county paper is in a good way to get left.—Washington Messenger.

There are very many all over North Carolina whose hearts will go out in sincere sympathy to the Hon. Willis R. Williams, for so long a time the conscientious, honest "Old Senator from Pitt," upon hearing of the great sorrow which has just befallen him. The loving companion of his youth as well as old age, fell asleep last Saturday, and her gentle spirit returned to the God who gave it. May a merciful Father comfort our old friend.—Raleigh Post.

The Cost of the War

Washington, Aug. 13—Although the war with Spain lasted 114 days, it is estimated that it has cost the government so far \$150,000,000, of which \$98,000,000 has been actually paid out of the Treasury. The total charged to the War Department, is \$65,000,000; total charged to the Navy Department, \$32,700,000. The appropriations made by Congress on account of the war aggregated about \$360,000,000 and cover the time to January 1, 1899.

Craven is a large county and its farmers are much above the average intelligence and capacity to govern. They are particularly suited to dictate the best methods of working the public roads and to manage the business affairs of their portion of the county. Under the rule of the white man's party, the white farmers were entrusted with these duties and they were well performed.

How is it in Craven county now? The white farmers are under the heel of the negro. A meeting of the magistrates was held at Newbern on Saturday to transact business relating to the public roads. Out of 35 present 23 were negroes.

Public judgment will generally commend the long list of promotions in the navy recommended by Secretary Long and approved by the President. Criticism is heard on but one point—the thrusting of Sampson over the head of Schley in rank. But since both are nominated to be Rear Admirals the question of precedence becomes a mere matter of naval mathematics with which the people are not likely to concern themselves. There is no doubt in the popular mind, and there will be no obscurity in history, as to the identity of the real destroyer of Carver's squadron. War ships are not set on fire and sunk by orders of the day before, but by hurtling shot and shell; and it was Schley's good fortune to have the lanyards in hand on that momentous third of July.—Philadelphia Record.

The list of postoffices in the United States now includes Hobson, (Va.), Sigsbee, (Ark.) Dewey (N. C.) Sampson, (Fla.) and Manila, (Ky)

AT HOME.

Where burns the fireside brightest,
 Cheering the social breast?
 Where beats the fond heart lightest,
 It's humblest hopes possessed?
 Where is the hour of sadness,
 With meek-eyed patience borne,
 Worth more than those of gladness,
 Which mirth's gay cheeks adorn?
 Pleasure is marked by fleetness,
 To those who ever roam;
 While grief itself has sweetness
 At home—sweet home.

TOILING IN DARKNESS.

This world is a quarry. We are toiling away in the darkness. We cannot see what good is ever to come out of our lonely, painful, obscure toil. Yet some day our quarry work will be manifested in the glory of heaven. We are preparing materials now and here for the temple of the great King, which in heaven is slowly rising through the ages. No noise of hammer or ax is heard in all that wondrous building, because the stones are all shaped and polished and made entirely ready for this world. We are the stones, and the world is God's quarry. The stones for the temple were cut out of the great rock in the dark underground cavern. They were rough and shapeless. Then they were dressed into form, and this required a great deal of cutting, hammering, and chiseling. Without this stern, sore work on the stones not one of them could ever have filled a place in the temple. At last, when they were ready, they were lifted out of the dark quarry and carried up to the mountain-top where the temple was rising, and were laid in their place. We are stones in the quarry as yet. When we accepted Christ we were cut from the great mass of rock. But we were yet rough and unshapely, not fit for heaven. Before we can be ready for our place in the heavenly temple we must be hewn and shaped. The hammer must do its work, breaking off the roughness. The chisel must be used, carving and polishing our lives into beauty. This work is done in the many processes of life. Every sinful thing, every fault in our character, is a rough place in the stone, which must be chiseled off. All the crooked lines must be straightened. Our lives must be cut and hewn until they conform to the perfect standard of divine truth.

Quarry work is not always pleasant. If stones had hearts and sensibilities they would sometimes cry out in sore pain as they feel the hammer strokes and the deep cutting of the chisel. Yet the workmen must not heed their cries and withdraw his hand or else they would at last be thrown aside as worthless blocks, never to be built into the place of honor. We are not stones; we have hearts and sensibilities, and we do cry out oftentimes as the hammer smites away the roughness of our character. But we must yield to the sore work and let it go on, or we shall never have our place as living stones in Christ's beautiful temple. We must not wince under the sharp chiseling of sorrow.—J. R. Miller.

Together.

I tell you, this here country—she's gittin' whar she'll do.
When the northern bands play "Dixie," an' the people cheer it, too!
We're mighty close together when they mix the music so,—
An' yet, we wuz divided some thirty year ago!

I tell you, this here country—jest take us, land an' sea—
Is 'bout as nigh united as the Lord 'ud have it be!
We're marchin' on together through summer time an' snow—
We that wuz divided some thirty year ago!

Together! That's the music that's virg'in' to the sky!
That's what the winds is singin' as they blow the blossoms by!
Together! Hear the bands play, an' all the bugles blow—
We that wuz divided some thirty year ago!

Together! Sing it—sing it! Send the music ripplin' long,
Till the whole world hears the echoes of the swellin' tide of song!
Till the whole world joins the chorus—bands! play, an' bugles! blow—
We that wuz divided some thirty year ago!
